KATHY HOCHUL  
Governor

SUZANNE MILES-GUSTAVE, ESQ.  
Acting Commissioner

February 2, 2024

Dear Chief Executive Officer,

Thank you for submitting Orange County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2023-2024. Your entire STSJP plan, including any amounts listed for PY 2023-2024 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2024, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2023, to September 30, 2024. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD

### PART I – MUNICIPALITY LEVEL DETAILS

#### A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
  - Discuss what factors may be contributing to these high numbers:  
Orange County has a population of 384,940 and covers 811.7 miles. There are 42 municipalities in the county including 20 towns, 19 villages and 3 cities. The three cities are Newburgh, Middletown and Port Jervis. The population of these cities are Newburgh - 28,834, Middletown - 30,452 and Port Jervis - 8754. A significant number of families living at or below the poverty line reside in the three cities. Census Bureau estimates in 2020 show the percentage of persons living in poverty as follows: Newburgh - 22%, Middletown - 14.8% and Port Jervis - 23.4%. Residence zipcodes 12550 (Newburgh) and 10940 (Middletown) have the largest representation within the juvenile justice system. Factors that may contribute to higher representation of youth living in these zipcodes and becoming involved in the juvenile justice system are unmet mental health needs, gang influence and poverty.
- Resources available at the following link can help you answer these questions:  
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>
  - In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth. For the placement admissions data, please add together county data from Tables 1b-Total OCFS Facility Admissions by Sex, Race/Ethnicity and Age, 6b-JD Foster Care Admissions by Sex, Race/Ethnicity and Age and 7b-PINS Post-Dispositional Foster Care Admissions by Sex, Race/Ethnicity and Age from [Annual Out of Home Placement Admissions Data Packet](#)

	#	%	#	%	#	%
Black/African American	11122	11	15	68	3	43
White	57132	58	1	5	1	14
Native American/Alaskan	238	0	0	0		
Asian/Pacific Islander	2795	3	0	0		
Hispanic	26997	27	6	27	1	14

Sex Assigned at Birth	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions

Female	47862	49	4	18	2	29

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

Orange County's STSJP plan addresses the identified detention disparity by providing "front loaded" services to all youth entering the juvenile justice system in our three cities. Census estimates show City of Newburgh's population is 74.7% black and/or Hispanic and City Middletown is 60.6% black and/or Hispanic. By providing all youth upon arrest in both Newburgh and Middletown with local voluntary Family Engagement Specialist services to assist them in meeting needs and navigating the juvenile justice system we continue to see better outcomes for our youth within these cities. Additionally, our Children's Cross System Team considers cultural barriers when conferencing cases and assigns services best suited to address each individual family and youth needs. All juvenile justice statistics disseminated by the Children's Cross System Team/Raise the Age Coordinator are reported with race and ethnicity included to inform county decision makers of disparity issues.

**B. Local Collaboration**

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Orange County continues to work collaboratively with all juvenile justice involved agencies. In response to changes in the PINS system, OC has implemented a Children's Cross System Team that meets regularly to conference cases and identify service gaps. Additionally, the Children's Cross System Coordinator updates members of the juvenile justice team including law enforcement, Attorney for Children, courts, Probation, school districts, service providers on current trends in our system and elicits feedback and ideas including service needs.

2. Is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

Our STSJP direct service programs elicit feedback through exit survey and parent/guardian/youth engagement (Family Engagement Specialist MHJJ Program) at multiple points. That feedback is used in plan development.

3. Was community feedback in low opportunity ZIP codes sought as part of the STSJP plan development?  
 Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)  
 No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)  
 Though various coalitions and collaboratives, the programming included in the STSJP plan are discussed to solicit community feedback. That feedback is used in plan development.

**C. Cooperative Application** *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county:

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?  
 Yes. (If yes, please provide their contact details below.)  
 No. (If no, skip to Q.4.)

Officer's Name:		Title:
Phone: ( )	Ext:	Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for jointly funded programs, as well as the names and email addresses of the fiscal officers responsible for jointly funded programs:

3. Please list the ZIP codes this program will target:  
All Orange County with additional services offered in 12550, 10940 and 12771

4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

The FES MHJJ program is offered to JD/JO/AO youth arrested in Orange County. Contact is made by the program within days of arrest. The program provides a comprehensive assessment to identify needs and work with the youth/family to meet those needs and navigate the juvenile justice system. 24/7 crisis counseling is available to participating youth. The clinicians assigned to this program are embedded within the Probation Department located in our three cities and assist in providing "Strengthening Families" to high risk youth. \*One time additional allocation NYS share of \$14,260.00 was applied to this program.

5. Is the program capable of being replicated across multiple locations?  Yes  No

**C. Program 1 Performance History (Refer to your municipality's STSJP data files.)**

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:  
Program recently filled one position and a clinician returned from long term leave. It is anticipated that the program will service less than the projected capacity due to the two long term vacancies.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The program has an increased LOS as the program continues throughout the pendency of the case. There were also a couple of outlier cases that increased LOS.

**PART III – Goals for PY 2023-2024**

Please set the municipality’s goals for its programs to achieve in PY 2023-2024. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
