KATHY HOCHUL
Governor

SHEILA J. POOLE
Commissioner

September 19, 2022

Dear Chief Executive Officer,

Thank you for submitting Oswego County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2022-2023. Your entire STSJP plan, including any amounts listed for PY 2022-2023 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2023, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2022 to September 30, 2023. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD
Deputy Commissioner

PLAN SUBMISSION INSTRUCTIONS

STSJP plans are due to the Office of Children and Family Services (OCFS) by 08 / 05 / 2022

- Once you have opened this form on your computer, please use the "Save As" function to save a copy with the following file name: "STSJP 2022-2023 Annual Plan – [ex. Municipality Name]."
- Work from the copy saved in Step 1 as you record your municipality information. Save your work as you complete each section.
- Email the completed application to OCFS at stsjp@ocfs.ny.gov. Use the subject line "STSJP 2022-2023 Annual Plan – [Municipality Name]" to facilitate timely review of your plan.

Please direct any STSJP plan questions to the STSJP mailbox at: stsjp@ocfs.ny.gov, or you may contact Geneva Hilliard 518-486-1819 or Lynn Tubbs 518-473-9116.

NOTE: Cooperative Applications submitted jointly by two or more counties

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:
Oswego County is primarily rural with two cities and nine school districts. The cities, Fulton (13069) and Oswego (13126), have the highest number of JD, PINS, YO and AO cases. This is most likely due to the higher density of youth in these areas and the fact that there is a greater law enforcement presence in the cities than the rest of the county. Additionally, there is a lack of pro-social activities for youth in these communities as well as higher instances of family substance abuse and poverty.
- Resources available at the following link can help you answer these questions:
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>
 - In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan. For the Placement Admissions data, please add together county data from Tables 1b, 6b, and 7b of the Annual Out of Home Placement Admissions Data Packet.)

Race/Ethnicity	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	505	2	0	0	0	0
White	22,160	92	2	100	7	100
Native American/Alaskan	113	0	0	0		
Asian/Pacific Islander	249	1	0	0		
Hispanic	1,173	5	0	0	0	0

Sex Assigned at Birth	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	12,412	51	1	50	4	57
Female	11,788	49	1	50	3	43

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

There are no disparities noted.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

This plan was developed by Probation in conjunction with the Department of Social Services (DSS), Cayuga Centers and the Oswego City-County Youth Bureau. As DSS manages funding for detention, they assisted in determining the appropriate amount to recommend being shifted from the detention allocation. Probation worked with Cayuga Centers to design a respite program to meet the needs of justice-involved youth. The Youth Bureau collaborated with Probation to create a school-based program to help prevent youth identified as high risk from becoming involved with the juvenile justice system. The Youth Bureau also collaborates with the Oswego Middle School to ensure service provision to students with the highest needs.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?
 Probation Intake/Supervision/EM/Ready Respite: Probation staff have frequent interaction with the justice involved youth and their families. As such, they continuously discuss and solicit feedback regarding how these programs can be improved and modified to better meet the needs of the youth and their families. This information is then relayed to the juvenile supervisor and/or director who incorporates it into the plan.

Youth Bureau (PROS program): PROS receives feedback directly from students, as well as from school staff. The school supports what the program is doing so greatly they had PROS staff meet with their PR person for a feature news article through local media outlets. Family feedback is received through school staff.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanisms during PY 2022-2023.

PROS has received extremely positive responses from not only Middle School staff, but also from the students who have successfully completed the program. One of the toughest students completing the program reached out to

the school principal both in-person and in writing to report how beneficial the program was and that the school should continue supporting it. This reinforced the school's participation and need to expand the program.

In regard to probation supervision, a survey form to solicit feedback from youth and their family/guardians was recently developed. There has not yet been enough responses to include the information in the plan. However, as noted above, feedback has been collected informally and incorporated into the plan.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback);

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2022-2023).

The county has a Runaway and Homeless Youth Taskforce (RHY) which meets regularly. The taskforce includes community members from various agencies including Probation, not-for-profits, DSS, Youth Bureau and a city school district. A variety of issues relating to youth and their needs is discussed and shared. This information is used to determine what programming could address these needs and it is incorporated in the STSJP plan.

