May 13, 2020

Dear Chief Executive Officer,

Thank you for submitting Onondaga County’s Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2019-20. Your plan has been reviewed by the Office of Children and Family Services (OCFS), and we are pleased to inform you that your STSJP plan has been approved.

Please note that this approval does not extend to the amount listed for the STSJP RTA programming unless your county has received a NYS Division of Budget approval letter. OCFS will send out a revised STSJP approval letter reflecting the STSJP RTA programming amount approved by NYS DOB as applicable.

Onondaga County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible non-Raise The Age detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until 6/30/20, unless otherwise approved by the Office of Children and Family Services. If Onondaga County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining the amount that will be shifted and the type of programming or services the re-purposed detention funds will be used for under STSJP. An amended STSJP plan will also need to be submitted.

As a reminder, to access RTA reimbursement for which a municipality may be eligible, the expenditures must be specifically included in a locality’s Division of Budget approved comprehensive RTA plan.

All STSJP claims must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2019 to September 30, 2020. Questions on all aspects of the claiming process should be directed to Daniel Hulihan at (518) 473-4511 or at Daniel.Hulihan@ocfs.ny.gov.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.
If you have any questions, please email us at stsjp@ocfs.ny.gov and write “STSJP Plan Questions” in the subject line so that we may best assist you in a timely manner. You can direct STSJP inquiries to Lynn Tubbs at (518) 473-9116 or Lynn.Tubbs@ocfs.ny.gov.

Sincerely,

Nina Aledort, PhD

### PART III – STSJP-RTA PROGRAM ANALYSIS

#### SECTION 1 Overall Analysis

A. Overall Analysis of Communities

Discuss and identify the neighborhoods or communities by zip codes or areas from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Delinquents (JD) and Persons in Need of Supervision (PINS) enter the youth justice system, and the factors that may be contributing. The County of Onondaga is comprised of 26 towns and villages in addition to the City of Syracuse. As of the 2015 census, the juvenile population in Onondaga County was approximately 53,890. The race/ethnicity breakdown was as follows: white - 37,463, Black-7,766, Latino – 2,972, and Other – 5,689.

While most of the services that are offered to youth/families are available everywhere in Onondaga County, local data has shown the need to provide additional supports in neighborhoods and communities where the majority of
system involved youth come from. In 2018, Youth living in four contiguous zip codes within the City of Syracuse (13204, 13205, 13203, & 13208) account for 54% of supervision cases, 51% of detention admissions, and 67% of placements. It should be noted that the over representation for youth from the identified zip codes are down considerably since the start of the STSJP supported, Community Engagement Initiative. In 2016, youth from these zip codes accounted for 60% of supervision, 68% of detention, and 83% of placement cases respectively.

It should be noted that Onondaga County has made a concerted effort to support youth (and their families) who have exhibited "PINS-related behaviors" with other supportive services rather than Family Court involvement. As a result there is currently one youth adjudicated as a PINS on formal probation and one youth adjudicated as a PINS in placement. PINS related services are not funded through the use of STSJP funding in Onondaga County.

B. Overall Analysis of Disparity

Please provide information indicating whether there is evidence of racial/ethnic disparity in your local system’s use of detention or residential placement. According to 2015 census information, Onondaga County's youth population is 70% White, 14% Black, 6% Hispanic and 11% Multi-Race/Other. Data collected at various system points show an over representation of black youth who account for 60% of arrests, 65% of cases referred to the presentment agency for petition, 64% of the detention population, and 72% of the placement population.

If such disparity exists, describe how this STSJP plan addresses the issues of disparity. Although disparity exists for youth who enter the Juvenile Justice System, through the use of community-based services and credible messengers, Onondaga County has seen a significant reduction in increased disparity for black youth at various system points. From 2016 to 2018, black youth accounted for a smaller percentage of the overall arrest population (68% in 2016 down to 60% in 2018), cases referred to the presentment agency (78% in 2016 down to 65% in 2018), detention admissions (80% in 2016 down to 64% in 2018), and placement (76% in 2016 down to 72% in 2018).

SECTION 2 PERFORMANCE OUTCOMES

For current program year, provide the projected performance outcomes for all of your proposed services and programs. Be sure to include an estimate of the anticipated reductions in detention utilization and residential placements. (250 words or less) All programs which have received STSJP funding in the past meet on a quarterly basis to share and report program progress, review data and performance, report any issues or concerns, as well as share any program strength and successes. All new services providers which have not received previous funding meet on a monthly basis to refine referral process, data collection, as well as to report strengths and successes. In addition, the Director of Juvenile Justice meets informally with the program coordinators to review progress and answer questions.

Onondaga County and the aforementioned service providers all have agreed on program specific, performance measurements which are included in the annual contracts and are reviewed bi-annually.

In addition to the data required to be collected by STSJP programs, the Onondaga County Department of Children & Family Services is rolling out a Results Based Accountability construct for all providers that will feed into department-wide indicators. Each program will have a minimum of three indicators under the RBA framework of "how much do we do," how well do we do it," and "is anyone better off?" While all indicators will feed into larger departmental objectives, they will all be customized for each program.

SECTION 3 COLLABORATION SECTION

As per STSJP legislation, collaboration is required. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, services providers, schools, and youth development programs. The Onondaga County Partnership for Youth Justice vision is that all youth involved in the Juvenile Justice System are given an opportunity to safely stay in their community and receive community based supports that are culturally competent in order to successfully transition to adulthood.

The Partnership’s Steering Committee (which is comprised of service providers, organizational leaders, county department heads, law enforcement, judiciaries, attorneys, court staff, individual from faith-based organizations, probation officers, and interested community members) meets bi-monthly and is the advisory body of the
collaborative which makes recommendations and provides feedback on priority areas, system gaps, and needs. There are two ongoing work groups, as well as smaller, short-term work groups.

As it relates to the STSJP Plan, the Partnership reviews data, creates an annual work plan, as well as contributions to strategic planning focusing on meeting targets and goals. The Partnership also looks at the resources available including STSJP, local funding dedicated to placement, outside grants and partnerships to fund strategies that will fund a continuum of programs and services and interventions that will provide lasting impact on youth and their pathway to successful adulthood.

SECTION 4  COOPERATIVE APPLICATIONS SUBMITTED JOINTLY BY TWO OR MORE COUNTIES

(Complete this section only if this is a joint application.)

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain Supervision and treatment services for juvenile programs, and may enter into agreements in connection therewith.

Counties submitting such applications must provide the following information:

1. Describe the provisions for the proportionate cost to be borne by each county:
2. Describe how personnel will be compensated across and between counties in the cooperative:
3. If a single fiscal officer will be the custodian of the funds made available for STSJP, please provide the officer's name and contact information:
