

## Office of Children and Family Services

KATHY HOCHUL  
Governor

SUZANNE MILES-GUSTAVE, ESQ.  
Acting Commissioner

June 27, 2023

Dear Chief Executive Officer,

Thank you for submitting Genesee County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2022-2023. Your entire STSJP plan, including any amounts listed for PY 2022-2023 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2023, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2022 to September 30, 2023. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD  
Deputy Commissioner

### PLAN SUBMISSION INSTRUCTIONS

**STSJP plans are due to the Office of Children and Family Services (OCFS) by 08 / 05 / 2022**

- Once you have opened this form on your computer, please use the "Save As" function to save a copy with the following file name: "STSJP 2022-2023 Annual Plan – [ex. Municipality Name]."
- Work from the copy saved in Step 1 as you record your municipality information. Save your work as you complete each section.
- Email the completed application to OCFS at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov). Use the subject line "STSJP 2022-2023 Annual Plan – [Municipality Name]" to facilitate timely review of your plan.

**Please direct any STSJP plan questions to the STSJP mailbox at: [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov), or you may contact Geneva Hilliard 518-486-1819 or Lynn Tubbs 518-473-9116.**

**NOTE: Cooperative Applications submitted jointly by two or more counties**

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

### PART I – MUNICIPALITY LEVEL DETAILS

#### A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
  - Discuss what factors may be contributing to these high numbers:  
  
Genesee County has a population of approximately 60,000 people. Batavia and Leroy are the 2 largest cities, yet all youth in the County receive the same level of services. Being such a small County and primarily rural, we have about 13 zip codes including Batavia and Leroy. It is within the community of Batavia and Leroy where we see the most problematic children, however, the issues are not significant enough to a point where we need target these services as opposed to other areas in the County. Additionally, we are able to know our kids very well so there is no need to program for specific neighborhoods or communities. When we have approximately 30 PINS youth and 10 EM youth, we are able to know who they are and where they live and what school they attend. The local law enforcement in Genesee County work well with schools and other service providers to serve the entire Genesee County Community. Therefore, for the purpose of STSJP Planning, we are including all youth in Genesee County and not differentiating by a certain zip code.
- Resources available at the following link can help you answer these questions:  
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>
  - In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan. For the Placement Admissions data, please add together county data from Tables 1b, 6b, and 7b of the Annual Out of Home Placement Admissions Data Packet.)

Race/Ethnicity	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	505	4	2	67	3	60
White	10,088	87	0	0	0	0
Native American/Alaskan	146	1	0	0		
Asian/Pacific Islander	99	1	0	0		
Hispanic	707	6	1	33	2	40

Sex Assigned at Birth	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	5,790	50	3	100	5	100
Female	5,755	50	0	0	0	0

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

It is difficult to identify disparities when you look at a one or a two-year snapshot in a small county especially when you are talking about detention admissions. In 2021 we placed three children in detention and this was a high number compared to past years. Still three youth is a low number, so numbers and data are inflated. All three were male, for example, so it looks like Genesee County places only male youth in detention. Nonetheless we are aware that there have been prior disparities with minority populations. Additionally, it appears that in 2020 and again in 2021 there is disparity in general population placement admissions for minorities in Genesee County. Genesee County is aware of the disparity that exists in general with the rate of placements. All staff are now required to attend (and have recently attended) Implicit Bias Training. Our probation officers (PINS) as well as DSS staff are required to attend the trainings. Historically, although the higher rate of placement, the outcomes appear to be similar. This means that the minority youth are achieving their goals at the same rate as the non-minority children in placement, historically. The goals of return to parent or discharge to independent living appear to be similar across racial and ethnic backgrounds.

**B. Local Collaboration**

1. Legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Collaborative efforts are made with various key components in Genesee County. Regular meetings are conducted between Probation and DSS as well as the County Youth Bureau and other the provider agencies. Genesee County has a rich history of local government departments, law enforcement and others to cooperate and collaborate regarding Juvenile Justice issues. Genesee County has a Juvenile Justice Planning Committee (JJPC) that meets on a monthly basis to review data and approaches to serving youth and families in the Juvenile Justice system. Pins Diversion (Program #1) thru Genesee County Probation is an ATP Program that has been successful over the years in preventing out-of-home placement of at risk youth. Genesee County Family Court also supports and recognizes the use of (ATP) Electronic Monitoring (Program #2) as an effective way of keeping youth out of detention and safely in the community. We are also continuing our newest initiative called Juvenile Adjustment Services Committee (JASC) which has met every two weeks. This is different from JJPC in that it will include the actual

service providers in the area (Probation, DSS, Mental Health, School, Family) and we discuss case specific youth and how to best keep them out of any kind of placement. The JASC has shown to be successful so far.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

A mechanism has been developed to elicit comments, suggestions and feedback from the families that have used the STSJP Programs. A survey was developed and mailed to each participant with a postage paid return envelope. The results of the feedback has been analyzed by the Director of Social Services.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanisms during PY 2022-2023.

