

Office of Children and Family Services

KATHY HOCHUL
Governor

SUZANNE MILES-GUSTAVE, ESQ.
Acting Commissioner

July 31, 2023

Dear Chief Executive Officer,

Thank you for submitting Ontario County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2023-2024. Your entire STSJP plan, including any amounts listed for PY 2023-2024 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2024, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2023, to September 30, 2024. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD

Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:
 - 14424, 14425, 14456, 14469, 14432, 14471, 14504, 14512, 14532, 14548, 14561, 14564, 14585
 - As a rural county we lack many of the services normally available in larger counties. We have a significant lack of mental health services and pro-social programming for youth. The lack of a significant pool of participants make it unfeasible for non-profits to fund the programs, so most are government funded and usually only accessible through diversion or Family Court
- Resources available at the following link can help you answer these questions:
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>
 - In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth. For the placement admissions data, please add together county data from Tables 1b-Total OCFS Facility Admissions by Sex, Race/Ethnicity and Age, 6b-JD Foster Care Admissions by Sex, Race/Ethnicity and Age and 7b-PINS Post-Dispositional Foster Care Admissions by Sex, Race/Ethnicity and Age from [Annual Out of Home Placement Admissions Data Packet](#)

Race/Ethnicity	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Black/African American	900	4	5	56	2	25
White	18137	84	3	33	6	75
Native American/Alaskan	49	0	0	0		
Asian/Pacific Islander	448	2	1	11		
Hispanic	1994	9	0	0	0	0

Sex Assigned at Birth	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Male	10983	51	6	67	4	50
Female	10545	49	3	33	4	50

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

The numbers are low; however, it is noteworthy that for detention admissions 56% are for black youth which is a high disproportionality as they only make up 4% of the youth population. They also make up 25% of the out of home placement admissions. Our programs are open for all youth and most referrals come from areas of larger minority populations. Two of these programs are designed to address issues involving family relationships. One is to address a specific need and the fourth is to reduce the need for detention.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Ontario County Probation historically collaborates with county departments, outside agency service providers, and school districts. Probation meets monthly with DSS for pre-placement meetings. Officers also participate in SPOA. Probation participates in a joint meeting of stakeholders monthly which includes county administration, DSS, Youth Bureau, County Attorney, Mental Health and local non-profit services agencies. Probation often participates in school IEP meetings for youth currently under diversion or supervision. The focus from that group was to lower our use of detention. The Youth Advocate Program has been a successful program for our STSJP youth and RTA youth. The Center for Dispute Settlement continues to work with our juvenile population and their families. Family Counseling Services of the Finger Lakes has provided services to county families and youth for years. Their Problematic Sexual Behaviors Program has filled a gap in services for youth.

2. Is your municipality gathering participant youth and family feedback as part of your STSJP plan development?
 Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)
 No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

We use feedback from the families and youth to determine the effectiveness of the programs. We use that feedback to assess our STSJP programs effectiveness and to achieve our goal of maintaining the family unit as much as possible.

3. Was community feedback in low opportunity ZIP codes sought as part of the STSJP plan development?
 Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)
 No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

Probation staff takes an active roll in several community boards including The Partnership for Ontario County, the Child Advocacy Center, BIT, Restorative Justice Board and inclusion in school IEP planning. Our staff also meets with church and community leaders to discuss our programing. Many of those same leaders participate in county boards to offer input on community needs. Ontario County has been actively seeking ways to improve community outreach.

C. Cooperative Application *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county:

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?
 Yes. (If yes, please provide their contact details below.)
 No. (If no, skip to Q.4.)

Officer's Name:		Title:	
Phone: ()	Ext:	Email:	

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for jointly funded programs, as well as the names and email addresses of the fiscal officers responsible for jointly funded programs:

This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2023-2024.
 Yes No

Additionally, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:

14424, 14425, 14456, 14469, 14432, 14471, 14504, 14512, 14532, 14548, 14561, 14564, 14585

4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

YAP will work with youth <16 and families with familial, social, or emotional barriers that have placed youth at high risk of court involvement. At risk youth will be determined by the Probation Department which will serve as the program overseer. YAP uses strength-based, wrap-around, community-based services. Emphasis is placed on areas most critical to the family and youth being served

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality's STSJP data files.)

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:

We anticipate the youth capacity may exceed it's projected goal by 9/30/23, dependant on length of service days for each youth.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The anticipated service time is 6 months for each youth served, but the actual use varies depending on the family needs. All of the youth enrolled during this period have successfully completed the program.

6. Will this program's outcomes meet the PY 2022-2023 projected goals by 9/30/2023?

The program provides for enhanced electronic monitoring of Juvenile Delinquent youth <16 at risk of detention or PINS pre-placement. It allows the respondent, either PINS on probation or JD's, to remain in the family or a relative's home in lieu of detention. The program maintains the ability for the department to refer to local service agencies to provide services to the youth and their families. Enhanced monitoring provides point uploading every minute and immediate violation notification to the assigned probation officer and the Sheriff's Department for a more effective location and behavior control, reducing the risk for runaway or committing new offenses that would place them in detention or PINS pre-placement.

5. Is the program capable of being replicated across multiple locations? Yes No

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

We find the average length of stay in the program is a little higher than the number of days a youth will spend in detention, but the benefit of keeping the youth in their home and the reduced cost to the county makes up for it's longer length.
