

## Office of Children and Family Services

KATHY HOCHUL  
Governor

SUZANNE MILES-GUSTAVE, ESQ.  
Acting Commissioner

September 6, 2023

Dear Chief Executive Officer,

Thank you for submitting Otsego County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2023-2024. Your entire STSJP plan, including any amounts listed for PY 2023-2024 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2024, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2023, to September 30, 2024. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD  
Deputy Commissioner

PART I – MUNICIPALITY LEVEL DETAILS
<b>A. Municipality Level Analysis</b>
<ol style="list-style-type: none"> <li>1. (a) Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and (b) Discuss what factors may be contributing to these high numbers:                       Otsego County is a rural county of about 60,000 people. Based on its rural nature, there is not one community or zip code which can be identified as contributing to the juvenile justice system more than another community. Drug use continues to be a prevailing problem among this population. Much of this may be attributed to the lack of activities in Otsego County, decrease in number of treatment providers, and overall lack of transportation to any programs.</li> <li>2. Resources available at the following link can help you answer these questions:  <a href="https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php">https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php</a> <ol style="list-style-type: none"> <li>(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth. For the placement admissions data, please add together county data from Tables 1b-Total OCFS Facility Admissions by Sex, Race/Ethnicity and Age, 6b-JD Foster Care Admissions by Sex, Race/Ethnicity and Age and 7b-PINS Post-Dispositional Foster Care Admissions by Sex, Race/Ethnicity and Age from <a href="#">Annual Out of Home Placement Admissions Data Packet</a></li> </ol> </li> </ol>

Race/Ethnicity	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Black/African American	355	4	0	0	0	0
White	8061	88	1	100	1	100
Native American/Alaskan	22	0	0	0		
Asian/Pacific Islander	166	2	0	0		
Hispanic	544	6	0	0	0	0

Sex Assigned at Birth	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Male	4660	51	0	0	0	0
Female	4488	49	1	100	1	100

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

While the data shows that 100 percent of the placements were female and white, there was only one placement last year. Based on such a low number, there is no evidence of any disparities.

**B. Local Collaboration**

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

This plan was developed by meeting with a representative from DSS, Probation, the Otsego County Attorney's Office, and Catholic Charities. School input was sought separately. Schools are seeking community based programs or programs that can come into the schools and work with students.

2. Is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

- Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)
- No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

Throughout the STSJP year, Officers would discuss with youth and their family the effectiveness of the programs. For instance, many youth reported refraining from using illegal substances knowing that they could be drug tested, while others reported that the knowledge of an upcoming test had little to no impact on their decision to use. Being that the screening prevented some youth from using illegal substances, it was kept in this year's programs.

3. Was community feedback in low opportunity ZIP codes sought as part of the STSJP plan development?

- Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)
- No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

As this is a rural county, it is not possible to define which zip code is "high need." At risk areas can change month to month. This plan was developed with the added information provided by the Otsego County Family Resource Networks, which serves families across Otsego County by providing direct services and by directing families as to which services may meet their child's needs.

<b>C. Cooperative Application</b> <i>(Complete this section only if this is a joint application.)</i>	
1. Describe the provisions for the proportionate cost to be borne by each county:	
2. Describe how personnel will be compensated across and between counties in the cooperative:	
3. Will a single fiscal officer be the custodian of the funds made available for STSJJP? <input type="checkbox"/> Yes. (If yes, please provide their contact details below.) <input type="checkbox"/> No. (If no, skip to Q.4.)	
Officer's Name:	Title:
Phone: ( )	Ext:                      Email:
4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJJP data for jointly funded programs, as well as the names and email addresses of the fiscal officers responsible for jointly funded programs:

<b>B. Program 1 Description and Target Population</b>		
1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2023-2024. <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2023-2024:

<p><b>*Note:</b> If you indicated this program will operate as an FSS, it cannot provide STSJJP-RTA services under this program. Additionally, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.</p>		
3. Please list the ZIP codes this program will target:		

All County.

