KATHY HOCHUL
Governor

SUZANNE MILES-GUSTAVE, ESQ.
Acting Commissioner

October 16, 2023

Dear Chief Executive Officer,

Thank you for submitting Greene County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2023-2024. Your entire STSJP plan, including any amounts listed for PY 2023-2024 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2024, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2023, to September 30, 2024. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD

PART I – MUNICIPALITY LEVEL DETAILS
A. Municipality Level Analysis
<ol style="list-style-type: none"> <ol style="list-style-type: none"> Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and Discuss what factors may be contributing to these high numbers: Catskill is the largest municipality and the County seat, zip code 12414. This zip code serves the village and town of Catskill; and for mailing purposes, only, some areas of the Town of Athens. Families tend to stay in the Catskill area, due to the availability of various, albeit limited, services. However, all of the school districts within the county have had youth involved with the juvenile justice system. The factors that seem to lead to youth entering the juvenile justice system include: poverty, limited community resources/supports, family conflicts, and limited skills in responding effectively to adolescent and substance abuse issues. Resources available at the following link can help you answer these questions: https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php <ol style="list-style-type: none"> In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth. For the placement admissions data, please add together county data from Tables 1b-Total OCFS Facility Admissions by Sex, Race/Ethnicity and Age, 6b-JD Foster Care Admissions by Sex, Race/Ethnicity and Age and 7b-PINS Post-Dispositional Foster Care Admissions by Sex, Race/Ethnicity and Age from Annual Out of Home Placement Admissions Data Packet

Black/African American	477	6	0	0	2	100
White	6209	82	0	0	0	0
Native American/Alaskan	30	0	0	0		
Asian/Pacific Islander	110	1	0	0		
Hispanic	789	10	0	0	0	0

Sex Assigned at Birth	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Male	3962	52	0	0	1	50
Female	3653	48	0	0	1	50

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

In reviewing the juveniles who had been admitted into placement, it is noted that the races of the youth are disproportionate for the County population, however, given the small numbers, one must look at the cases, themselves, to determine the causes/apparent disparities, rather than broadly via race categories. The involved youth come from different settings, yet both demonstrated behavior that caused significant strife in the home setting. It is hoped that the referenced early intervention programs will provide opportunities for other youth in similar circumstances, and serve as an aid to lessen chances of their admission in detention/placement settings.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

This plan is submitted in conjunction with the County's overall RTA plan, which has involved collaboration with LDSS and the County Administrator. Probation provides JD intake, with PINS diversion now provided by the Greene County Youth Bureau at an early stage, and if unsuccessful at that level, by LDSS in a more formal PINS diversion effort, with additional services applied. Frequent case discussions occur between Probation, LDSS, and Youth Bureau staff on matters of mutual concern.

2. Is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

In general, we have not been collecting direct feedback from youth and families. We intend to obtain this information via Single Point of Access (SPOA) meetings with related participants, as well as school-based providers/groups. Local DSS has various outside service providers that compile information re: program participation, and it is anticipated that, within the first quarter of program acceptance, we will be able to utilize this information to further plan development. Community meetings will also be considered.

3. Was community feedback in low opportunity ZIP codes sought as part of the STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

In general, we have not been collecting direct feedback from youth and families in low opportunity ZIP codes, whatever they may be in a county such as this. We intend to obtain this information via Single Point of Access (SPOA) meetings with related participants, as well as school-based providers/groups. Local DSS has various outside service providers that compile information re: program participation, and it is anticipated that, within the first quarter of program acceptance, we will be able to utilize this information to further plan development. Community meetings, which have not been held to date, will also be considered as another method of gaining feedback.

C. Cooperative Application *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county:

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes. (If yes, please provide their contact details below.)

No. (If no, skip to Q.4.)

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for jointly funded programs, as well as the names and email addresses of the fiscal officers responsible for jointly funded programs:

PART III – Goals for PY 2023-2024

Please set the municipality’s goals for its programs to achieve in PY 2023-2024. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