The feedback we received from the participants was quite minimal unfortunately. We feel this is because people did not have the time to take to fill out the survey by hand and then mail it back even with postage paid. The reason why we did it that way, was because we did not collect email addresses. This year we are collecting email addresses and the survey will be sent in a web link making it easier by clicking on responses and sending it in that way. The responses that we did receive, however, were reviewed and there was some good feedback which will be incorporated in this plan. For instance the suggestion was made to use email to communicate. We will be using the email to get more responses to the survey.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback);

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2022-2023).

A mechanism was devised to elicit comments, suggestions and feedback from high risk communities served. A community wide systems of care survey was developed and sent to community members and community partners. This was in the form of a weblink and sent in an email (as we were able to research and obtain email from the community partners). This format resulted in several good responses. The results of the feedback were analyzed by the Director of Social Services. Suggestions included researching more evidence based programming, which the Director of Social Services is currently doing to incorporate that into this plan for future plans.

**C. Cooperative Application** *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes. (If Yes, please provide their contact details below.)

No. *(If No, skip to Q.4.)*

Officer's Name:		Title:
Phone: ( )	Ext:	Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

**B. Program 1 Description and Target Population**

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or, as of December 29, 2022, children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2022-2023.

Yes  No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2022-2023:

**\*Note:** If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program. Additionally, as of December 29, 2022, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:

All zip codes in Genesee County

4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

The Probation Department's PINS Diversion program is designed to prevent out-of-home placements by engaging the youth, family and others, in the home, school and community. Many of the youth in the PINS Diversion Program are considered "high-risk" for further penetration into the juvenile justice system and eventual out-of-home placements. Officers coordinate services and referrals to counseling and/or community service and they track and monitor the progress of the child and can refer the matter to a judge for court supervision if deemed appropriate.

5. Is the program capable of being replicated across multiple locations?  Yes  No

**C. Program 1 Performance History (Refer to your municipality's STSJP data files.)**

1. What, if any, funding did this program receive in PY 2021-2022? If the program was approved in PY 2021-2022 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.)     STSJP     STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	13	0	0	0	13
STSJP-RTA	0	0	0	0	0	0
Total	0	13	0	0	0	13

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:

This will be close to the projected capacity. COVID slowed the usage in the past STSJP year, however, this seems to be back up to capacity now.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type

STSJP	0	288	0	0	0
STSJP-RTA	0	0	0	0	0
Total	0	288	0	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

Many times children are on PINS Diversion for up to a year, so the average length of service being at 223 is not that surprising and it is what we would expect.

6. Will this program's outcomes meet the PY 2021-2022 projected goals by 9/30/2022?

Yes. (If Yes, skip to section D.)     Partially     No

7. (a) What outcomes are on track to meet the goals set for PY 2021-2022?

(b) How will they be met?

8. (a) What outcomes are not on track to meet the goals set for PY 2021-2022?

(b) Please describe any contributing barriers.

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2022-2023?

Electronic Monitoring (EM) is an ATD/ATPDP Program Serving both RTA and Non-RTA Youth. Genesee Co purchases the services from Behavioral Interventions. DSS staff receive alerts & act accordingly depending on nature of the violation. The EM program is designed to increase the likelihood that the youth attends their next

court date as opposed to having him or her placed in detention. EM also used to deter youth from negative behaviors, identify whereabouts of a youth 24/7, keep the youth at home, in local schools & in the community.

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:

Less than projected. However this number (one) is low. We usually have 3 or 4 youth on EM by this time. Last year there were not as many either and that was due to COVID. We think the number will go back up again and that this past year and a half is not indicative of the actual need.

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

No youth have been discharged as of yet, however, the average time a youth spends on an EM is significantly less than the average length of stay in congregate care. In fact, in the same time period the average length of service for congregate care was 5 months while the ALOS for EM is 23 days, based on years prior.

Accountability Circles provides education to 16 and 17 year old RTA at risk youth, regarding the dangers of drinking and drug use, in addition to personal discussion about the impact of their use on themselves and others. They are facilitated by a trained prevention educator with participation from community members. After the initial discussion, if a participant appears to be in need of further drug or alcohol treatment, a referral will be made.

**PART III – Goals for PY 2022-2023**

Please set the municipality’s goals for its programs to achieve in PY 2022-2023. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
