December 16, 2019

Dear Chief Executive Officer,

Thank you for submitting Chautauqua County’s Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2019-20. Your plan has been reviewed by the Office of Children and Family Services (OCFS), and we are pleased to inform you that your STSJP plan has been approved.

Please note that this approval does not extend to the amount listed for the STSJP RTA programming unless your county has received a NYS Division of Budget approval letter. OCFS will send out a revised STSJP approval letter reflecting the STSJP RTA programming amount approved by NYS DOB as applicable.

Chautauqua County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible non-Raise The Age detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until 6/30/20, unless otherwise approved by the Office of Children and Family Services. If Chautauqua County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining the amount that will be shifted and the type of programming or services the re-purposed detention funds will be used for under STSJP. An amended STSJP plan will also need to be submitted.

As a reminder, to access RTA reimbursement for which a municipality may be eligible, the expenditures must be specifically included in a locality’s Division of Budget approved comprehensive RTA plan.

All STSJP claims must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2019 to September 30, 2020. Questions on all aspects of the claiming process should be directed to Daniel Hulihan at (518) 473-4511 or at Daniel.Hulihan@ocfs.ny.gov.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.
If you have any questions, please email us at stsip@ocfs.ny.gov and write “STSJP Plan Questions” in the subject line so that we may best assist you in a timely manner. You can direct STSJP inquiries to Lynn Tubbs at (518) 473-9116 or Lynn.Tubbs@ocfs.ny.gov.

Sincerely,

PART III – STSJP-RTA PROGRAM ANALYSIS

SECTION 1

A. Overall Analysis of Communities

Discuss and identify the neighborhoods or communities by zip codes or areas from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Delinquents (JD) and Persons in Need of Supervision (PINS) enter the youth justice system, and the factors that may be contributing. The urban centers of Dunkirk (14048) and Jamestown (14701) are historically responsible for the highest concentration of detention remands and residential placements. Jamestown Public School System is the largest school system in Chautauqua County, there are 1,387 students in grades 9-12, 25% are Hispanic and 18% are Black. The current drop out rate for Jamestown High School is 20%. Dunkirk Public School is the second largest with 602 students in grades 9-12, 27% of these students are Hispanic. Dunkirk has a 14% drop out rate. Chautauqua County has a teen pregnancy rate of 29.3%. Chautauqua County based on SAMHSA* data, regional performance for dependence or abuse of illicit drugs or alcohol (ages 12+) was 9.10%. In 2016, 19.4% of all residents and 30.6% of residents less than 18 years old were living in poverty. Individuals characterized by racial and ethnic minorities were more likely to live in poverty. In 2016, 49.5% of Black or African Americans, 39.4% of American Indian or Alaska Natives, 32.8% of Asians, 48.8% of some other race, and 40.7% of individuals with two or more races were living in poverty compared to 17.7% of individuals who self-identified as white, alone. Additionally, 47.9% of County residents of Hispanic or Latino ethnicity were living in poverty, compared to 16.1% of white alone, not Hispanic or Latino residents.

B. Overall Analysis of Disparity

Please provide information indicating whether there is evidence of racial/ethnic disparity in your local system's use of detention or residential placement. The available data indicates an overall decrease in disparity in groups placed in detention/placement in 2013-2017 across facility types. In secure/ mixed facilities, the representation of whites increased from 41% to 71%. Data from 2013-2017 represents a decrease in Black youth from 17% to 14% and Hispanic youth from 33% to 14% being placed across facility types.

If such disparity exists, describe how this STSJP plan addresses the issues of disparity. no disparity exists. Existing work has been instituted to address.

As per STSJP legislation, collaboration is required. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, services providers, schools, and youth development programs. Chautauqua County has formulated robust collaboration by developing a juvenile services team consisting of child welfare, probation, GA Family Services, OCFS, Mental Health and school representatives to avoid youth being placed and enhancing wrap around services provided. The criminal justice juvenile justice advisory board was also developed this year that includes Chautauqua County school systems, probation, child welfare, law enforcement, sheriff department, legislatures, commissioners, community providers, mental health providers, health department, OCFS, family court judges, district attorney and attorneys. Community meetings are being held to include key stakeholders to continue collaboration, identifying gaps, sharing of resources and to increase continuity of care.
