

## Office of Children and Family Services

KATHY HOCHUL  
Governor

SUZANNE MILES-GUSTAVE, ESQ.  
Acting Commissioner

August 2, 2023

Dear Chief Executive Officer,

Thank you for submitting Oswego County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2023-2024. Your entire STSJP plan, including any amounts listed for PY 2023-2024 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2024, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2023, to September 30, 2024. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD  
Deputy Commissioner

PART I – MUNICIPALITY LEVEL DETAILS
<b>A. Municipality Level Analysis</b>
<ol style="list-style-type: none"> <li> <ol style="list-style-type: none"> <li>Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and</li> <li>Discuss what factors may be contributing to these high numbers:  Oswego County is primarily rural with two cities and nine school districts. The cities, Fulton (13069) and Oswego (13126), have the highest number of JD, PINS, YO and AO cases. This is most likely due to the higher density of youth in these areas and the fact that there is a greater law enforcement presence in the cities than the rest of the county. Additionally, there is a lack of pro-social activities for youth in these communities as well as higher instances of family substance abuse and poverty.</li> </ol> </li> <li>Resources available at the following link can help you answer these questions: <a href="https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php">https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php</a> <ol style="list-style-type: none"> <li>In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth. For the placement admissions data, please add together county data from Tables 1b-Total OCFS Facility Admissions by Sex, Race/Ethnicity and Age, 6b-JD Foster Care Admissions by Sex, Race/Ethnicity and Age and 7b-PINS Post-Dispositional Foster Care Admissions by Sex, Race/Ethnicity and Age from <a href="#">Annual Out of Home Placement Admissions Data Packet</a></li> </ol> </li> </ol>

Female	11,788	49	1	50	2	33

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

There were twice as many males placed as females in 2022. In order to attempt to address this and reduce the number of males placed, the department has begun providing the Decision Points curriculum to youth, with the group being all or primarily males.

**B. Local Collaboration**

1. Legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

This plan was developed by Probation in conjunction with the local Department of Social Services (DSS) and the Oswego City-County Youth Bureau. As DSS manages funding for detention, they assisted in determining the appropriate amount to recommend being shifted from the detention allocation. Probation also collaborated with the Youth Bureau to create a school-based program to help prevent youth identified as high risk from becoming involved with the juvenile justice system. The Youth Bureau also collaborates with the Oswego City Middle School to ensure service provision to students with the highest needs.

2. Is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

Probation Intake/Supervision: Probation staff have frequent interaction with the justice involved youth and their families. As such, they continuously discuss and solicit feedback regarding how these programs can be modified and improved to better meet the needs of the youth and their families. This information is then relayed to the juvenile supervisor and/or director who incorporates it into the plan.

Youth Bureau (PROS Program): Youth Bureau staff receives feedback directly from students and school staff regarding the PROS program. School staff receive feedback from the families of the youth. This feedback is used to modify and further develop the program to best suit the needs of the youth.

3. Was community feedback in low opportunity ZIP codes sought as part of the STSJP plan development?  
 Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)  
 No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

The county has a Runaway and Homeless Youth (RHY) Taskforce which meets regularly. The taskforce includes community members from various agencies, including Probation, not-for-profits, LDSS, Youth Bureau and a city school district (from a high need zip code). A variety of issues relating to youth and their needs is discussed and shared. This information is used to determine what programming could address these needs and it is incorporated in the STSJP plan.

**C. Cooperative Application** *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county:

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?  
 Yes. (If yes, please provide their contact details below.)  
 No. (If no, skip to Q.4.)

Officer's Name:	Title:
-----------------	--------

Phone: ( )	Ext:	Email:
------------	------	--------

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for jointly funded programs, as well as the names and email addresses of the fiscal officers responsible for jointly funded programs:

**B. Program 1 Description and Target Population**

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2023-2024.  
 Yes     No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2023-2024:

STSJP	STSJP-RTA	
<input type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Early Intervention (EI)

<input type="checkbox"/>	<input type="checkbox"/>	Reentry/Aftercare (R/A)
<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

**\*Note:** If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program. Additionally, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:  
13126, 13036, 13114, 13145, 13302, 13069, 13074, 13135, 13142, 13168, 13044

4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

Probation works with JD youth and their family/guardians via Intake as an Early Intervention service to address their problematic behavior and underlying reason(s) they were charged, thus reducing the likelihood of further involvement with the justice system. Probation also works with JD and PINS youth placed under supervision to address their negative/illegal behavior to avoid placement so they can remain in their community. Both Intake and Supervision involve direct intervention by probation officers and referral/collaboration with support services such as Preventive Services, Functional Family Therapy (FFT) and Decision Points. Electronic Monitoring is also sometimes utilized for JD youth as a supervision tool to monitor their behavior more closely.

