Commissioner

January 5, 2022

Dear Chief Executive Officer,

Thank you for submitting Otsego County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2021-2022. Your entire STSJP plan, including any amounts listed for PY 2021-2022 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2022, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2021 to September 30, 2022. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

NOTE: Cooperative Applications Submitted Jointly by Two or More Counties

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. MUNICIPALITY LEVEL ANALYSIS

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS), enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:
Otsego County is a rural county of about 60,000 people. Based on its rural nature, there is not one community or zip code which can be identified as contributing to the juvenile justice system more than another community. Drug use continues to be a prevailing problem among this population. Much of this may be attributed to the lack of activities in Otsego County, especially during the COVID pandemic, and lack of transportation to the activities that do exist.
- Resources available at the following link can help you answer these questions:
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>
 - In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan.)

Race/Ethnicity	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	382	4	0	0	1	25
White	8247	88	1	20	1	25
Native American/Alaskan	19	0	0	0		
Asian/Pacific Islander	172	2	0	0		
Hispanic	535	6	0	0	0	0

Sex Assigned at Birth	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	4815	51	5	100	2	100
Female	4540	49	0	0	0	0

b) If you identified any disparities when comparing youths' representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

All placement and detention admissions in Otsego County were males. Of the detention admissions, 20% were white and 25% of all placement admissions were Black/African Americans. Due to the low numbers of placements, any placements of individuals that are not white, will cause a disparity. Based on that, there is really no corrective action that can be implemented, however some staff were previously trained on implicit bias. In the upcoming year, more trainings on this will be sought out and officers will be required to attend at least one.

B. LOCAL COLLABORATION

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Due to the limited time to meet (with many individuals still working from home) a plan was drafted and recommendations was requested from individuals from various local agencies (including courts, schools, DSS, Mental Health, and Attorneys for Children). The proposed STSJP was accepted with the understanding that beginning mid-2022 the participants will form a task force to review the effectiveness of the plan and to begin exploring alternatives if necessary.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

We have not received family and youth feedback.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the municipality implementation plan to develop such feedback mechanisms during PY 2021-2022. Over the first reporting period of the 2021-2022 STSJP service (10/1/2021-3/30/2022) the JD/PINS supervisor will work with DSS and mental health to identify youths and family members that will show an interest in future planning.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes No

If yes, please describe how the plan incorporates that feedback; if no, please describe the municipality implementation plan to develop such feedback mechanism during PY 2021-2022.

Otsego County will reach out to system of care providers as well as the local SPOA coordinator and schools for feed back during the 2021-2022 plan year. This will occur through joint meeting that will take place beginning May 2022.

C. COOPERATIVE APPLICATION (COMPLETE THIS SECTION ONLY IF THIS IS A JOINT APPLICATION.)

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJJP?
 Yes (If Yes, please provide their contact details below.)
 No (If No, skip to Q4.)

Officer's Name:	Title:
Phone: ()	Ext:
	Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

B. PROGRAM 1 DESCRIPTION AND TARGET POPULATION

1. A Family Support Service program (FSS) may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS. This program meets the legal definition of a **Family Support Services (FSS) program (Social Services Law Section 458-m)** and will operate in this capacity for PY 2021-2022. Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2021-2022:

STSJP	STSJP-RTA	
<input type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Early Intervention (EI)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Alternative to Detention / Pre-Dispositional Placement (ATD / ATPDP)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Alternative to Placement (ATP)
<input type="checkbox"/>	<input type="checkbox"/>	Reentry / Aftercare (R / A)
<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

*Note: If you indicated this program will operate as an FSS, it cannot provide STSJJP-RTA services under this program.

3. Please list the ZIP codes this program will target:
 All County

4. Describe the program, including how it is family focused. If you answered "Yes" to Q1 (FSS), be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the STSJP Annual Plan Development Guide for additional guidance.)

The use of drug screens aids the county and family in understanding a youth's substance use issues. This allows for appropriate recommendations for treatment, including outpatient and inpatient. The family will understand if the youth is continuing to use illegal drugs and that will allow them to make arrangements and plans with the youth to further protect them. This program will serve non-RTA youth at the diversion level to prevent further progression into the juvenile justice program, as well as an alternative to detention/alternative to pre-dispositional placement, and alternative to placement for adjudicated youth.

5. Is the program capable of being replicated across multiple locations? Yes No

C. PROGRAM 1 PERFORMANCE HISTORY (REFER TO YOUR MUNICIPALITY'S STSJP DATA FILES.)

1. What, if any, funding did this program receive in PY 2020-2021? If the program was approved in PY 2020-2021, but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type								Total
	P	EI	ATD/ATPDP				ATP	R/A	
			(PINS)	(JO/JD)	(JD-RTA)	(AO)			
STSJP	0	4	0	2	0	0	1		7
STSJP-RTA	0	0			0	0	0	0	0
Total	0	4	0	2	0	0	1	0	7

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:

At this point, this county projects that we will serve less youths than anticipated. The main reason for this was the COVID-19 pandemic, which reduced the amount of youths that were being seen in person, except for cases that arose to the level that an in-person meeting was necessary.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type							
	P	EI	ATD/ATPDP				ATP	R/A

STSJP	0.00	100.00	0.00	139.00	0.00	0.00	180.00	0.00
STSJP-RTA	0.00	0.00			0.00	0.00	0.00	0.00

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The average length of stay continues to be in line with expectations. As a comparison, most of the youths in residential programs or detentions were in there for an average of 180 days.

