SHEILA J. POOLE
Commissioner

October 20, 2022

Dear Chief Executive Officer,

Thank you for submitting Ontario County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2022-2023. Your entire STSJP plan, including any amounts listed for PY 2022-2023 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2023, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2022 to September 30, 2023. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:
 - 14424, 14425, 14456, 14469, 14432, 14471, 14504, 14512, 14532, 14548, 14561, 14564, 14585
 - As a rural county we lack many of the services normally available in larger counties. We have a significant lack of mental health services and pro-social programming for youth. The lack of a significant pool of participants make it unfeasible for non-profits to fund the programs, so most are government funded and usually only accessible through diversion or Family Court.
- Resources available at the following link can help you answer these questions:
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>
 - In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan. For the Placement Admissions data, please add together county data from Tables 1b, 6b, and 7b of the Annual Out of Home Placement Admissions Data Packet.)

Race/Ethnicity	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	900	4	1	13	1	33
White	18137	84	4	50	2	67
Native American/Alaskan	49	0	0	0		
Asian/Pacific Islander	448	2	0	0		
Hispanic	1994	9	3	38	0	0

Sex Assigned at Birth	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	10983	51	5	63	2	67
Female	10545	49	3	38	1	33

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

There is very little disparities between races when comparing detention admissions. Our placement admissions are so low, that any disparities are difficult to evaluate.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Ontario County historically collaborates with county departments and with outside agency service providers and school districts. Probation meets monthly with DSS for pre-placement. Officers also participate in SPOA. Probation participates in a joint meeting of stakeholders every three weeks which includes county administration, DSS, Youth Bureau, County Attorney, Mental Health and local non-profit services agencies. Probation often participates in school IEP meetings for youth currently under diversion or supervision. The focus from that group was to lower our use of detention. Glove House and YAP have worked with DSS for many years with success. We have also used those programs for RTA youth. The Center for Dispute Settlement has worked with our adult population for years and will be a natural fit for providing mediation between youth and their families.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Probation staff meets with youth and families to assess the effectiveness of the programs. Both EI programs actively engage the parents and youth in the planning of their programs to meet the needs of their youth. Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanisms during PY 2022-2023.

We use feedback from the families and youth to determine the effectiveness of the programs. We use that feedback to assess our STSJP programs effectiveness and to achieve our goal of maintaining the family unit as much as possible.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback);

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2022-2023).

Probation staff takes an active roll in several community boards including The Partnership for Ontario County, the Child Advocacy Center, BIT, Restorative Justice Board and inclusion in school IEP planning. Our staff also meets with church and community leaders to discuss our programing. Many of those same leaders participate in county boards to offer input on community needs.

C. Cooperative Application *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?
 Yes. (If Yes, please provide their contact details below.)
 No. (If No, skip to Q.4.)

Officer's Name:	Title:
Phone: ()	Ext: Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2022-2023.
 Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2022-2023:

If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

Provide respite services for juvenile justice involved youth that are at high risk for detention or placement due to delinquency or PINS behavior. Respite homes are located in the home county, allowing for family contact and continuation of the youth's home school education. Glove House respite providers are trained as therapeutic foster parents and have direct assistance from Glove House staff. Glove House includes Family Engagement Services to assess the needs of youth and their families by providing evidence-based interventions and strategies. The services will be accessible to the probation department for afterhours emergency referral.

YAP will work with youth <16 and families with familial, social, or emotional barriers that have placed youth at high risk of court involvement. We anticipate the program participation drop a litte for 2022-2023. Social Servciecs has taken over PINS Intake this year. We are uncertain how that may impact YAP Services.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

We expect the youth to be engaged in the program for an average of 6 months. Some have been able to complete early while some have taken a little more time. This program requires time to build a relationship with the youth and their family and some engage quicker than others.

1. What, if any, funding did this program receive in PY 2021-2022? If the program was approved in PY 2021-2022 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total

Total		1				1

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:

We expect the program to service very few youth because of the need to have both the youth and the parents agree to the program. Families have been referred but only one family accepted this period. We still appreciate the option to have the program available despite it's low use.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

Youth engaged in program and succesfully completed after 60 days

6. Will this program's outcomes meet the PY 2021-2022 projected goals by 9/30/2022?

Yes (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2021-2022?

(b) How will they be met?

It is unlikely that the program will meet it's goal for the year. We will continue to refer families to the program. We have invited Social Services PINS services to utilize the program for 2022-2023.

8. (a) What outcomes are not on track to meet the goals set for PY 2021-2022?

(b) Please describe any contributing barriers.

Parents and youth must volunteer to the program. Sometimes the parent does not want to participate.

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2022-2023?

The program director meets with the families to explain the program and attempts to overcome those barriers.
