KATHY HOCHUL  
Governor

SHEILA J. POOLE  
Commissioner

November 21, 2022

Dear Chief Executive Officer,

Thank you for submitting Clinton County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2022-2023. Your entire STSJP plan, including any amounts listed for PY 2022-2023 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2023, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2022 to September 30, 2023. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

A handwritten signature in black ink, appearing to read 'Nina Aledort', with a long horizontal flourish extending to the right.

### PART I – MUNICIPALITY LEVEL DETAILS

#### A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
  - Discuss what factors may be contributing to these high numbers:  
Plattsburgh (12901) is the zip code that represents the highest number of youth referred for services in Clinton County. Given the relatively small population in Clinton County this would be expected given that this particular zip code accounts for approximately 40% of the total county population. Other factors that contribute to individuals entering the Juvenile Justice System are Mental Health Issues, Substance Use Disorders and lack of involvement in school or community activities. These issues are frequently compounded by lack of parent engagement in encouraging and facilitating the child's access to pro-social activities. This lack of parent support is impacted by a number of issues including unemployment, lack of available transportation and the parent's own mental health and addiction issues.
- Resources available at the following link can help you answer these questions:  
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>  
  - In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan. For the Placement Admissions data, please add together county data from Tables 1b, 6b, and 7b of the Annual Out of Home Placement Admissions Data Packet.)

Race/Ethnicity	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	359	3	0	0	0	0
White	13250	93	0	0	0	0
Native American/Alaskan	45	0	0	0		
Asian/Pacific Islander	153	1	0	0		
Hispanic	439	3	0	0	0	0

Sex Assigned at Birth	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	7314	51	0	0	0	0
Female	6932	49	0	0	0	0

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

No admissions for 2021

**B. Local Collaboration**

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

The programs proposed to be used in the STSJP and STSJP-RTA process have a strong history of collaboration across programs in our community. The plan was developed with input from law enforcement, probation, schools and the courts systems within the County. Much of the collaboration occurs during Diversion meetings which are scheduled to occur 2 times per month. Further, a Grade B supervisor from our adolescent services unit, meets with and presents to agencies involved with youth and both providers and receives feedback from the interactions.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

The YAP program utilizes monthly phone surveys to gather information from the youth and their families to monitor how successful the program is at meeting the service needs of the family and youth. The Youth Court Program uses a satisfaction survey given to each youth at the end of their involvement in the Youth Court Program. Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanisms during PY 2022-2023.

Based on the feedback from the youth and their families each program utilizes the feedback to make any necessary modifications to the service delivery to insure program improvement. Further representatives from both programs participate in the twice monthly diversion meetings. This feedback is then shared with the STSJP lead and utilized to develop the annual plan.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback);

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2022-2023).

In developing the STSJP plan feedback and needs assessments are reviewed from multiple sources. First feedback from families that have been provides services are surveyed and the information is shared and used in plan development. Further community needs assesments are done by both the Community Services Board and the Clinton County Health Department thes identify needs in the areas of mental health and addiction which is also used in the plan development. Finally, feedback is provided by the Multi-disaplinary group that makes up the diversion committee, this committee has representatives from community services providers, law enforcement and schools. All this feedback is reviewed to identify services gaps and/or needs which are then relayed to the STSJP provider agencies to insure that they are incorporatied into program activities.

This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2022-2023.  
 Yes     No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2022-2023:

3. Please list the ZIP codes this program will target:  
 12901-12903-12910-12911-12912-12918-12919-12921-12919-12933-12934-12935-12958-12959-12962-12978-12979-12981-12992-12993

If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

Youth referred to the YAP program will be individuals who are already involved in the Juvenile justice system and criminal justice system and are at risk of being placed out of the home. YAP will work collaboratively with the youth, family and community partner agencies such as schools, mental health providers and any other appropriate provider agency involved with the youth and their family. In addition to avoiding placement YAP services will also be aimed at preventing actions that would result in the youth being violated by the courts.

5. Is the program capable of being replicated across multiple locations?  Yes  No