4. Describe the program, including how it is family focused. If you answered “Yes” to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

The use of drug screens aids the county and family in understanding a youth's substance use issues and if the use is continuing even with interventions. This allows for appropriate recommendations for treatment, including outpatient and inpatient. The family will understand if the youth is continuing to use illegal drugs and that will allow them to make arrangements and plans with the youth to further protect them. This program will serve non-RTA youth at the diversion level to prevent further progression into the juvenile justice program, as well as an alternative to detention/alternative to pre-dispositional placement, and alternative to placement for adjudicated youth.

5. Is the program capable of being replicated across multiple locations?  Yes  No

**C. Program 1 Performance History (Refer to your municipality’s STSJP data files.)**

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.)  STSJP  STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	7	0	5	0	12
STSJP-RTA	0	0	0	0	0	0
Total	0	7	0	5	0	12

3. Based on the program’s record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:

We are projecting that this program will serve less than half of the projected capacity. Only 12 of a projected 29 youth has been served by this program. There are no indications of a significant increase in the number of youth needing this service will occur prior to the end of this grant year.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	0	101	0	138	0
STSJP-RTA	0	0	0	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The average length of services is what was expected for this particular service. As for ATD/ATPDP, the length of stay in that service is less than the time a youth was in placement. Otsego County had one youth placed in a residential for the entirety of the first half of the 2022-2023 STSJP Grant.

6. Will this program’s outcomes meet the PY 2022-2023 projected goals by 9/30/2023?

Yes. (If yes, skip to section D.)  Partially  No

7. (a) What outcomes are on track to meet the goals set for PY 2022-2023?

(b) How will they be met?

The outcome that is still on track to be met is the continued use of drug screens which will continue to monitor if a youth's substance abuse is still an issue or if there has been a decrease in usage.

8. (a) What outcomes are not on track to meet the goals set for PY 2022-2023?

(b) Please describe any contributing barriers:

The outcome that is not on track is the number of youth that will be served by this program. The contributing factor is that we have less youth on JD or PINS services.

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2023-2024?

No changes need to be made. A decrease in JD and PINS cases is preferred. We will keep the same goals to cover if there is an increase in JD and PINS youth in the 2023-2024 year.

**D. Program 1 Service Projections for PY 2023-2024**

The program will allow for a youth to be out of the home for a set amount of days if issues causing the behaviors stem from a disruption at home. This will be used to prevent youth who are at risk of entering the system or who are at the intake stage from going to court (which will reduce the possibility of placement), at the ATD/ATPDP stage to prevent the need for detention/pre-dispositional placement prior to disposition or post disposition for juvenile delinquents, and to reduce placements post disposition. This program will be utilized with RTA and non-RTA youth.

3. Based on the program’s record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:

This program will serve less then the projected capacity. This is due to the funding not being utilized, except for one youth, during the first half of the grant year.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	0	1	0	0	0
STSJP-RTA	0	0	0	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The average length of services is what was expected for this particular service. As for ATD/ATPDP, the length of stay in that service is less the the time a youth was in placement. Otsego County had one youth placed in a residential for the entirety of the first half of the 2022-2023 STSJP Grant.

6. Will this program’s outcomes meet the PY 2022-2023 projected goals by 9/30/2023?  
 Yes. (If yes, skip to section D.)     Partially     No

7. (a) What outcomes are on track to meet the goals set for PY 2022-2023?  
 (b) How will they be met?  
 At this time, it appears that no youth are in danger of being placed out of the home. The goal is for a reduction of placements. There have been none this year.

8. (a) What outcomes are not on track to meet the goals set for PY 2022-2023?  
 (b) Please describe any contributing barriers:  
 This program will not reach the capacity it was designed for due to not being utilized as it could have been for the first half of the grant year.

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2023-2024?  
 This program will be discussed during each monthly service providers meetings as well as during case reviews between supervisors and those working on the cases directly.

Interactive journaling will allow probation to address the needs of the youth they serve (no matter where they are in the juvenile justice system) by helping the youth reflect on what is causing much of the behavioral issues that the youth is displaying. This will also help give insight to the parent/guardian of the child so that they can better understand the youth. This program will serve non-RTA youth at the diversion level to prevent further progression into the juvenile justice system, as well as an alternative to detention/alternative to pre-dispositional placement, and alternative to placement for adjudicated youth.

Please set the municipality’s goals for its programs to achieve in PY 2023-2024. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
