

Office of Children and Family Services

KATHY HOCHUL
Governor

SUZANNE MILES-GUSTAVE, ESQ.
Acting Commissioner

October 31, 2023

Dear Chief Executive Officer,

Thank you for submitting Broome County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2023-2024. Your entire STSJP plan, including any amounts listed for PY 2023-2024 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2024, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2023, to September 30, 2024. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD

PLAN SUBMISSION INSTRUCTIONS

STSJP plans are due to the Office of Children and Family Services (OCFS) by 08 / 04 / 2023

- Once you have opened this form on your computer, please use the "Save As" function to save a copy with the following file name: "STSJP 2023-2024 Annual Plan – [ex. Municipality Name]."
- Work from the copy saved in Step 1 as you record your municipality information. Save your work as you complete each section.
- Email the completed application to OCFS at stsjp@ocfs.ny.gov. Use the subject line "STSJP 2023-2024 Annual Plan – [Municipality Name]" to facilitate timely review of your plan.

Please direct any STSJP plan questions to the STSJP mailbox at: stsjp@ocfs.ny.gov, or you may contact Geneva Hilliard 518-486-1819 or Lynn Tubbs 518-473-9116.

NOTE: Cooperative Applications submitted jointly by two or more counties

Two or more eligible local jurisdictions (counties) may join together to establish, operate, and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:
 - Broome County is located in the Southern Tier of New York covering about 716 square miles. It consists of a mix of urban, suburban and rural areas. Broome County's population was reported as 200,600 in the 2010 census and has declined every year since then. The Census Bureau estimates the 2022 population at approximately 197,000. The major urban centers of Broome County are Binghamton (pop. 44,399), Johnson City (pop. 14,161) and Endicott (pop. 12,532). The zip codes most prevalent in the Juvenile Justice population in Broome County are Binghamton (13901, 13905), Johnson City (13790) and Endicott (13790).
 - Crime rates for both juveniles and adults are higher in these urban centers than in the rest of the County. Binghamton's crime rates are both higher than the national averages. Broome County has a poverty rate of 18.5% overall, compared to New York's overall rate of 13.1%. In Broome County, 23.8% of children aged 17 and under live in poverty (these poverty rates are significantly higher for people and children of color). The rate of disability (based on the number of individuals receiving SSI) in Broome County is significantly higher than both state and national averages; concentration of SSI recipients in the indicated zip codes is higher than in the rest of the County. The population of these zip codes are often transient and move between these zip codes changing school districts as they do. All of these factors combine to produce a juvenile population and families in these areas that face uncertainty and instability on a daily basis. The population of these urban areas deal with issues such as housing instability, high crime rates, poverty, hunger, under employment, substandard housing, gang activity, lack of transportation and lack of services. Housing instability and homelessness continue to be significant factors. Homelessness has risen drastically in the past years since the pandemic and the availability of safe, low-income housing is virtually non-

existent. Youth from these areas are impacted by a sense of insecurity in their everyday lives and fear that their basic needs are not going to be met. These youth often lack familial & community stability and positive role models. As well, the school districts where these pockets live are overwhelmed by issues of poverty, truancy, instability, and general lack of well-being for children.

(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth. For the placement admissions data, please add together county data from Tables 1b-Total OCFS Facility Admissions by Sex, Race/Ethnicity and Age, 6b-JD Foster Care Admissions by Sex, Race/Ethnicity and Age and 7b-PINS Post-Dispositional Foster Care Admissions by Sex, Race/Ethnicity and Age from [Annual Out of Home Placement Admissions Data Packet](#)

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

We continue to struggle with the issues around racial disparity. Some of this can be explained by children of color experiencing poverty rates of close to 50 percent in Broome County, a staggering number. But there are also systemic areas that continue to need to be addressed at all levels of the Juvenile Justice System from schools to law enforcement to probation to DSS to Courts.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Broome County DSS collaborated with Probation, Detention, Diversion, service providers and, heavily, with the Family Court.

2. Is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

Currently, Broome County gathers participant youth and family feedback through informal contacts with the same. Broome County DSS and our STSJP contractor have begun developing a feedback tool to be used with all youth and families served.

3. Was community feedback in low opportunity ZIP codes sought as part of the STSJP plan development?
 Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)
 No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)
 We have worked with our Juvenile Justice teams and Collaborative teams to incorporate YES-JJ as well as other programming into part of our overall strategy to address issues related to the youth affected by the Juvenile Justice System in Broome County.

C. Cooperative Application *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county:
2. Describe how personnel will be compensated across and between counties in the cooperative:
3. Will a single fiscal officer be the custodian of the funds made available for STSJP?
 Yes. (If yes, please provide their contact details below.)
 No. (If no, skip to Q.4.)

