a

KATHY HOCHUL  
Governor

SUZANNE MILES-GUSTAVE, ESQ.  
Acting Commissioner

August 16, 2023

Dear Chief Executive Officer,

Thank you for submitting Cattaraugus County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2023-2024. Your entire STSJP plan, including any amounts listed for PY 2023-2024 STSJP-RTA, has been **approved**.

Cattaraugus County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2024, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2023, to September 30, 2024. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD

### PART I – MUNICIPALITY LEVEL DETAILS

#### A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
  - Discuss what factors may be contributing to these high numbers:  

The communities with the zip codes of 14760 (Olean), 14779 (Salamanca), and 14042 (Delevan/ Pioneer) have the most youth entering the youth justice system for services. These communities have centralized school districts which encompass many small, rural neighborhoods.

The three school districts mentioned above are the three largest school districts within the county so it is logical the amount of referrals for MST would come from the largest populated areas from within the county.

DSS and Probation completed a review of all YO,AO,JO, JD and PINS cases for the past 5 years. We learned each youth involved with the juvenile justice system had similar concerns with parents needs which included minimal parenting, substance abuse and mental health issues.
- Resources available at the following link can help you answer these questions:  
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>
  - In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth. For the placement admissions data, please add together county data from Tables 1b-Total OCFS Facility Admissions by Sex, Race/Ethnicity and Age, 6b-JD Foster Care Admissions by Sex, Race/Ethnicity and Age and 7b-PINS Post-Dispositional Foster Care Admissions by Sex, Race/Ethnicity and Age from [Annual Out of Home Placement Admissions Data Packet](#)

Race/Ethnicity	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Black/African American	605	4	1	14	4	13
White	14,385	86	6	86	25	78
Native American/Alaskan	866	5	0	0		
Asian/Pacific Islander	182	1	0	0		
Hispanic	710	4	0	0	0	0

Sex Assigned at Birth	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Male	8579	51	5	71	16	50
Female	8169	49	2	29	16	50

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

2022 JDAS data reflects a total of 5 detention admissions, one of the four African American. We do not identify a disparity. We will continue the use of a family resource sheet at Intake to aid in resources as possible alternatives to detention admissions. The 3 youth of unknown ethnicity would equal 9% of the total.

**B. Local Collaboration**

1. Legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

This plan was developed via consistent collaboration with the departments of probation and youth bureau, in addition to voluntary agency service providers and community schools. On a bi-weekly basis (barring holidays, illness, and vacations) a meeting is held with all stakeholders present, including but not limited to local agencies responsible for probation, detention, diversion, social services, service providers, and youth development programs. Of note, probation services for youth are embedded in the school districts identified in question #1, and input from school personnel is obtained as part of the day to day/face to face interactions (both formal in terms of deliberate and planned meetings/reviews and informal in terms of impromptu problem solving sessions as needed) between probation and school staff. Also embedded within the school milieu are law enforcement officers who maintain the same type of contact with the aforementioned regularity. The court system is not specifically represented, however the attorney who represents the probation department in all juvenile justice endeavors is present

2. Is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

MST gathers feedback once a month with active families participating in the program. MST uses a therapist adherence measure to ask families a series of questions to assess how their assigned therapist is meeting the needs of the family and to measure against the analytical process used in treatment planning. MST also gathers follow up feedback from families that have closed at the 6 month marker and at the 1 year marker. Questions asked in this

survey include but are not limited to the child's residential status, participation in school and/or employment, any violations of or involvement with law enforcement, and involvement in pro-social activities. MST also gains further information from family if they report negative outcomes. MST uses this feedback to increase therapist efficacy in utilization of the evidence based model in addition to increasing family engagement and sustainability of identified change. MST uses feedback from families whose cases are closed to assess any roadblocks to service provision including but not limited to engagement, feasibility of plan, and environmental stressors

3. Was community feedback in low opportunity ZIP codes sought as part of the STSJP plan development?

- Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)
- No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

Representatives from service providers who work within the district are included in the planning process, which includes but is not limited to parents/extended family/community members. In the context of the group collaboration milieu, MST is part of the collaborative team, and offers feedback at each meetings, both in terms of new cases/referrals, existing cases which are reviewed at the 1 and 3 month service provision marker, and as part of an informal algorithm utilizing past service provision to influence future service delivery. CCA completes a Wellness survey across the county which is utilized by MST.

**C. Cooperative Application** *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county:

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

- Yes. (If yes, please provide their contact details below.)
- No. (If no, skip to Q.4.)

Officer's Name:	Title:
Phone: ( )	Ext: Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for jointly funded programs, as well as the names and email addresses of the fiscal officers responsible for jointly funded programs:

 Yes     No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2023-2024:

4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

Multisystemic Therapy is an evidenced based service designed to divert at risk youth with severe behaviors at home, school, and/or community from further penetrating the juvenile justice system. MST strives to promote behavior change within the youths natural environment, using the strengths of each system (e.g. family, school, peers, etc) to facilitate change. By providing the delivery of services in the natural ecology, and the rigorous, monitored implementation of MST combine to produce the postive change within the family environment.

**C. Program 1 Performance History (Refer to your municipality's STSJP data files.)**

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.)     STSJP     STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:

I predict MST will serve more due to increase in employees within the MST department, an increase in assessments on how to sustain employees, and being able to serve more families/gain more referrals due to increase of staff.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.
