

## Office of Children and Family Services

KATHY HOCHUL  
Governor

SUZANNE MILES-GUSTAVE, ESQ.  
Acting Commissioner

September 25, 2023

Dear Chief Executive Officer,

Thank you for submitting Jefferson County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2023-2024. Your entire STSJP plan, including any amounts listed for PY 2023-2024 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2024, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2023, to September 30, 2024. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

A handwritten signature in black ink, appearing to read 'Nina Aledort', with a stylized flourish at the end.

### PLAN SUBMISSION INSTRUCTIONS

**STSJP plans are due to the Office of Children and Family Services (OCFS) by 08 / 04 / 2023**

- Once you have opened this form on your computer, please use the "Save As" function to save a copy with the following file name: "STSJP 2023-2024 Annual Plan – [ex. Municipality Name]."
- Work from the copy saved in Step 1 as you record your municipality information. Save your work as you complete each section.
- Email the completed application to OCFS at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov). Use the subject line "STSJP 2023-2024 Annual Plan – [Municipality Name]" to facilitate timely review of your plan.

**Please direct any STSJP plan questions to the STSJP mailbox at: [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov), or you may contact Geneva Hilliard 518-486-1819 or Lynn Tubbs 518-473-9116.**

**NOTE: Cooperative Applications submitted jointly by two or more counties**

Two or more eligible local jurisdictions (counties) may join together to establish, operate, and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

### PART I – MUNICIPALITY LEVEL DETAILS

#### A. Municipality Level Analysis

- (a) Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and  
(b) Discuss what factors may be contributing to these high numbers:

Jefferson County (founded in 1805) is a very rural county which boasts 1,857 square miles. This makes it the fourth largest county in NYS geographically. It boasts a population of 116,721 as of the 2020 census. The racial composition of the population from that 2020 census consists of 79.5% white, 6.85% Hispanic/Latino, 5.4% Black/African American, 5.8% other/mixed, 1.9% Asian, .4% Native American and .3% Pacific Islander. It has one city, Watertown (13601), as well as 63 towns, villages and hamlets. Jefferson County shares an international boundary with Canada. The population of the City of Watertown is currently at 24,685 which represents 21% of the entire county population and also a -8.65% decrease in population from the 2010 census. The City of Watertown is the county seat and is our only urban area. It has one hospital, shopping mall, two OASIS certified substance abuse treatment centers and a community college. In addition, Watertown has the only mass transit (Citi Bus system). It only stands to reason that the highest number of youth entering the criminal justice system come from our highest concentration of population. These locations include the City of Watertown as well as Ft. Drum, a large military installation and surrounding towns. The towns surrounding Ft. Drum (13602) include Carthage (13619), Watertown (13601), Evans Mills (13637), Theresa (13691) and Antwerp (13608). Due to the population increase from soldiers and dependants on Ft. Drum, there is a corresponding increase in referrals to probation from those areas surrounding Ft. Drum. However, our highest population continues to be the City of Watertown. Some other factors include transportation for services. For example, the Citibus service runs during daytime hours when youth are presumably in school and only serves the City of Watertown. Transportation for services for youth in areas outside the City of Watertown can be challenging. Furthermore, many families in our community come from a lower socio-economic background and many do not have

employment for a variety of reasons. In addition, because many of our families do not have employment, they also do not have insurance that provides coverage for many services.

2. Resources available at the following link can help you answer these questions:

<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth. For the placement admissions data, please add together county data from Tables 1b-Total OCFS Facility Admissions by Sex, Race/Ethnicity and Age, 6b-JD Foster Care Admissions by Sex, Race/Ethnicity and Age and 7b-PINS Post-Dispositional Foster Care Admissions by Sex, Race/Ethnicity and Age from [Annual Out of Home Placement Admissions Data Packet](#)

Race/Ethnicity	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Black/African American	1975	8	1	25	1	50
White	20357	79	3	75	1	50
Native American/Alaskan	173	1	0	0		
Asian/Pacific Islander	524	2	0	0		
Hispanic	2785	11	0	0	0	0

Sex Assigned at Birth	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Male	13142	51	3	75	2	100
Female	12672	49	1	25	0	0

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

In 2022, we only had four youth in detention which can make it difficult to determine if there are any disparities. Of the four youth in detention, one was Black/African American and three were white. Of this group, one Black/African American youth and one white youth resulted in residential placement. Both youth that were placed were males. A case could be made that a disparity existed in 2022 based on population size and the percent of Black/African american youth in detention or placement. All of our programs are available to all juveniles regardless of race/ethnicity or sex.