Specifically, in regard to the program being provided by the Youth Bureau, the school's input was incorporated as school personnel provide the Youth Bureau with the students who could benefit from the program.

C. Cooperative Application *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes. (If Yes, please provide their contact details below.)

No. *(If No, skip to Q.4.)*

Officer's Name:	Title:
Phone: ()	Ext: Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

B. Program 1 Description and Target Population

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or, as of December 29, 2022, children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2022-2023.
 Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2022-2023:

STSJP	STSJP-RTA	
<input type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Early Intervention (EI)

<input type="checkbox"/>	<input type="checkbox"/>	Reentry/Aftercare (R/A)
<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

***Note:** If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program. Additionally, as of December 29, 2022, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:
 13126, 13036, 13114, 13145, 13302, 13069, 13074, 13135, 13142, 13168, 13044

4. Describe the program, including how it is family focused. If you answered “Yes” to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

Probation works with JD youth and their family/guardians via Intake as an Early Intervention service to address their problematic behavior and underlying reason(s) they were charged, thus reducing the likelihood of further involvement with the criminal justice system. Probation also works with JD and PINS youth placed under supervision to address their negative/illegal behavior to avoid placement so they can remain in their community. Both Intake and supervision involve direct intervention by probation officers and referral/collaboration with support services such as Preventive Services, Functional Family Therapy and Multisystemic Therapy. Electronic Monitoring is also sometimes used for JD youth as a supervision tool to monitor their behavior more closely.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality’s STSJP data files.)

1. What, if any, funding did this program receive in PY 2021-2022? If the program was approved in PY 2021-2022 but was not implemented or is anticipated to serve no youth, please choose None.
 None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	40	0	20	0	60
STSJP-RTA	0	0	0	0	0	0
Total	0	40	0	20	0	60

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:
 Based on current trends, it is expected that both Intake and Probation Supervision cases will moderately increase.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	0	76	0	143	0
STSJP-RTA	0	0	0	0	0
Total	0	76	0	143	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.
 Based on the length of Intake and Probation Supervision allowable by regulation, the average length of service for Intake (EI) and Probation Supervision (ATP) was as expected. The average length of both programs was much higher than the average length of stay for youth who were in detention and residential placement.

6. Will this program's outcomes meet the PY 2021-2022 projected goals by 9/30/2022?
 Yes. (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2021-2022?
 (b) How will they be met?

8. (a) What outcomes are not on track to meet the goals set for PY 2021-2022?
 (b) Please describe any contributing barriers.

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2022-2023?

D. Program 1 Service Projections for PY 2022-2023

This respite program will give youth ages 9-17, who are involved with probation (intake, supervision, etc.) the opportunity for a planned respite for up to 5 days at a time in a family foster home with support. This would benefit the youth and/or family by giving a break from their current living situation. This break will allow the youth time to become refocused and de-escalate any potential volatile situations which could help avoid further involvement in the juvenile justice system. During this time, the youth and their family would have an opportunity to "recharge" while maintaining safely in the community respite home. While involved in the program, the youth and family would have access to services provided by Cayuga Centers, including MST. The program would provide up to 10 nights of respite per month.

5. Is the program capable of being replicated across multiple locations? Yes No

1. What, if any, funding did this program receive in PY 2021-2022? If the program was approved in PY 2021-2022 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.) STSJP STSJP-RTA

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:
 Although no youth were served during period 10/1/21-3/31/22, 4 youth have participated in Ready Respite between 3/31/22 and the time of this writing. It is anticipated that the utilization of the program will either stay about the same, or increase.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

STSJP-RTA	0	0	0	0	0
Total	0	0	0	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.
 The length of time youth were in respite (since 3/31/22) ranged from 1 to 5 days (average 3). This is about what would be expected as the purpose of this program is to provide the youth and family a short break to de-escalate a current volatile situation in order to reduce the youth's adverse behavior and help reduce the possibility of further involvement with the juvenile justice system.

6. Will this program's outcomes meet the PY 2021-2022 projected goals by 9/30/2022?

- Yes (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2021-2022?

(b) How will they be met?

The youth placed in respite appeared to benefit as their interactions with family improved when they returned home.

8. (a) What outcomes are not on track to meet the goals set for PY 2021-2022?

