SHEILA J. POOLE
Commissioner

November 14, 2022

Dear Chief Executive Officer,

Thank you for submitting Franklin County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2022-2023. Your entire STSJP plan, including any amounts listed for PY 2022-2023 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2023, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2022 to September 30, 2023. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD

PLAN SUBMISSION INSTRUCTIONS

STSJP plans are due to the Office of Children and Family Services (OCFS) by 08 / 05 / 2022

- Once you have opened this form on your computer, please use the "Save As" function to save a copy with the following file name: "STSJP 2022-2023 Annual Plan – [ex. Municipality Name]."
- Work from the copy saved in Step 1 as you record your municipality information. Save your work as you complete each section.
- Email the completed application to OCFS at stsjp@ocfs.ny.gov. Use the subject line "STSJP 2022-2023 Annual Plan – [Municipality Name]" to facilitate timely review of your plan.

Please direct any STSJP plan questions to the STSJP mailbox at: stsjp@ocfs.ny.gov, or you may contact Geneva Hilliard 518-486-1819 or Lynn Tubbs 518-473-9116.

NOTE: Cooperative Applications submitted jointly by two or more counties

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:

The major population center of Franklin County is the county seat of Malone(12953). Malone has the largest target population of youth to be served by STSJP and RTA programs. Secondary population centers exist in Saranac Lake(12983) and Tupper Lake(12986). The highest number of YO's, AO's, JO's and JDs originate in those 3 zip codes, with a slight increase per capita from the 12986 zip code. The highest number of PINS come from the 12953 zip code and the 12983 zip code. The two Zip Codes that have the highest number of youth placed in Residential Treatment are 12953 and 12986.

The rural, isolated character of the county contributes to a lack of economic, cultural, and social opportunities for youth from impoverished or isolated family systems, which is a contributing factor to the youth behaviors that lead to court intervention. This would be a factor in the 12986 zip code specifically, as it is one of the larger towns in the county but has very few opportunities and services for it's population. The contributing factor in the highest number of PINS in the 12953 zip code would be that it is the largest school district in the county and is located in the County Seat, which is the most populated town in the county.

In the data year there were no Franklin County youth remanded to Detention and our out of home placements are low.

- Resources available at the following link can help you answer these questions:
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan. For the Placement Admissions data, please add together county data from Tables 1b, 6b, and 7b of the Annual Out of Home Placement Admissions Data Packet.)

Race/Ethnicity	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	134	1	1	50	0	0
White	8,151	85	1	50	7	100
Native American/Alaskan	906	9	0	0		
Asian/Pacific Islander	68	1	0	0		
Hispanic	322	3	0	0	0	0

Sex Assigned at Birth	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	4942	52	2	100	6	86
Female	4639	48	0	0	1	14

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

The only major disparity noted is the number of boys placed as compared to the number of girls, given the general population. The county will keep an eye on this data point. Franklin County does have male and female caseworkers assigned to the unit that handles our Adolescent population to ensure that individual case needs are met, which enhances youth engagement.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

The development and evolution of the current plan has been accomplished by working in close collaboration with multiple community stakeholders. Some of that collaboration is case specific and occurs on an ad hoc basis. Other, more formal, collaboration occurs as follows:

Monthly meetings involving: Franklin County Probation, Community Connections, North Star Behavioral Health Services, St. Joseph's Chemical Dependency Services, Malone Village Police Department, Saranac Lake Village Police Department, Tupper Lake Village Police Department, New York State Police, all local school districts, BOCES, Youth Advocate Program, Berkshire Farms - Stepping Stones Program, Franklin County Family Treatment Court, Franklin County District Attorney's Office, Children's SPOA, Franklin County Tier II, Franklin County Systems of Care, and the Community Intervention Partnership (school/law enforcement/DSS). These meetings occur in a variety of settings in both the northern portion of Franklin County around the Malone population center and in the southern portion of Franklin County in the Saranac Lake population center.

The diverse array of professionals involved in these meetings and the planning process enables the plan contained herein to be reflective of community consensus.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development? Franklin County Dept of Social Services gathers information from youth and children through direct contact with the youth and families regarding their participation and success with all of our contracted services. We talk with families through our Franklin County SPOA Committee involvement and our Systems of Care.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanisms during PY 2022-2023.

The plan incorporates in feedback when we are creating our contracts for services provision with Berkshire Farm for Stepping Stones and Community Connections for Life Skills and Employment programs. For example, we received Feedback on how many dates a month supports what youth are learning in Life Skills and how often during the school year a youth feels is feasible to attend an after school Life Skills Class when they are involved in full time educational programming, working and/or participating in extra-curricular activities. We updated our contract for this service given that important feedback from participants in the program. Should it happen that the current contracted services could not meet the needs of the youth that we serve, the county would seek and fund additional services to meet the specific needs of the youth and families in Franklin County.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback);

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2022-2023).

The county has a very close working relationship with our Systems of Care/CCSI. That organization, through our County Municipality does many community information gathering events. Our county is going to work with this organization to gather feedback and information specific to the population that this Program serves. A survey is being created and will be provided to community members in the 12953 and 12983/12986 zip codes in the Fall of 2022.

C. Cooperative Application (Complete this section only if this is a joint application.)

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes. (If Yes, please provide their contact details below.)

No. (If No, skip to Q.4.)