6. Will this program's outcomes meet the PY 2020-2021 projected goals by 9/30/2021?

Yes (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2020-2021? (b) How will they be met?

The goals are on track to be met. At this time, no youth who has worked with this service has been placed in a residential or into a detention setting. If there is need for further intervention, community based programs will be sought.

8. (a) What outcomes are not on track to meet the goals set for PY 2020-2021? (b) Please describe any contributing barriers.
None.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2021-2022?
No changes will be made.

This program will work with youths who have a history of non-compliance with curfew, which has contributed to the behaviors that brought them to the attention of probation and/or the courts. Parents will have support in overseeing that the youth is complying with curfew. If not, the department will have the ability to locate areas they visited to get an understanding of who they may be with or if they go to an area that they should be restricted. This program will be utilized with non-RTA youth as an Alternative to Detention/Alternative to pre-dispositional placement during the pending of the case and as an Alternative to Placement for adjudicated youth.

3. Based on the program’s record of youth served (Q2), do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:
 This program will serve less than was projected. With the outbreak of COVID-19, most court interventions were shut-down. Referrals and JD interventions declined, though we are starting to see an increase at this time. Referrals to court decreased, and no youths were ordered onto electronic monitoring.

The program will allow for a youth to be out of the home for a set amount of days if issues causing the behaviors stem from a disruption at home. This will be used to prevent youths who are at risk of entering the system or who are at the intake stage from going to court (which will reduce the possibility of placement), At the ATD/ATPDP stage to prevent the need of detention/pre-dispositional placement prior to disposition or post disposition for juvenile delinquents, and to reduce placements post disposition. This program will be utilized with RTA and non-RTA youth.

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2021-2022:

STSJP	STSJP-RTA	
<input type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input type="checkbox"/>	<input type="checkbox"/>	Early Intervention (EI)

*Note: If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program.

3. Please list the ZIP codes this program will target:

All County

4. Describe the program, including how it is family focused. If you answered "Yes" to Q1 (FSS), be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the STSJP Annual Plan Development Guide for additional guidance.)

This program will be used to get bus passes or gas cards for families so that their child can make necessary appointments or, if they are showing criminogenic behaviors, to incentivize the youths to correct the behaviors.

5. Is the program capable of being replicated across multiple locations? Yes No

C. PROGRAM 4 PERFORMANCE HISTORY (REFER TO YOUR MUNICIPALITY'S STSJP DATA FILES.)

1. What, if any, funding did this program receive in PY 2020-2021? If the program was approved in PY 2020-2021, but was not implemented or is anticipated to serve no youth, please choose None.
 None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type								Total

STSJP	0	0	0	0	0	0	0	0	0
STSJP-RTA	0	0			0	0	0	0	0
Total	0	0	0	0	0	0	0	0	0

3. Based on the program's record of youth served (Q2), do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:
 This program will be serving less then projected. With the slowdown and restriction on face to face contacts, the ability to use this line became limited.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

STSJP-RTA	0.00	0.00			0.00	0.00	0.00	0.00

5. How does the average length of service (Q4) compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.
 This budget line was not utilized

6. Will this program's outcomes meet the PY 2020-2021 projected goals by 9/30/2021?
 Yes (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2020-2021? (b) How will they be met?
 No outcomes will be met as this budget line has not been utilized.

8. (a) What outcomes are not on track to meet the goals set for PY 2020-2021? (b) Please describe any contributing barriers.
 This budget line has not been utilized as the COVID-19 pandemic continues to restrict many face to face meetings and many community based programs have yet to re-open.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2021-2022?
 It is hoped that as the pandemic numbers decrease programs will begin to re-open and face to face meetings will allow for more discovery of appropriate behavioral interventions.

This program will be able to be utilized to prevent the placement of a child due to their behaviors at home and in the community. ICAN SPIN can provide services, such as wake up calls, diagnosis services, and family counseling services in order to keep the youth at home. This can happen no matter at what point in the juvenile justice system the youth is. This program can be accessed during non-traditional hours. This program will serve non-RTA youth to prevent their entry into the juvenile justice system. It will serve RTA and non-RTA youth to divert them from further progression into the juvenile justice system, as an Alternative to Detention/Alternative to predispositional placement, and an Alternative to Placement for adjudicated youth.

5. Is the program capable of being replicated across multiple locations? Yes No

3. Based on the program's record of youth served (Q2), do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:
 This program will serve less than was projected. With the outbreak of COVID-19, most court interventions were shut-down. Referrals and JD interventions declined, though we are starting to see an increase at this time. Referrals to court decreased, and no youths were ordered onto electronic monitoring.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

5. How does the average length of service (Q4) compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.
 The average length of stay for this program was in line with expectations. This outpatient diagnostic was able to be completed in one day. A one day timeframe is not typical of programs offered by ICAN. The average length of a youth in detention or residential is 180 days.

This funding will aid the family of youths returning to the community from placement by incentivizing the youth to comply with any court rules and/or societal norms by ensuring parents can get the youths to recommended appointments through the use of gas cards or bus passes. It will reward the youth for correcting their behavior through the use of incentives including, but not limited to YMCA memberships, gift cards, itunes cards, ect.

PART III – Goals for PY 2021-2022

Please set the municipality's goals for its programs to achieve in PY 2021-2022. State-required outcomes have been included with space for you to identify what programs in **Part II-Program Details** will serve youth within each service domain. Goals should reflect high, yet realistic, expectations for the programs.