5. Is the program capable of being replicated across multiple locations?  Yes  No

**C. Program 1 Performance History (Refer to your municipality's STSJP data files.)**

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.)  STSJP  STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	79	0	13	0	92
STSJP-RTA	0	0	0	0	0	0
Total	0	79	0	13	0	92

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:  
Based on current trends, it is expected that the number of both Intake and Probation Supervision cases will remain about the same.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	0	108	0	285	0
STSJP-RTA	0	0	0	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

Based on the length of Intake and Probation Supervision allowable by regulation, the average length of service for Intake (EI) and Probation Supervision (ATP) was as expected. The length for Intake services reflects that an extension is oftentimes approved by the court. The average length for both services is much higher than the average length of stay for youth who were in detention and residential placement.

6. Will this program's outcomes meet the PY 2022-2023 projected goals by 9/30/2023?

Yes. (If yes, skip to section D.)       Partially       No

7. (a) What outcomes are on track to meet the goals set for PY 2022-2023?

(b) How will they be met?

The number of Intake cases are higher than projected, and the percentage of cases successfully adjusted has increased.

8. (a) What outcomes are not on track to meet the goals set for PY 2022-2023?

(b) Please describe any contributing barriers:

The number of Probation Supervision cases is lower than projected. This is most likely due to the combination of cases being adjusted at Intake making it unnecessary to be petitioned into Family Court, and the fact that the Presentment Agency oftentimes chooses not to file petitions on some cases. The percentage of the cases resulting in a Violation of Probation has increased some due to the seriousness of the cases being received.

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2023-2024?

The department has begun providing the Decision Points curriculum and is researching other available evidenced-based programs we can refer youth to in order to address their current needs.

**D. Program 1 Service Projections for PY 2023-2024**

The Oswego City-County Youth Bureau has been working since before the onset of the pandemic to develop a new program to implement within the school system at the Oswego Middle School, to start. PROS has the ability to be a very effective way to deliver long-term, impactful and measurable outcomes to youth in our county. This program allows for more long-term and measurable outcomes by way of different school tracking tools, as well as other youth development tools and frameworks. This new pilot program will address students from a more global and proactive standpoint. PROS will work with students in group and individual approaches, on areas of behavioral concern while in the school setting, as well as in proactive areas, assessing and skill building with them by way of developmental assets, internal and external strengths, supports and relationships, making positive choices and avoidance of risky behaviors. PROS will also focus on growth mindset, mindfulness, social emotional learning and other areas and skillsets that are majorly impactful for students in a lifelong capacity. The program is being designed around the concepts of prevention, intervention, supported reentry, as well as the school district's cornerstones of respect, responsibility and relationships. School staff and administration will be selecting the high risk students in their building to participate in the PROS based on current and/or on-going disciplinary issues. The school will also select their at-risk students who they identify as benefitting from a focused and proactive program that offers them structure and the opportunity to develop positive skills and relationships with the goal of keeping them all from higher level program or juvenile justice system involvement. Program materials are researched based, most specifically in the areas of child and youth development as well as resilience and prevention research. By working in partnership with the school system, PROS will have a greater ability to ensure commitment and compliance with the program by youth, incorporate more

meaningful parent involvement, create more opportunities for community education and involvement, and the ability to work within a system that can further track and demonstrate program impact and success. The principal is committed and enthusiastic about the development of this partnership/program and subsequent success for its students. After some time when the program has reached a well-developed stride, it is the Youth Bureau’s best hope to work to expand this program to middle school aged students county wide. STSJP funds would assist in covering the costs of the stipends needed for a school staff liaison to ensure the school's involvement with the program and its students to ensure continuity outside of specified program hours, some of the program coordinator's time, the cost of transportation to involve the students in different activities and field trips connecting and engaging them with the community and to identify opportunities beneficial to them, program curriculum materials, any new or necessary training for program coordinators that could further credential or provide important and relevant information to benefit the success of the program's curriculum and the students it serves, as well as food/snacks, as the program will operate, at times, outside of regular school hours.

5. Is the program capable of being replicated across multiple locations?  Yes  No

Total	10	0	0	0	0	10

3. Based on the program’s record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:  
 It is anticipated that slightly less youth will be served than projected. This is most likely due to the school providing the student roster later in the semester than the year prior, in addition to the program being fairly new and it taking a bit longer to work through the material with students than initially anticipated.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.  
 Length of service is lower than last reporting period, however, it isn't technically accurate. We meet with our students twice per week, so although they are open with us all of those days, they are not receiving services all of those days. We also project to have a few carry over into the next program year, as we had a late start with them last semester.

**Program 9 Description and Target Population**

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2023-2024.

Yes  No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2023-2024:

**PART III – Goals for PY 2023-2024**

Please set the municipality’s goals for its programs to achieve in PY 2023-2024. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
