SHEILA J. POOLE
Commissioner

October 1, 2021

Dear Chief Executive Officer,

Thank you for submitting Cortland County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2021-2022. Your entire STSJP plan, including any amounts listed for PY 2021-2022 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2022, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2021 to September 30, 2022. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

NOTE: Cooperative Applications Submitted Jointly by Two or More Counties

Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. MUNICIPALITY LEVEL ANALYSIS

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS), enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:

According to the 2019 census bureau data, Cortland County has a population of 47,581 with the largest number of people in the county living in the City of Cortland. In 2020, Cortland County placed 0 youth in detention facilities and 2 youth in Residential Treatment Centers. Cortland City School District and Homer School District are the largest school districts within our county. These two districts continue to represent the highest number of PINS and JD populations, which correlates to these being our largest school districts. Sufficient resources are available for the CCSI program to work with youth within Cortland City School District, Homer Central School District and county wide.
- Resources available at the following link can help you answer these questions:
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan.)

Race/Ethnicity	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	300	3	0	0	0	0
White	8336	91	0	0	0	0
Native American/Alaskan	18	0	0	0		
Asian/Pacific Islander	119	1	0	0		
Hispanic	352	4	0	0	0	0

Sex Assigned at Birth	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	4679	51	0	0	0	0
Female	4446	49	0	0	0	0

b) If you identified any disparities when comparing youths' representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

There are currently no identified or significant race or ethnic disproportionalities with our residential or detention placement populations. According to the U.S. Census Bureau, Cortland County has the following Race and Hispanic Origin demographics: White 91%, Black or African American 3%, American Indian and Alaska Native .02%, Asian 1%, Two or More Races 2%, Hispanic or Latino 4%. Youth served within our STSJP program continue to be reflective of our County-Wide demographic information.

B. LOCAL COLLABORATION

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

CCSI partners with over 25 local service agencies which include: Franziska Racker Center, DSS, Mental Health, Probation, County Youth Bureau, YWCA, Aid to Victims of Violence, Family Counseling Services, Seven Valley's Health Coalition, Catholic Charities, Liberty Resources, Schools, County Attorney, Cortland Area Communities That Care, Cortland Prevention Resources, Child Advocacy Center, Law Enforcement, SUPAC, Elmcrest, CHOWC, SUNY Cortland Liberty Partnership, and OPWDD. In late 2020, CCSI also collaborated with local agencies to develop a Systems of Care (SOC) Collaborative. All of the above listed agencies were involved in developing this collaborative, and continue to be involved as it is executed throughout the county. Having membership and buy-in from each of these agencies at our monthly community Tier II meetings assists us in being able to coordinate services across systems and to develop individual, family specific, goals. The CCSI program utilizes relationships with these agencies to target high needs youth addressed in the STSJP grant. Our PINS Diversion unit, DSS Court Liaison, Law Enforcement, and DSS regularly refer at risk youth. The community tier II meetings are also used to share updates regarding statistical trends and to discuss service barriers. Community Partners provide regular input, oversight, and feedback regarding the CCSI program and they have approved of the CCSI program continuing to apply for STSJP money.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development? Through our Tier II, and recently developed SOC collaborative, we receive feedback from families and youth that have been involved with CCSI and other services. The families and youth provide feedback in the Tier II meetings

and families also receive individual satisfaction surveys to fill out regarding their experience with receiving CCSI services.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the municipality implementation plan to develop such feedback mechanisms during PY 2021-2022. CCSI uses feedback from families and youth in attendance at Tier II as well as from our surveys to measure what families find successful, and what they identify they need help with. We also share these results at our local Tier II meetings, to ensure that there are not other systems that we could collaborate with to meet identified needs of families.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes No

If yes, please describe how the plan incorporates that feedback; if no, please describe the municipality implementation plan to develop such feedback mechanism during PY 2021-2022.

We are implementing surveys to adults and youth within the community, in the high needs districts, in collaboration with the CACTC (Cortland Area Communities that Care). We are using the survey data to identify gaps in services, community perception of services, and barriers to services within the community.

C. COOPERATIVE APPLICATION (COMPLETE THIS SECTION ONLY IF THIS IS A JOINT APPLICATION.)

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes (If Yes, please provide their contact details below.)

No (If No, skip to Q4.)

Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

B. PROGRAM 1 DESCRIPTION AND TARGET POPULATION

1. A Family Support Service program (FSS) may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS. This program meets the legal definition of a **Family Support Services (FSS) program (Social Services Law Section 458-m)** and will operate in this capacity for PY 2021-2022. Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2021-2022:

3. Please list the ZIP codes this program will target:
13101, 13803, 13056, 13040, 13045, 13077, 13158

4. Describe the program, including how it is family focused. If you answered "Yes" to Q1 (FSS), be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the STSJP Annual Plan Development Guide for additional guidance.)

A parent partner is available to a family 24/7 to help them address immediate needs, offer support, provide a family voice, identify family strengths, identify concerns, and to help them navigate the various services available to them to prevent the need for court intervention. Wraparound meetings are arranged for each family to include all service providers and natural family supports. Needs and strengths of the family are identified and used to develop a family and youth specific service plan that will assist in helping prevent youth from entering the Juvenile Justice System.

5. Is the program capable of being replicated across multiple locations? Yes No

C. PROGRAM 1 PERFORMANCE HISTORY (REFER TO YOUR MUNICIPALITY'S STSJP DATA FILES.)

1. What, if any, funding did this program receive in PY 2020-2021? If the program was approved in PY 2020-2021, but was not implemented or is anticipated to serve no youth, please choose None.
 None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type							Total	
	P	EI	ATD/ATPDP				ATP		R/A
			(PINS)	(JO/JD)	(JD-RTA)	(AO)			
STSJP	24	0	0	0	0	0	0	0	24
STSJP-RTA	0	0			0	0	0	0	0
Total	24	0	0	0	0	0	0	0	24

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:
We have a goal of serving 40 youth per year and we served 24 youth in 6 months. Our referrals were down earlier in 2020 due to the covid shut down. In October the referrals began to increase steadily throughout the year. We are seeing an increase in referrals, and there is a lack of staffing in many other service areas, so we anticipate that we will be over our projected capacity on 9/30/21.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type							ATP	R/A
	P	EI	ATD/ATPDP						
			(PINS)	(JO/JD)	(JD-RTA)	(AO)			
STSJP	215.00	0.00	0.00	0.00	0.00	0.00	0.00	0	
STSJP-RTA	0.00	0.00			0.00	0.00	0.00	0.00	

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

Our average length of service is higher than anticipated during this time period as we have remained open longer with some of our highest need families. Lack of effective Care Management services, CFTSS, and HCBS Medicaid billable services within our community has forced us to work with families longer as we don't have good support services to transition families to within the community. We do have the CFTSS, HCBS and Care Mangement services within our community; however, the staff are constantly leaving and/or there are staff vacancies. This contributes to our service staying open longer as well, as it is difficult for our families to establish connections with these other services when they are constantly transitioning.

6. Will this program's outcomes meet the PY 2020-2021 projected goals by 9/30/2021?

Yes (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2020-2021? (b) How will they be met?

We had a goal that 90% of STSJP youth would have no PINS referrals during service engagement. Currently we are at 95% of youth served with no PINS referrals during service engagement. We identified that 80% of STSJP youth would have no truancies, no school suspensions, and be engaged in at least one positive community activity during service engagement. Currently, we are at 100% of youth served, with no truancies and school suspensions, and 100% of youth in at least one positive community activity. We identified that 90% of youth will have no arrests, or probation intakes, be able to identify at least one accessible positive adult connection, comply with program rules, and will attend 90% of programming during service engagement. Currently, we are at 95% of youth with no arrests or probation intakes during service engagement, and 100% of youth that are able to identify at least one accessible positive adult connection, comply with program rules and attend at least 90% of programming.

8. (a) What outcomes are not on track to meet the goals set for PY 2020-2021? (b) Please describe any contributing barriers.

We identified that we wanted to improve coordination and communication amongst service providers and families through the use of wraparound meetings and set a goal of holding 55 for 2020. We only held 29 Wrap around meetings.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2021-2022?

Covid greatly impacted our projected wraparound goals. Everyone was working remotely for 3 months and our Internet service is not great in our county, so virtual meetings were difficult initially. Since then, Internet has improved and everyone is back in the office, so wraparounds have increased again.

We have become much better as a community at coordinating virtual meetings now as well, which has helped.
