KATHY HOCHUL  
Governor

SUZANNE MILES-GUSTAVE, ESQ.  
Acting Commissioner

September 20, 2023

Dear Chief Executive Officer,

Thank you for submitting Cayuga County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2023-2024. Your entire STSJP plan, including any amounts listed for PY 2023-2024 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2024, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2023, to September 30, 2024. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

PART I – MUNICIPALITY LEVEL DETAILS
A. Municipality Level Analysis
<ol style="list-style-type: none"> <li>1. (a) Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and (b) Discuss what factors may be contributing to these high numbers:   <p>The City of Auburn (13021) is the population center of the county and has the largest school district. The majority of JD arrests come from Auburn. In 2022, Cayuga County, NY had a population of 75K people with a median age of 43.3 years and a median household income of \$59,602. The population of Cayuga County, NY is 89.3% White, 4.6% Black or African American, 3.3% Hispanic or Latino. As the population center, the city is the source of most commerce, school districts, and the largest municipal police force. It seems logical that the majority of juvenile activity is centered there.</p> <p>Factors that impact the number of youth at risk for contact with the juvenile justice system or deeper penetration of the JJ system include lack of resources for individuals with developmental disabilities, and increases in mental health and substance use in youth. Family systems are stressed by the current economy. COVID impacted/disrupted traditional in-person treatment and support services for kids and families. Cayuga County has an 83% graduation rate and a 12% school dropout rate.</p> </li> <li>2. Resources available at the following link can help you answer these questions:  <a href="https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php">https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php</a> <ol style="list-style-type: none"> <li>(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth. For the placement admissions data, please add together county data from Tables 1b-Total OCFS Facility Admissions by Sex, Race/Ethnicity and Age, 6b-JD Foster Care Admissions by Sex, Race/Ethnicity and Age</li> </ol> </li> </ol>

Female	7,049	48	4	33	0	0

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

There were 12 detention admissions in 2022 with an average length of stay of 19.1 days. The ethnic breakdown is as follows: 2 Black/African American, 5 White, 4 Hispanic and 1 other. There were 2 admissions who were White. As there were multiple Black/African American youth placed in detention, we recognize there was a disparity in 2022. To mitigate this disparity, Cayuga County Department of Social Services advocates for alternatives to detention in Family Court. We utilize the services in this plan both before the child enters the JJ system and as an alternative to detention or placement. These services have helped us reduce the number of children placed in detention and other foster care placements. The services have also helped with recidivism.

**B. Local Collaboration**

1. Legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

The Families Access to Services Team (FAST), a multi-stakeholder entity that includes, Mental Health, DSS, Probation, School Districts, and local providers, informs our overall family and youth services work as well as STSJP planning, implementation and monitoring. FAST is strategic in identifying impactful programming and deploying it in families. FAST utilizes youth and family advocates as both paid and volunteer staff so we have a continual feedback loop on our effort to identify and meet youth and family needs. Their voices are critical to our work. The recent implementation of Differential Response Program for Raising the Lower Age has brought the community providers back together to explore other options for youth in our community, which has been helpful in developing this year's plan.

2. Is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

Surveys were developed for youth and families to gather feedback. We continue to ask youth and families to be present at the table about programming and decision making on their family circumstances. We encourage family and youth to participate in our System of Care. We currently have parent advocates at the table but we have struggled to consistently keep youth peer advocates. FAST does their best to provide family with what they need for services. If there is a waitlist for that particular service, we will put in another service temporarily until a spot becomes available. We do our best to get creative when necessary to ensure the family is getting what they need. We continue to work on improving our programming and we continue to work with providers on cultural and linguistic competence as well. While our county has a variety of services to fit the needs of most youth and families, we still have gaps in services that we are trying to address. We continue to seek out the support of the community and ask that youth and families continue to be a constant presence in all meetings/planning pertaining to their family.

3. Was community feedback in low opportunity ZIP codes sought as part of the STSJP plan development?
- Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)
- No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)
- We continue to meet with schools and services providers, which includes our Family Court Judges, law enforcement, and our county attorneys, to discuss trends we are seeing in our community. Bringing on more community awareness of services and the gaps in service will hopefully help address the concerns of the community and ways we can improve our system of care.

