KATHY HOCHUL  
Governor

SUZANNE MILES-GUSTAVE, ESQ.  
Acting Commissioner

February 14, 2023

Dear Chief Executive Officer,

Thank you for submitting Broom County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2022-2023. Your entire STSJP plan, including any amounts listed for PY 2022-2023 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2023, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2022 to September 30, 2023. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

A handwritten signature in black ink, appearing to read 'Nina Aledort', with a long horizontal flourish extending to the right.

**NOTE: Cooperative Applications submitted jointly by two or more counties**

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

**PART I – MUNICIPALITY LEVEL DETAILS****A. Municipality Level Analysis**

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
  - Discuss what factors may be contributing to these high numbers:
    - Broome County is located in the Southern Tier of New York covering apx. 716 square miles; it consists of a mix of urban, suburban and rural areas. Broome County's population was reported as 200,600 in the 2010 census and has declined every year since then. The Census Bureau estimates the 2019 population at 190,488; 2020 Census data is not yet available (expected in 2023). The major urban centers of Broome County are Binghamton (pop. 44,399), Johnson City (pop. 14,161) and Endicott (pop. 12,532). The zip codes most prevalent in the Juvenile Justice Population in Broome County are Binghamton (13901, 13905), Johnson City (13790) and Endicott (13790).
    - Crime rates for both juveniles and adults are higher in these urban centers than in the rest of the County. Binghamton's crime rates are both higher than the national averages. Broome County has a poverty rate of 17.8% overall, compared to New York's overall rate of 13.1%, making it the 5th most poverty stricken county in the State. In Broome County, 24.7% of children aged 17 and under live in poverty. The rate of disability (based on the number of individuals receiving SSI) in Broome County is significantly higher than both state and national averages; concentration of SSI recipients in the indicated zip codes is higher than in the rest of the County. The population of these zip codes are often transient and move between these zip codes changing school districts as they do. All of these factors combine to produce a juvenile population in these areas that face uncertainty and instability. On a daily basis, youth and families from these zip codes experience instability and uncertainty. The population of these urban areas deal with issues such as housing instability, high crime rates, poverty, hunger, no or under employment, substandard housing, gang activity, lack of transportation and lack of services. This year, housing instability and homelessness are of particular concern. Homelessness has risen drastically in the past year and the availability of

safe, low-income housing is virtually non-existent. Youth from these areas are impacted by a lack of a sense of insecurity in their everyday lives and fear that basic needs are not going to be met. These youth often lack familial & community stability and positive role models.

2. Resources available at the following link can help you answer these questions:

<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan. For the Placement Admissions data, please add together county data from Tables 1b, 6b, and 7b of the Annual Out of Home Placement Admissions Data Packet.)

Race/Ethnicity	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	3,808	10%	16	42%	5	41.67%
White	27,926	77%	11	29%	2	16.67%
Native American/Alaskan	84	---	---	---		
Asian/Pacific Islander	1,499	4%	---	---		
Hispanic	2,967	8%	9	24%	3	25%

Sex Assigned at Birth	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	18,785	52%	26	68%	9	75%
Female	17,499	48%	12	32%	3	25%

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

Please note: 2 youth admitted to placement are listed as "unknown" in the race/ethnicity category representing 16.67% of placement admits. With placement admission numbers as low as listed above, the "unknowns" could sway disparity significantly.\*

Significant racial and gender disparities are noted between male and female youth and Black and White youth involved in juvenile justice related detention and foster care placement, especially when compared with Broome County's overall foster care placement numbers (Male 47% & Female 53%; 36% Black & 51% White). In addition, last plan year there was not a disparity with regard to Hispanic youth, but this year there is a significant disparity (18% overall foster care placement). Overall, disparities have widened in the past year.

The program will track zip codes prior to a youth's involvement with juvenile justice. They will track gender at birth, race and ethnicity for all participating youth.

The program will prioritize youth at greatest risk of repeated system contact, detention, placement, and re-offense, namely Black males, and will insure all services are provided in a culturally sensitive, strength based and trauma informed manner.

The disparity of youth referred to the program is expected to be in line with the disparity that exists throughout Broome County's Juvenile Justice System.

**B. Local Collaboration**

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Broome County DSS collaborated with Probation, Detention, Diversion, service providers and, heavily, with the Family Court.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Currently, Broome County gathers participant youth and family feedback through informal contacts with the same. Broome County DSS and our STSJP contractor have begun developing a feedback tool to be used with all youth and families served.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanisms during PY 2022-2023.

