Governor

SUZANNE MILES-GUSTAVE, ESQ.
Acting Commissioner

January 10, 2024

Dear Chief Executive Officer,

Thank you for submitting Allegany County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2023-2024. Your entire STSJP plan, including any amounts listed for PY 2023-2024 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2024, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2023, to September 30, 2024. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

NOTE: Cooperative Applications submitted jointly by two or more counties

Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- (a) Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
(b) Discuss what factors may be contributing to these high numbers:

According to this Department's records we have had 85 youth referrals from October 1, 2023 to September 25, 2023. There are 12 school districts that are predominately in Allegany County. Four of these districts provided sixty-six per cent (66%) of the youth referrals during this time period. They are: Wellsville Central School [14895] (22%); Bolivar-Richburg Central School [14715] (19%); Fillmore Central School [14735] (14%); and Cuba-Rushford Central School [14727] (11%). Two other school districts were at seven per cent each. They are Alfred-Almond Central [14808] and Friendship Central [14739]. So, these six school districts accounted for eighty per cent (80%) of the youth referrals between October 1, 2021 and July 6, 2022. This should be no surprise as these school districts have, according to 2019-20 BEDS data, seventy (70%) per cent of the total student population in Allegany County. Wellsville is the county's largest municipality and it also has the largest number of students in its school district. Thus, it is no surprise that this is where the largest number of referrals would come from. Bolivar is the fourth largest population center in Allegany County but it has historically produced the second most youth referrals in the county. Part of this reason is that there has been much drug use in that part of the county. Cuba is the third largest population center in the County. The Alfred-Almond school district contains Alfred University and SUNY-Alfred within in its district and even seven referred youth living within this school district is surprising. Also surprising is the higher number of referrals of youth living in the Fillmore district. Their school district is a large rural one with a population of its largest community just over six hundred (600) people. This higher number of referrals during the above time period appears to be an anomaly as there are usually not that many referrals

on youth living in the Fillmore CS District. Three youth who don't live in Allegany County were referred during the above time period.

2. Resources available at the following link can help you answer these questions:

<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth. For the placement admissions data, please add together county data from Tables 1b-Total OCFS Facility Admissions by Sex, Race/Ethnicity and Age, 6b-JD Foster Care Admissions by Sex, Race/Ethnicity and Age and 7b-PINS Post-Dispositional Foster Care Admissions by Sex, Race/Ethnicity and Age from [Annual Out of Home Placement Admissions Data Packet](#)

Race/Ethnicity	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Black/African American	138	2%	0	0%	0	0
White	8669	94%	3	100%	0	0
Native American/Alaskan	84	0%	0	0%		
Asian/Pacific Islander	115	1%	0	0%		
Hispanic	235	3%	0	0%	0	0

Sex Assigned at Birth	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Male	4774	52%	3	100%	0	0
Female	4403	48%	0	0%	0	0

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

According to demographic data from 2020, Allegany County's youth population was 94% White, 3% Hispanic, 2% Black, 1% Asian/Pacific, and <1% Native American. There appear to be no racial/ethnic disparities for detention or placement admissions. All youth admitted to detention in 2022 were male. The plan outlines programs which are believed to assist all youth, including a focus on males, from not entering detention or placement in the future.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Allegany County has a Single Point of Access (SPOA) Committee which reviews and collaborates on some of the youth who are involved with the juvenile justice system. A Sr. Probation Officer attends their meetings. The Juvenile Screening Team (JUST), which consists of members from the Allegany County Probation Department, the Department of Social Services, Catholic Charities of Buffalo, the Rehabilitating & Empowering Disadvantaged Youth (R.E.D.Y.) Agency, and the NYS Office of Mental Health meet weekly to discuss juvenile referrals to the Probation Department. Representatives from the Allegany County Youth Bureau, the Allegany Council on Alcohol & Substance Abuse, the Allegany County Probation Department, the Allegany County Administrator, the New York State Police, and community members are part of the Allegany County Youth Court Advisory Board. Staff from the Allegany County Probation Department, Allegany County DSS, and the Allegany County Youth Bureau are a part of the Western Region Rural Youth Justice Team (RYJT) and they attend the quarterly meetings. In addition, often times,

discussions are had between referring entities (parents, police agencies, and schools) before a Juvenile Delinquency or PINS referral is made to the Probation Department. Probation Officers tasked with supervising youth maintain regular contact with guardians/parents, schools, and service providers during the duration of the supervision period. Also, a probation officer will communicate with personnel at a non-secure or secure detention facility if there is a youth under our supervision there.

2. Is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

It is unknown what barriers might be present since we currently don't have a mechanism in which to gather feedback. The plan will be to develop a short survey to provide to youths and their families as well as to schools (if the referring entity) after their involvement with the department concludes. This information will hopefully provide some insight into what we are doing positively and what do we need to improve.

3. Was community feedback in low opportunity ZIP codes sought as part of the STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

The Allegany County Probation Department had planned to develop an instrument in 2022 to use with schools, police agencies, and service providers which would provide us feedback on our PINS Reform and Electronic Monitoring Programs. We also had planned to develop a separate instrument which would help us gauge how well the MST and R.E.D.Y. programs were received by youth and families. These instruments haven't been developed yet so formal community feedback hasn't been implemented.

C. Cooperative Application *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county:

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes. (If yes, please provide their contact details below.)

No. (If no, skip to Q.4.)

Phone: ()

Ext:

Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for jointly funded programs, as well as the names and email addresses of the fiscal officers responsible for jointly funded programs:

The Allegany County Probation Department's PINS Reform Diversion Program provides services to high risk youth who are exhibiting behavioral issues in the community, at home, or in a school setting. We have also targeted youth with truancy problems as it seems they are in need of concentrated services to get their attendance to improve. We have also identified youth who have low protective factors as over-rides into the PINS Reform Program. The PINS Reform Program is a collaboration with Allegany County DSS. The Probation Officers provide direct services to the youth through one-on-one meetings, allowing the PO to address any ongoing issues. The assigned DSS Caseworker makes referrals for services such as mental health evaluations and/or treatment; alcohol & drug evaluations and/or treatment; SPOA referrals; MST services; Rehabilitating and Empowering Disadvantaged Youth (R.E.D.Y.) services, and other services as needed. The Officers providing the diversion supervision duties attend the weekly Juvenile Screening Team (JUST) meetings. These meetings also involve mental health practitioners, DSS case workers, and licensed mental health therapist. Cases are discussed to get input from everyone in an effort to find the best services in assisting the youth to recover from their problematic behaviors. The PINS Reform Diversion Program has two primary goals: to prevent youth from having a PINS petition filed on them and; to help the youth return to improved behaviors.

This program provides limited movements for the youth so the youth can attend school, counseling sessions, court appearances, and medical appointments. All of these outings have to be pre-scheduled with a probation officer and permission for a youth to leave his/her home has to be given by the probation officer. This scheduling is designed to reduce the rate of impulsive actions of the youth. It provides them structure and enables the youth to realize the importance of making good choices and having to think before taking an action. This is an effective alternative to placing youth in a foster home or a residential facility as a disposition. The funds we are requesting for 2023-2024 will help defer the EHM costs from the juvenile's family.</p>

Goals should reflect high, yet realistic, expectations for the programs.