**C. Cooperative Application** *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county:
2. Describe how personnel will be compensated across and between counties in the cooperative:
3. Will a single fiscal officer be the custodian of the funds made available for STSJP?
- Yes. (If yes, please provide their contact details below.)
- No. (If no, skip to Q.4.)

**B. Program 1 Description and Target Population**

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2023-2024.  
 Yes     No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2023-2024:

STSJP	STSJP-RTA	
<input type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Early Intervention (EI)

<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

**\*Note:** If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program. Additionally, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:

13021, 13118, 13166, 13071,13092, 13152, 13140, 13071, 13080, 13033, 13143, 13034, 13111, 13156, 13160, 13117, 13026, 13081, 13147, 13113, 13024, 13064, 13022, 13139

4. Describe the program, including how it is family focused. If you answered “Yes” to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

The program is a four bed free-standing respite that OCFS certified as a group home with the required staffing pattern and supports to maintain youth, transport them to school and meet their basic needs. Other services are wrapped around the youth that are not STSJP funded. The program, as an early intervention strategy, is used for youth at-risk of becoming a JD/PINS by de-escalating home, community, and school issues via crisis and planned breaks and wrapping other services around the youth and family. Respite staff teach pro-social and coping skills. Both the youth and family need to agree to the service and develop goals that will be worked on while placed at respite. This service will also help prevent youth from being placed in detention/pre-dispositional placement.

5. Is the program capable of being replicated across multiple locations?     Yes     No

**C. Program 1 Performance History (Refer to your municipality’s STSJP data files.)**

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.)     STSJP     STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	24	1	0	0	25
STSJP-RTA	0	0	0	0	0	0
Total	0	24	1	0	0	25

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:  
 We expect the program to have served the appropriate number of youth and to meet budget targets. We do not anticipate going over our capacity.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	0	9	21	0	0
STSJP-RTA	0	0	0	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.  
 The average length of services is comparable to what we would expect for that service. Youth are able to be placed in respite for up to 21 days. We try to use respite for what it is intended, which is a short "break" to cool down. Alternatives to detention is a little higher than what we would expect, as we like to keep those placements around 10 days or less, similar to an actual detention placement to get the cases back in for disposition.

6. Will this program's outcomes meet the PY 2022-2023 projected goals by 9/30/2023?  
 Yes. (If yes, skip to section D.)     Partially     No

7. (a) What outcomes are on track to meet the goals set for PY 2022-2023?  
 (b) How will they be met?

8. (a) What outcomes are not on track to meet the goals set for PY 2022-2023?  
 (b) Please describe any contributing barriers:

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2023-2024?

The Restorative Case Management (RCM) program provides evidence-based intensive case management to youth as an early intervention and alternative to detention/pre-dispositional placement. When the program is used as early intervention, it works with at-risk kids to prevent contact with the JJ system and/or prevent further penetration into the system. When used as an alternative to detention, the program's supervision model monitors kids to make sure they attend all Family Court appearances and are not arrested or re-arrested. Case Managers, trained in trauma-informed practice, a restorative justice approach and motivational interviewing, will provide 24/7 support to the youth and families and work in partnership with them to develop and implement individualized plans to meet their social, emotional, behavioral, environmental, and safety needs. Case Managers will meet with the youth regularly and collaborate with schools, family court, and community-based programs to address the areas of concern. This program is supported by STSJP funding and other funding sources. The projected number of youth served is based off of one worker's caseload out of three total workers for the program.

5. Is the program capable of being replicated across multiple locations?     Yes     No

**C. Program 2 Performance History (Refer to your municipality's STSJP data files.)**

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:  
 Based on the program's record of youth served, we anticipate this program serving the same amount of youth as it's projected capacity on 9/30/23. This program is supported by other funding sources as well. The total number of cases for this time period was 50. There are three workers in this program. STSJP supports one worker who had a caseload of about 17.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Please set the municipality’s goals for its programs to achieve in PY 2023-2024. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.

**Prevention**
