Data extracted from Connections; these figures may not match those reported elsewhere for the same period if extracted on different dates due to data entry lag.

Notes

¹ This Pre-Dispositional Placement (PDP) report captures all Persons In Need of Supervision (PINS) with Initial (L300,06,97) and Extension (L300,06,98) PDP legal codes recorded in Connections during the reporting period. If a youth has at least one of these two codes during the period, he/she is included in the report. Please note that a single youth can have multiple PDP legal codes during a given reporting period. For unique youth counts see "Unique Youth Involved."

² Summing across the Initial and Extension categories under "Unique Youth Involved" may not result in 100%, as youth can have both Initial and Extension legal codes during the reporting period.

³ Youth's sex assigned at birth.

⁴ Youth's race and ethnicity. Connections provides two separate fields for race and ethnicity. For the purposes of this report, race and ethnicity are combined by giving ethnicity priority over race. All youth entered as Hispanic or Latino appear in the Hispanic category. The remaining youth are classified based on race. If multiple races are selected, youth are categorized by giving Black designations priority over all other designations, Native American/Alaskan designations priority over Asian/Pacific Islander and White designations, and Asian/Pacific Islander designations priority over White designations.