Officer's Name:

Title:

Phone: ()

Ext:

Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

B. Program 1 Description and Target Population

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or, as of December 29, 2022, children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2022-2023.
 Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2022-2023:

STSJP	STSJP-RTA	
<input type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input type="checkbox"/>	<input type="checkbox"/>	Early Intervention (EI)

<input type="checkbox"/>	<input type="checkbox"/>	Reentry/Aftercare (R/A)
<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

***Note:** If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program. Additionally, as of December 29, 2022, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:
 All of Franklin County (excluding Akwesasne)

4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)
 The EHM system will allow youth to safely remain in their homes and/or communities. The EHM can also be used as a condition of probation in order to assist with ensuring the youth's supervision while avoiding out of area residential placements. The goal is to reduce foster care / residential placement, reduce rearrests, VOPs and recidivism. THE EHM System will be utilized in appropriate RTA cases wherein the goal is to keep an eligible youth out of any type of out of home placement(s).

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality's STSJP data files.)

1. What, if any, funding did this program receive in PY 2021-2022? If the program was approved in PY 2021-2022 but was not implemented or is anticipated to serve no youth, please choose None.
 None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	0	5	0	0	5
STSJP-RTA	0	0	0	1	0	0
Total	0	0	5	1	0	7

3. Based on the program’s record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:
 It is expected that the Program will serve less youth than projected for in the PY 2021-2022 Plan, as the projection was 14 youth overall and to date, there have been 8 youth that have been placed on an EHM this Program Period. In discussions with the Franklin County Probation Director, it is believed that the projected number of 14 youth total is a well projected number for this current plan given the nature of the cases that we are seeing trend in Franklin County.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	0	122	0	0	122
STSJP-RTA	0	0	0	213	0	213
Total	0	0	0	0	0	335

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.
 The average length of stay is within the range of what would be expected for this service type. As it relates to ATD and/or ATP, the time on the monitor is less than one year which historically, youth who enter out of home residential placements, the Average Length of stay is over 365 day.

6. Will this program’s outcomes meet the PY 2021-2022 projected goals by 9/30/2022?

Yes. (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2021-2022?
 (b) How will they be met?

8. (a) What outcomes are not on track to meet the goals set for PY 2021-2022?
 (b) Please describe any contributing barriers.

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2022-2023?

D. Program 1 Service Projections for PY 2022-2023

The Family Specialist will carry a caseload of 5 - 8 families of Pins Diversion Youth or 5-8 RTA Youth by providing vocational support and development by using State Educational Department best practices World of Work Curriculum, assist in finding appropriate educational settings for the youth, coordinate a Youth Support Team

(YST) for each youth, case management for youth and families using the Power Source curriculum, as well as Functional Family Therapy (FFT).

Total	0	21	1	0	0	22

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:
 Based on the record of youth served , it is anticipated that the Program will serve more than projected. The projection in the previous plan was 28 youth, 20 in Early Intervention and 8 in RTA. The number served in Early Intervention is already 1 youth over projection. The numbers above count in carry over youth that had been referred and served prior to October 1, 2021 but were still being served in March of 2022. The projected numbers in the previous plan did not account for that population which makes the numbers look higher than anticipated.

The youth are paid by Community Connections with hope that the support, coaching and mentoring the youth can become permanent employees at or near discharge. The goal is to reduce risk factors that brought youth to the attention of DSS, reduce arrests and law enforcement referrals and successfully divert all need for Court involvement. It will also connect youth with supportive adults and help become a more respected and contributing member of their community. Higher education conversations and mentoring in that area is also provided.</p>

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:
 It is anticipated that this program will be serving less than it's projected capacity on 9/30/22. By that date 6 youth will have been served. The lower number is indicative of the effects of the COVID 19 pandemic and an unforeseen issue with a 2 1/2 month shutdown of the building this program is housed in as it had lost it's roof during a winter storm.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total

STSJP	0	0	0	0	0	0
STSJP-RTA	0	0	0	0	0	0
Total	0	0	0	0	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.
 For those youth that are currently enrolled and from years past, the average length of service in the program is 140 days. 4 to 6 months in a supported work program is appropriate as the goal is to move a youth from Supported work into employment outside of the program.

6. Will this program's outcomes meet the PY 2021-2022 projected goals by 9/30/2022?
 Yes (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2021-2022?
 (b) How will they be met?
 All of the outcomes for this program are on track to meet the program goals. All of the youth have met each goal in that the youth CURRENTLY involved are attending school with no truancy or detentions/suspensions, are able to identify a supportive adult in the community, have had no PINS applications or arrests. Community activities in built into this program and they youth attend and participate and receive a paycheck for their participation which is a great boost to their self-esteem, self worth and independence.

8. (a) What outcomes are not on track to meet the goals set for PY 2021-2022?
 (b) Please describe any contributing barriers.
 The goals are on track, other than the number of projected youth to be served by the Program was lower than anticipated, due to the emergency shutdown of the building that housed the Program for 3 months.

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2022-2023?

The only barrier that this program faced was an almost 3 month shutdown due to the building repairs that were needed after a winter storm. The location has been moved completely and is up and running. Youth are participating and doing well.

PART III – Goals for PY 2022-2023

Please set the municipality’s goals for its programs to achieve in PY 2022-2023. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