(b) Please describe any contributing barriers.

The projected number of youth was lower than expected as the overall number of youth referred to the department (Intake and probation supervision).

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2022-2023?

The projected number of youth to be served by the program in PY 2022-2023 has been reduced due to lower anticipated need. The contract between Cayuga Centers and the Probation Department will be modified to reflect this decreased number (requested funding for the program has been reduced by half in this plan).

The Oswego City-County Youth Bureau has been working since before the onset of the pandemic to develop a new program to implement within the school system at the Oswego Middle School, to start. PROS has the ability to be a very effective way to deliver long-term, impactful and measurable outcomes to youth in our county. This program will allow for more long-term and measurable outcomes by way of different school tracking tools, as well as other youth development tools and frameworks. This new pilot program will address students from a more global and proactive standpoint. PROS will work with students in group and individual approaches, on areas of behavioral concern while in the school setting, as well as in proactive areas, assessing and skill building with them by way of developmental assets, internal and external strengths, supports and relationships, making positive choices and avoidance of risky behaviors. PROS will also focus on growth mindset, mindfulness, social emotional learning and other areas and skillsets that are majorly impactful for students in a lifelong capacity. The program is being designed around the concepts of prevention, intervention, supported reentry, as well as the school district's cornerstones of respect, responsibility and relationships. School staff and administration will be selecting the high-

risk students in their building to participate in the PROS based on current and/or on-going disciplinary issues. The school will also select their at-risk students who they identify as benefitting from a focused and proactive program that offers them structure and the opportunity to develop positive skills and relationships with the goal of keeping them all from higher level program or juvenile justice system involvement. Program materials are researched based, most specifically in the areas of child and youth development as well as resilience and prevention research. By working in partnership with the school system, PROS will have a greater ability to ensure commitment and compliance with the program by youth, incorporate more meaningful parent involvement, create more opportunities for community education and involvement, and the ability to work within a system that can further track and demonstrate program impact and success. The Principal is committed and enthusiastic about the development of this partnership/program and subsequent success for its students. After some time when the program has reached a well-developed stride, it is the Youth Bureau’s best hope to work to expand this program to middle school aged students county wide. STSJP funds would assist in covering the costs of the stipends needed for a school staff liaisons to ensure the schools involvement with the program and its students to ensure continuity outside of specified program hours, some of the program coordinator's time, the cost of transportation to involve the students in different activities and field trips connecting and engaging them with the community and to identify opportunities beneficial to them, program curriculum materials, any new or necessary training for program coordinators that could further credential or provide important and relevant information to benefit the success of the program's curriculum and the students it serves, as well as food/snacks, as the program will operate, at times, outside of regular school hours.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 3 Performance History (Refer to your municipality’s STSJP data files.)

1. What, if any, funding did this program receive in PY 2021-2022? If the program was approved in PY 2021-2022 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	4	0	0	0	0	4
STSJP-RTA	0	0	0	0	0	0
Total	4	0	0	0	0	4

3. Based on the program’s record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:

PROS is planning to serve more students as the program continues to gain traction and move forward. The initial session of PROS was intentionally kept smaller (4 students) as it was it's first time being executed and program staff needed a chance to become familiar with the material in practice rather than in concept, prior to the first execution of the program. PROS is currently operating in summer school and has 9 students, so more than double than in the spring semester. PROS will soon be making plans with the school for the fall roster of students.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	138	0	0	0	0
STSJP-RTA	0	0	0	0	0
Total	138	0	0	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

It is expected that the average length of service will be less than listed on this application going forward.

6. Will this program's outcomes meet the PY 2021-2022 projected goals by 9/30/2022?

Yes (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2021-2022?

(b) How will they be met?

All goals are on track to be met with the exception of the 90% program attendance. Several students have had enough absences that drops this outcome measure below the goal.

8. (a) What outcomes are not on track to meet the goals set for PY 2021-2022?

(b) Please describe any contributing barriers.

90% program attendance. Several students have had enough absences to drop this outcome measure below the goal.

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2022-2023?

Program staff encourages youth to attend school on a daily basis and program staff also stays connected with school staff for support.

PART III – Goals for PY 2022-2023

Please set the municipality’s goals for its programs to achieve in PY 2022-2023. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