Our new program was not up and running until April 2022 and spent much of the plan year, administratively, working through various processes. We will focus on obtaining and incorporating feedback into the program and in our next planning cycle.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback);

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2022-2023).

Our new program was not up and running until April 2022 and spent much of the remaining plan year, administratively, working through various processes & issues. We will focus on gathering feedback from our participants and other stakeholders in the identified high need zip codes and incorporating that feedback into the program this year. In addition to more formal feedback gathering from consumers, Broome County will begin the planning process earlier next year and will invite multiple representatives from the identified zip codes - including youth, families, community members, law enforcement, schools, and youth development programs and will use that feedback to inform programming and funding decisions.

**C. Cooperative Application (Complete this section only if this is a joint application.)**

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes. (If Yes, please provide their contact details below.)

No. (If No, skip to Q.4.)

Officer's Name:

Title:

Phone: ( )

Ext:

Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

<p>3. Please list the ZIP codes this program will target: 13901, 13905, 13790, 13760</p>																						
<p>4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the <i>STSJP Annual Plan Development Guide</i> for additional guidance.)</p> <p style="padding-left: 40px;">The program places a greater focus on involving family/natural resources and the community in addressing the unique needs of each youth serviced under the contract. Program staff are required to have frequent, in-person meetings with the youth and his/her natural supports in the family home and in the community. The program develops a case plan for each youth referred in order to meet his/her immediate and future needs and is expected to become experts on the services and supports available in each youth's community. The program provides transportation as is needed for appointments, court hearings, etc. The program maintains regular and frequent contact with the Probation Department, the Court and the Department of Social Services. For youth tracked as Alternative to Placement, the youth and family will have access to program staff 24 hours a day in order to address urgent or emergent situations.</p>																						

For youth in the Early Intervention track, services will remain in place until risk of Juvenile Justice involvement has reduced, but no longer than 6 months. Youth and families will be assessed to determine if other, community-based, supports are appropriate and will be connected with those supports prior to program discharge. Early Intervention services may be used for PINS-Diversion and Differential Response youth.

For youth in the Alternative to Detention track, services will remain in place until the youth's case has been completed in family court. Youth leaving the program after ATD will have appropriate supports, services and referrals in place.

For youth in the Alternative to Placement track, services will remain in place for the duration of the youth's probation/court order. Youth leaving the program after ATP will have all necessary and appropriate services and supports in place prior to discharge.

For Youth in the Reentry/Aftercare track, the program will work in tandem with other aftercare providers to support the youth's successful reunification with family or independent living needs. The program will also be used to reduce a youth's length of stay in out of home placement. Program staff will assess needs and assist with establishing the youth with local medical/mental health/developmental service providers, reintegration into the youth's natural school environment or vocational training. Depending on the youth's age, the program may focus on independent living skills development and stable housing. The anticipated length of stay will vary with the terms of the youth's court order and needs.

Overall, Broome Counts seeks to reduce youth contact with the Juvenile Justice System. If contact occurs, Broome County intends to reduce reliance on detention for Juvenile Justice involved youth and provide the Court with a safe alternative to placement. Broome County further intends to reduce reliance on out of home placement for juvenile justice involved youth. This population is placed in high-level congregate settings nearly 100% of the time, as lower levels of care are unwilling to accept them. This program must accept all referred youth and work diligently to keep them out of placement. The program will develop supports within the youth's family and community in the event that there is some disruption in the youth's home environment so that the youth has options other than going into placement. ATP is not a service Broome County has historically had, so the program will work with Probation, the Department and the Family Court to insure that the program is seen as a viable and safe alternative to out of home placement. Finally, Broome County intends to use Re-entry/Aftercare services to complete the continuum of care for our Juvenile Justice involved youth, providing youth and families with an important and an increased level of support for youth returning to the community after placement.

5. Is the program capable of being replicated across multiple locations?  Yes  No

**C. Program 1 Performance History (Refer to your municipality's STSJP data files.)**

1. What, if any, funding did this program receive in PY 2021-2022? If the program was approved in PY 2021-2022 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.)  STSJP  STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:

YES-JJ began serving youth on April 1, 2022. Since that time, 18 total youth have been served. While it is believed that the program will serve less than its projected capacity, that is due to the fact that the program was unable to begin serving youth until the second half of the plan period.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

At this time we do not have numbers to compare.

6. Will this program's outcomes meet the PY 2021-2022 projected goals by 9/30/2022?

Yes. (If Yes, skip to section D.)  Partially  No

7. (a) What outcomes are on track to meet the goals set for PY 2021-2022?

**PART III – Goals for PY 2022-2023**

Please set the municipality’s goals for its programs to achieve in PY 2022-2023. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