**B. Local Collaboration**

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Due to the rural composition of our County, we work in conjunction with a variety of agencies to ensure the best possible outcome for the juveniles and their families. With respect to JD's and AO's, immediately after receiving the police paperwork, the Probation Officer accesses a full gamut of service providers. They contact the arresting agency, the school district, any and all mental health and substance abuse providers and any outside agencies that are affiliated with the youth in an attempt to better assess the situation. This communication stays open throughout the entire process as the information is dynamic and ever changing. If a juvenile is already on supervision, the exact same procedure is followed; The Officer works to identify and develop the current services to meet the needs of the youth. To develop services, we work collaboratively with all service providers to either

modify or increase services that the youth may require. This is based off the information conducted during an Intake with the youth and the family, which includes a validated risk assessment (YASI) to determine risk factors and strengths of the family and youth. In addition, we work with Youth Court, Childrens Home of Jefferson County, Teen Center, Local DSS, mental health and substance abuse providers and our local school districts. Our Department is completely immersed in the local youth community.

2. Is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

Jefferson County Probation Officers work very hard to offer the proper services to all juveniles. In doing so, we receive feedback in many different ways. First and foremost, we receive feedback directly from the youth and their family. We find this is the best source of information. During the intake phase, various needs of the youth are identified through validated risk assessments and in collaboration with dialogue among the youth, family members(s) and intake Officer. Once the needs are identified, we look at what programs are available and subsequently make the appropriate referrals. The supervising officer, youth and family are in regular and frequent contact with each other during office, school, home, and community contacts. Once the program is completed, we are notified by the service provider. The family also provides verbal feedback to the officer as to how their child did in the program, specifically with the Enhanced Probation as well as the Youth Court Educational programs. In addition, the Wrap Around Case Management Program provides a written survey that is completed by both the youth and the parent, independently of each other. The survey is completed at the Children's Home of Jefferson County and the results are shared with the Probation Officer. Furthermore, the Wrap Around Case Management program meets monthly to review each case they have with the Probation Officer in a case conference to determine if needs are being met and the appropriateness and effectiveness of each program.

3. Was community feedback in low opportunity ZIP codes sought as part of the STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

The feedback we receive is utilized to modify services for youth as necessary in all zip codes. We analyze the feedback carefully looking for common patterns, recurring issues and suggestions for improvement. This is done for all geographic areas. Then we develop an improvement plan and move into implementing the new plan, ensuring the changes align with the feedback received and address the identified issues which could be specific to the identified region or zip code.

**C. Cooperative Application** *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county:

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes. (If yes, please provide their contact details below.)

No. (If no, skip to Q.4.)

Officer's Name:	Title:
Phone: ( )	Ext: Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for jointly funded programs, as well as the names and email addresses of the fiscal officers responsible for jointly funded programs:

**B. Program 1 Description and Target Population**

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2023-2024.

Yes     No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2023-2024:

STSJP	STSJP-RTA	
<input type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	Early Intervention (EI)

<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

**\*Note:** If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program. Additionally, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:  
13601, 13619, 13673, 13605

4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

The Youth engage in programs that utilize prosocial activities in a targeted strategy to engage youth at risk of becoming, or alleged to be, a JD, AO, or JO and to prevent further involvement in the juvenile justice system. The selected programs focus on the client's known risk factors that are obtained from the YASI, a validated risk assessment tool. These programs include Law Related Education Classes, Positive Choices, Theft Deterrence, Anger Management, Victim Impact and Marijuana Classes. The Youth begin to understand how their behavior impacts their own future, family and community. Having the understanding that their current behavior has lasting effects is an integral part of these programs. Additionally, they also learn skills to overcome obstacles in their lives. These programs address criminogenic risks and needs as well as serving youth who might otherwise be placed in a

residential facility, but can be maintained in the community with the support of these programs. This program serves both STSJP and RTA youth.

5. Is the program capable of being replicated across multiple locations?  Yes  No

**C. Program 1 Performance History (Refer to your municipality's STSJP data files.)**

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.  
 None (If none, skip to section D.)  STSJP  STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	3	0	0	0	3
STSJP-RTA	0	6	0	0	0	6
Total	0	9	0	0	0	9

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:  
 To date we have already served more STSJP-RTA youth than predicted but less STSJP youth than predicted. However, with the few months remaining I do predict we will serve close to the number of STSJP youth predicted. If the trend with STSJP-RTA youth continues we may double our predicted youth served. This is in direct relation to our total number of intakes for the year. Our number of intakes has substantially increased from last year. We are currently only ten away from the total we did last year.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	0	40	0	0	0
STSJP-RTA	0	24	0	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.  
 Most of the Youth Court education classes consist of one session. However, the Anger Management program consists of 6 sessions. Sometimes youth complete the program by attending 1 session/week and others double up 2 sessions in one week. We try to be flexible with youth and parents' schedules to make it easier for them to complete the program in a timely fashion. As a result, it appears that we are at where we expected to be with our length of service.

