Governor

SUZANNE MILES-GUSTAVE, ESQ.
Acting Commissioner

August 3, 2023

Dear Chief Executive Officer,

Thank you for submitting Erie County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2022-2023. Your entire STSJP plan, including any amounts listed for PY 2022-2023 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2023, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2022 to September 30, 2023. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

A handwritten signature in black ink, appearing to read 'Nina Aledort', with a long horizontal flourish extending to the right.

NOTE: Cooperative Applications submitted jointly by two or more counties

Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:
 - During 2021, the majority of youth admitted into secure and specialized secure youth detention resided in two zip codes: 14215 and 14211. Of those youth detained from these two zip codes, 9 (11%) were JO's, 53 (64%) were JD's and 20 (24%) were AO's. Of all youth detained in 2021, the highest percentage of AO's resided in 14215, the highest percentage of JO's resided in 14215 and the highest percentage of JDs resided in 14211 and 14215.
 - The City of Buffalo is a highly segregated city. The East Side of the City, where the two predominant zip codes are located, was "red lined" several decades ago, an act which has led to historic disinvestment of public and private funds for community development and betterment activities. This disinvestment has extended to area schools, as well. Poverty is high in these zip codes and services are sparse in comparison to the central and western parts of the City. Resident resources such as grocery stores, banks, pharmacies and other critical services are harder to locate than in other parts of the City. Opportunities for youth employment and positive youth development, particularly for teenagers, are sparse. Environmental degradation and physical deterioration of homes and lots has contributed to blight. Further, a history of disproportionate arrest of African Americans by City police leads to a disproportionate increase of African American representation in the Juvenile Justice system. All of these factors combined contribute to higher representation of juvenile crime in the listed zip codes.
- Resources available at the following link can help you answer these questions:
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>
 - In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger

than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan. For the Placement Admissions data, please add together county data from Tables 1b, 6b, and 7b of the Annual Out of Home Placement Admissions Data Packet.)

Race/Ethnicity	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	33,587	18	180	72	39	67
White	120,197	65	29	12	10	17
Native American/Alaskan	1,388	1	0	0		
Asian/Pacific Islander	10,872	6	0	0		
Hispanic	18,349	10	32	13	7	12

Sex Assigned at Birth	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	94,027	51	193	77	42	72
Female	90,366	49	57	23	16	28

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

African-Americans represent 18% of the general population but 72% of detention admissions and 67% of out-of-home placements. Hispanics represent 10% of general population but 13% of out-of-home placements. Males represent 51% of the general population but 77% of detention admissions and 72% of out-of-home placements. There were 9 youth listed in the detention data as unknown race and ethnicity and 2 youth listed in the placement data of unknown race/ethnicity. Through this plan and more comprehensive planning with Erie County Probation and the Erie County Youth Bureau, a greater focus will be placed on providing African American males with community-based interventions. Strategies are being developed to increase resources for teen programming and opportunities in very high-needs neighborhoods with the highest representation in juvenile justice.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

The Erie County Juvenile Justice system is highly collaborative. The Erie County Juvenile Justice Collaborative consists of representatives from probation, mental health, social services, legal services, law enforcement and others. This group meets monthly to discuss trends in juvenile justice activities and discuss possible collaborative solutions, including pilot initiatives. The Juvenile Detention Services Team is also a collaborative initiative between social services, probation, and mental health which inserts services and programs for youth and families at the early entry point of the juvenile justice system or for youth discharged from detention who are returning to the community. This group meets weekly.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

No formal feedback mechanism has been implemented at this time. Plans to implement a survey tool to practitioners, agencies, participants, families, and staff are in the works for the upcoming year. Individual service

providers implement feedback tools of their own design. The Youth Services Division will RFP for a formal comprehensive Needs Assessment in 22-23.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanisms during PY 2022-2023.

The Youth Services Division has plans to RFP for a comprehensive needs assessment of Erie County youth in 2022-23, which will include the needs of high-risk youth and youth in the Juvenile Justice system.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback);

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2022-2023).

The Youth Services Division does not have the capacity to implement a comprehensive needs assessment for Erie County youth. Appearance Ticket and arrest data was utilized among the scoring team when agencies were selected for STSJP funding but a formal needs assessment will be implemented in 2022-23 when the Division releases an RFP for this professional service.

C. Cooperative Application *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes. (If Yes, please provide their contact details below.)

No. *(If No, skip to Q.4.)*

Officer's Name:	Title:
Phone: ()	Ext:
	Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

B. Program 1 Description and Target Population

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or, as of December 29, 2022, children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the

Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2022-2023.

Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2022-2023:

STSJP	STSJP-RTA	
<input type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input type="checkbox"/>	<input type="checkbox"/>	Early Intervention (EI)

<input type="checkbox"/>	<input type="checkbox"/>	Reentry/Aftercare (R/A)
<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

***Note:** If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program. Additionally, as of December 29, 2022, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:

14201; 14204; 14207; 14208; 14211; 14212; 14213; 14215; 14150; 14075

4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

The High Risk Supervision (HRS) program involves the supervision of RTA and non-RTA youth and requires intensive case management which includes numerous contacts with youth in the community, the family, Family Court, collateral / ancillary services as well as other community organizations which engage the youth and family. Some contacts require after hours home visits and site visits (planned and unplanned / unannounced); crisis response, service provider and family team meetings. This high-intensity supervision is offered to post-dispositional youth and the goal of these intensive supports is to prevent further penetration in the JJ system while keeping youth at home and in community.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality's STSJP data files.)

1. What, if any, funding did this program receive in PY 2021-2022? If the program was approved in PY 2021-2022 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	0	0	5	0	5
STSJP-RTA	0	0	0	7	0	7
Total	0	0	0	12	0	12

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:

It is projected for this program to serve more youth in PY22-23 due to an increase in appearance tickets and the fact that court dockets are returning to normal levels of activity, and due to an increase in community-based diversion services for RTA youth.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	0	0	0	456	0
STSJP-RTA	0	0	0	0	0
Total	0	0	0	456	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

LOS for this program is longer than expected due to the high-risk nature of the youth involved and the long spans of time between court appearances. LOS data in Table 4 for STSJP-RTA is zero due to the fact that no RTA cases closed in the span of time in which data is requested.

6. Will this program's outcomes meet the PY 2021-2022 projected goals by 9/30/2022?

Yes. (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2021-2022?

(b) How will they be met?

8. (a) What outcomes are not on track to meet the goals set for PY 2021-2022?

(b) Please describe any contributing barriers.

Additionally, Youth Bureau staff meets with youth -serving agencies to explain program requirements and monitor and evaluate agency compliance. The Youth Bureau Director directly oversees all STSJP programs and leads collaborative juvenile justice reform initiatives in Erie County. PART III – Goals for PY 2022-2023

Please set the municipality’s goals for its programs to achieve in PY 2022-2023. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals should reflect high, yet realistic, expectations for the programs.