B. Program 1 Description and Target Population

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2023-2024.
 Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2023-2024:

STSJP	STSJP-RTA	
<input type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Early Intervention (EI)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Alternative to Detention/Pre-Dispositional Placement (ATD/ATPDP)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Alternative to Placement (ATP)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Reentry/Aftercare (R/A)
<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

***Note:** If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program. Additionally, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:

13901, 13905, 13790, 13760

4. Describe the program, including how it is family focused. If you answered “Yes” to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

The program begins to immediately work with families upon receiving referrals and assesses the unique needs of the family. It places a significant emphasize on helping families mediate issues bringing them to the attention of Juvenile Justice. The program places a greater focus on involving family/natural resources and the community in addressing the unique needs of each youth serviced under the contract. Program staff are required to have frequent, in-person meetings with the youth and their natural supports in the family home and in the community. The program develops a case plan for each youth referred in order to meet their immediate and future needs and is expected to become experts on the services and supports available in each youth's community. The program is trauma and gender sensitive focused. The program provides transportation as is needed for appointments, court hearings, etc. The program maintains regular and frequent contact with the Probation Department, the Court and the Department of Social Services. The use of behavioral modification in addition to referrals to mental health as appropriate is part of the structure of the program. There are case management services offered to assess family needs and what services can assist in keeping the child from engaging in behaviors leading to Juvenile Justice involvement. YES-JJ meets with school personnel to develop plans for kids struggling with truancy and to ensure that school becomes part of the framework for staying involved in the community and getting supports as needed from the school. Other supports are also offered to the family as needed such as substance use, financial assistance, housing, and other services as may be needed to help the family achieve greater stability. For youth tracked as Alternative to Placement, the youth and family will have access to program staff 24 hours a day in order to address urgent or emergent situations. It is crisis oriented.

For youth in the Early Intervention track, services will remain in place until risk of Juvenile Justice involvement has reduced, but no longer than 6 months. Youth and families will be assessed to determine if community based supports are appropriate and will be connected with those supports prior to program discharge. Early Intervention services may be used for PINS-Diversion, Differential Response, and JD Diversion youth.

For youth in the Alternative to Detention track, services will remain in place until the youth's case has been completed in family court. Youth leaving the program after ATD will have appropriate supports, services and referrals in place.

For youth in the Alternative to Placement track, services will remain in place for the duration of the youth's probation/court order. At certain times, youth may be discharged early in agreement with the Probation

Officer. Youth leaving the program after ATP will have all necessary and appropriate services and supports in place prior to discharge.

For youth in the Reentry/Aftercare track, the program will work in tandem with other aftercare providers to support the youth's successful reunification with family or independent living needs. The program will also be used to reduce a youth's length of stay in out of home placement. Program staff will assess needs and assist with establishing the youth with local medical/mental health/developmental service providers, reintegration into the youth's natural school environment or vocational training. Depending on the youth's age, the program may focus on independent living skills development and stable housing. The anticipated length of stay will vary with the terms of the youth's court order and needs.

Overall, Broome County seeks to reduce youth contact with the Juvenile Justice System. If contact occurs, Broome County intends to reduce reliance on detention for Juvenile Justice involved youth and provide the Court with a safe alternative to placement. Broome County further intends to reduce reliance on out of home placement for juvenile justice involved youth. This population is placed in high-level congregate settings nearly 100% of the time, as lower levels of care are unwilling to accept them. This program must accept all referred youth and work diligently to keep them out of placement. The program will develop supports within the youth's family and community in the event that there is some disruption in the youth's home environment so that the youth has options other than going into placement. ATP is not a service Broome County has historically had, so the program will work with Probation, DSS, and the Family Court to ensure that the program is seen as a viable and safe alternative to out of home placement. Finally, Broome County intends to use Re-entry/Aftercare services to complete the continuum of care for our Juvenile Justice involved youth, providing youth and families with an important and an increased level of support for youth returning to the community after placement.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality's STSJP data files.)

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.
 None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP		10	5	11		26
STSJP-RTA						
Total		10	5	11		26

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:
 YES-JJ has an ongoing waiting list. It has 30 spots that are only not filled due to issues with staffing. YES-JJ has proven successful in its goals of keeping youth from not touching the Juvenile Justice System. A goal would be to expand the program if funds and staffing are available.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP		172	174	121	
STSJP-RTA			0		

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The average lengths of stay tend to be a little longer than initially anticipated. This is often due to kids continuing in the program after Probation has ended or kids having a tough time getting started in the program, but then succeeding after they are engaged in the program. Due to the ongoing success of the program, it is fine to have cases go on a little longer.

6. Will this program's outcomes meet the PY 2022-2023 projected goals by 9/30/2023?

Yes. (If yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2022-2023?

(b) How will they be met?

There has not been a significant decline in detention or placement numbers. It is hoped that the continued efforts of YES-JJ as well as continuing to encourage the community to embrace concepts of kinship placement, support, don't report, and recognizing racial disparity as it currently resides in Broome County.

8. (a) What outcomes are not on track to meet the goals set for PY 2022-2023?

(b) Please describe any contributing barriers:

We continue to struggle with the issues around racial disparity. Some of this can be explained by children of color experiencing poverty rates of close to 50 percent in Broome County, a staggering number. But there are also systemic areas that continue to need to be addressed at all levels of the juvenile justice system from schools to law enforcement to probation to DSS to Courts.

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2023-2024?

YES-JJ is aware of the issues around racial disparity. It strives to have a diverse staff and focuses on cultural issues when working with families and other systems.

D. Program 1 Service Projections for PY 2023-2024

PART III – Goals for PY 2023-2024

Please set the municipality’s goals for its programs to achieve in PY 2023-2024. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.

Prevention