6. Will this program's outcomes meet the PY 2022-2023 projected goals by 9/30/2023?  
 Yes. (If yes, skip to section D.)  Partially  No

7. (a) What outcomes are on track to meet the goals set for PY 2022-2023?  
 (b) How will they be met?

8. (a) What outcomes are not on track to meet the goals set for PY 2022-2023?

A Case Manager is assigned to the youth and his/her family. They work with the youth, family, and all service providers in the community, home and school to help enable the families to sustain long-term changes. Additionally, the Case Manager is able to expedite mental health services, offer respite services, transportation and/or other services that meet the needs of the youth. The program is designed to assist with immediate crisis intervention especially in the off hours. This program utilizes pro-social activities that engage at-risk youths to avoid deeper and further penetration into the juvenile justice system. This program serves both STSJP and RTA youth.

5. Is the program capable of being replicated across multiple locations?  Yes  No

**C. Program 2 Performance History (Refer to your municipality's STSJP data files.)**

Total	0	13	0	0	0	13

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:  
 It is interesting to note that last year we projected 12 STSJP youth being served and 5 STSJP-RTA youth being served. Despite the fact we are slightly less than our projection from last year, we still have a couple of months left with new cases coming in every day. As a result, I would anticipate our projection from last year to be extremely close. It is also interesting to note that this program served the exact same number of youth as last year at this time.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.  
 The length of service for this program was significantly higher this year than expected, especially when compared to last year. However, the types of cases this program serves are generally higher risk cases and require much more time and attention. Some examples of the types of cases we have had include significant mental health issues, substance abuse issues and/or sexual offending issues. Despite this, it does appear that this program has been successful in helping keep youth out of residential placements and detention.

If you selected Indirect Services, please list them. (Please refer to the <i>STSJP Annual Plan Development Guide</i> for additional guidance.)</p> <p>This program is used to cover overtime costs of Probation Officers when making evening and weekend home visits and when checking electronic monitoring on off hours. The program is designed for high-risk youth who are at risk of placement. A premise of the program is rewarding positive behavior as a way of motivation that in turn leads to a permanent behavioral change. This is accomplished with the purchase of small amount gift cards, membership fees, and transportation vouchers to youth who have achieved a preset goal. In addition, this year we have added a new feature to this program with several high-risk youth identifying life skills as a daily obstacle for them to overcome. The youth work with a probation officer to develop a simulated budget then together they proceed to a local store to imitate purchasing everyday items. This helps the youth not only learn to budget but to appreciate the value of money and the cost of everyday life expenses. The probation officer takes the youth to lunch following the simulated shopping experience as another form of a positive reward for their hard work. Additionally, graduated sanctions are a part of this program and in turn our department conducts numerous community service projects and the</p>																						

snacks/beverages are part of this program. This program serves adjudicated youth who might otherwise be placed in a residential facility, but with the assistance of this program, can be maintained in the community. This program serves both STSJP and RTA youth.

5. Is the program capable of being replicated across multiple locations?  Yes  No

**C. Program 3 Performance History (Refer to your municipality's STSJP data files.)**

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.)  STSJP  STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	0	0	7	0	7
STSJP-RTA	0	0	0	2	0	2
Total	0	0	0	9	0	9

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:

Last year we projected serving 5 STSJP and 5 STSJP-RTA youth for an overall total of 10 youth. This year we have already exceeded the STSJP number by 2 but are 3 under our anticipated STSJP-RTA number of youth. With that in mind, we still have several months left and I expect we might likely will end up serving slightly more than our anticipated numbers than we initially projected.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	0	0	0	47	0
STSJP-RTA	0	0	0	115	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The average length of service appears to be about what would be expected. For example, a youth on electronic monitoring is typically receiving that service for average of 1-3 months. The older youth (RTA) youth typically seem to have a longer period of electronic monitoring than the younger youth. These numbers seem to fall in that range.

6. Will this program's outcomes meet the PY 2022-2023 projected goals by 9/30/2023?

Yes. (If yes, skip to section D.)  Partially  No

7. (a) What outcomes are on track to meet the goals set for PY 2022-2023?

(b) How will they be met?

8. (a) What outcomes are not on track to meet the goals set for PY 2022-2023?

(b) Please describe any contributing barriers:

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2023-2024?

**PART III – Goals for PY 2023-2024**

Please set the municipality’s goals for its programs to achieve in PY 2023-2024. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
