Thank you for submitting Cattaraugus County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2019-20. Your plan has been reviewed by the Office of Children and Family Services (OCFS), and we are pleased to inform you that your STSJP plan has been approved.

Please note that this approval does not extend to the amount listed for the STSJP RTA programming unless your county has received a NYS Division of Budget approval letter. OCFS will send out a revised STSJP approval letter reflecting the STSJP RTA programming amount approved by NYS DOB as applicable.

Cattaraugus County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible non-Raise The Age detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until 6/30/20, unless otherwise approved by the Office of Children and Family Services. If Cattaraugus County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsip@ocfs.ny.gov outlining the amount that will be shifted and the type of programming or services the re-purposed detention funds will be used for under STSJP. An amended STSJP plan will also need to be submitted.

As a reminder, to access RTA reimbursement for which a municipality may be eligible, the expenditures must be specifically included in a locality’s Division of Budget approved comprehensive RTA plan.

All STSJP claims must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2019 to September 30, 2020. Questions on all aspects of the claiming process should be directed to Daniel Hulihan at (518) 473-4511 or at Daniel.Hulihan@ocfs.ny.gov.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

If you have any questions, please email us at stsip@ocfs.ny.gov and write “STSJP Plan Questions” in the subject line so that we may best assist you in a timely manner. You can direct STSJP inquiries to Lynn Tubbs at (518) 473-9116 or Lynn.Tubbs@ocfs.ny.gov.

2. Please indicate the specific zip codes this program will target. area codes include 14138; 14041; 14745; 14171; 14760; 14065; 14779; 14741; 14770; 14737; 14129; 14042; 14730; 14743; 14719; 14754; 14706.

3. How will the program be utilized to serve targeted youth in your municipality? (100 words or less) MST is specifically designed to divert at-risk youth with severe behavior problems at home school and community from out-of-home placements. MST strives to promote behavior change in the youth’s natural environment, using the strengths of each system (e.g., family, peers, school, and indigenous support network) to facilitate change. By providing the delivery of services in the natural environment, and the rigorous, monitored implementation of MST combine to produce the positive changes.

4. Does your municipality plan to replicate the program across multiple locations?  
   - Yes  
   - No

5. What is the projected number of youth who will receive services from this program? 35

If the STSJP Program 1 received STSJP funds in the previous STSJP PY, answer the questions below.
6. Did projected performance outcomes meet expected outcomes?  □ Yes  □ No  □ Partially  If Yes, answer #7; if No, skip to #8; if Partially, answer #7 and #8.

7. What projected outcomes were met and how were they met? (100 words or less) 96% of youth completing treatment, 92% of youth still living in the home, & 100% of youth still in school and having no new arrests during treatment. These were met as these outcomes are the focus of our sessions in our work with Multisystemic therapy. We look to target these outcomes at each session by teaching the caregivers the tools by the use of the families’ current strengths, building natural supports, and decrease the role of formal supports to sustain family overall functioning.

8. What performance outcomes were not met? What were the barriers to accomplishing the desired outcomes? What changes have been made to achieve desired outcomes this program year? (100 words or less) Did not meet contract goal of seeing at least 35 youth due to decrease number of referrals coming in. Program also had to let an employee go half way through the year due to not completing job tasks and giving families MST to the fullest. This brought down the team to only one therapist for a short time. Currently we have hired a new therapist who is new to MST team. The current supervisor is working with supervisor and team to identify the targeted reasons why the outcomes were not met, creating case specific plans to target the outcomes, and then monitiroing the outcomes each month for advances and barriers.

Discuss and identify the neighborhoods or communities by zip codes or areas from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Delinquents (JD) and Persons in Need of Supervision (PINS) enter the youth justice system, and the factors that may be contributing. Area codes include 14138 (1); 14041 (1); 14755 (1); 14171 (1); 14760 (13); 14065 (1); 14779 (6); 14741 (1); 14737 (2); 14129 (1); 14042 (3); 14730 (1);
B. Overall Analysis of Disparity

Please provide information indicating whether there is evidence of racial/ethnic disparity in your local system’s use of detention or residential placement. Based on the data provided from OCFS Strategic Planning and Policy Development Cattaraugus county shows a total detention decrease nearly across the board as well no indication of disparate outcomes amongst racial/ethnic groups. Over the past 4 years Cattaraugus County has decreased male and female Secure/non-secure detention rates by 14%. Ethnically our Hispanic admission rate has decreased nearly 100%.

If such disparity exists, describe how this STSJP plan addresses the issues of disparity.

SECTION 2

PERFORMANCE OUTCOMES

For current program year, provide the projected performance outcomes for all of your proposed services and programs. Be sure to include an estimate of the anticipated reductions in detention utilization and residential placements. (250 words or less) Outcome #1: Increase parent/caretaker behaviors which help maintain youth safely within their own homes. This includes thresholds of youth’s families will improve their network of social supports and demonstrate skill in accessing a range of supports as needed, therapists will have 2 face to face contacts, case notes will be put into CONNECTIONS within 48 hours; At least 95% of Family Services Plans (FASPS) will be at the Catt.Co. DSS no later than 14 day prior to event and Court Reports are submitted no later than 2 days to court. Outcome #2: Decrease in determinants of serious behavior in youth, which lead to placement of youth in foster care: This also includes thresholds for improved family relations by end of program, youth involved with MST will show evidence of success in an educational or vocational setting by end of program, youth will reduce involvement with problemmatic peers and increase involvement with pro-social peers and activities by end of program, youth will sustain changes in behavior and in the systems contributing to referral problems for 2 to 3 weeks by end of program, and that at case closure, 85% of the Placement Prevention youth completing MST will remain in a natural setting (avoiding placement).
