SHEILA J. POOLE
Commissioner

October 13, 2022

Dear Chief Executive Officer,

Thank you for submitting Livingston County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2022-2023. Your entire STSJP plan, including any amounts listed for PY 2022-2023 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2023, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2022 to September 30, 2023. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:
 - The zip codes with the highest number of youth with juvenile justice involvement are: 14437, 14510 and 14454.
 - Factors contributing to the higher numbers in these zip codes include: untreated mental health issues, lack of supervision, and limited community based resources.
- Resources available at the following link can help you answer these questions:
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>
 - In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan. For the Placement Admissions data, please add together county data from Tables 1b, 6b, and 7b of the Annual Out of Home Placement Admissions Data Packet.)

Race/Ethnicity	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	228	2	0	0	0	0
White	9712	89	6	55	3	100
Native American/Alaskan	27	0	0	0		
Asian/Pacific Islander	169	2	0	0		
Hispanic	745	7	3	27	0	0

Sex Assigned at Birth	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	5539	51	9	82	2	67
Female	5342	49	2	18	1	33

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

Based on the data provided, of the 11 youth detention admissions, 55% were white, 27% hispanic and 18% were unknown race/ethnicity. 9 of the detention admissions were male, 2 were female. The percentage of Hispanic admissions was much higher than the general population percentage for hispanic, yet with a overall small number of total detention admissions, even 1 or 2 significantly increases the percentage. We will continue to provide and link youth of all races and ethnic groups to community based services in order to further their penetration into the juvenile justice system.

For placement, data showed 3 admissions. All 3 were white youth, 2 male and 1 female.

As the majority of the placements are male, Livingston County continues to develop programming such as Adolescent Boys Group facilitated by Reggie Cox to offer as an intervention service.

Transportation to services continues to be a barrier experienced by families.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJ plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Livingston County DSS staff continue to collaborate with the Probation Department, Presentment Agency, Hillside Children's Center, various school districts and Mental Health/SPOA regarding youth and their challenges as well as possible resources. Family Court is aware of current legislation, including Family First, and make determinations based on the least restrictive levels of care when reasonably possible and safety of the youth and community.

2. How is your municipality gathering participant youth and family feedback as part of your STSJ plan development?

Feedback is gathered through staff discussions at quarterly services meetings with the provider agency regarding the youth and their progress. Information is also shared at case closing with County staff assigned to the youth. The provider agency does distributes surveys to both the youth and families to elicit feedback on the various services provided through their agency.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanisms during PY 2022-2023.

Verbal feedback and general survey data furnished by the provider agency are utilized in plan development to assess the effectiveness of the contracted services and to identify any gaps or improvements that could be explored to better assist the youth.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback);

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2022-2023).

Information shared by the provider agency is utilized as one mechanism to gather feedback from the youth served in the high-need zip codes. The municipality will continue to explore alternative ways of gathering feedback in the noted areas. Livingston County DSS is in the beginning stages of developing a survey tool to gain a better understanding of the effectiveness of the services provided to youth and to assist in determining what community based services may be more beneficial to the youth.

No barriers noted. Staff will develop survey and implement in the 2022-2023 program year.

C. Cooperative Application *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes. (If Yes, please provide their contact details below.)

No. *(If No, skip to Q.4.)*

Officer's Name:	Title:
-----------------	--------

Phone: ()	Ext:	Email:
------------	------	--------

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2022-2023.
 Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2022-2023:

***Note:** If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program. Additionally, as of December 29, 2022, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:
 14437, 14510, 14454

4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)
 Youth who are referred to Probation through an arrest, pre-court involvement or other means are assessed for diversionary services, this includes the RTA youth population as well. Throughout the assessment process, youth are provided the opportunity to participate and their service provision can be customized based on the youth's identified needs and/or behaviors that require some adjustments within the community. Skill building support, mentoring, and/or skill based groups will be coordinated to safely maintain the youth in the community and reduce further penetration in the juvenile justice system. The availability of this service will continue to be explored and offered to address the ATD/ATPDP domain to divert youth from detention or pre-dispositional placement.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality's STSJP data files.)

1. What, if any, funding did this program receive in PY 2021-2022? If the program was approved in PY 2021-2022 but was not implemented or is anticipated to serve no youth, please choose None.
 None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP		9				9
STSJP-RTA						
Total		9				9

3. Based on the program’s record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:
 Anticipated that the total youth served for the PY 2021-2022 will be under the projected amount due to limited service delivery from the contracted agency.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP		255			
STSJP-RTA					
Total		255			

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

Average length of stay for EI youth in the first half of PY 21/22 is lower than compared to PY 20/21. Youth are receiving on average 8 months of service whereas in 21/22 is was approxiamtely 17 months. Average 9 month length of service is appropriate for this service, as within that time frame, the youths needs should be addressed and interventions should be in place.

To date, no ATD/ATPDP youth have been served.

6. Will this program’s outcomes meet the PY 2021-2022 projected goals by 9/30/2022?
 Yes. (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2021-2022?
 (b) How will they be met?

8. (a) What outcomes are not on track to meet the goals set for PY 2021-2022?
 (b) Please describe any contributing barriers.
 (a) Number of youth served
 (b) Contracted agency was having difficulty securing staffing during the first half of the program year.

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2022-2023?
 Contract agency has hired staff and services have resumed which will provide for improved outcomes.

Goals should reflect high, yet realistic, expectations for the programs.
