

Office of Children and Family Services

KATHY HOCHUL
Governor

SUZANNE MILES-GUSTAVE, ESQ.
Acting Commissioner

September 5, 2023

Dear Chief Executive Officer,

Thank you for submitting Saratoga County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2022-2023. Your entire STSJP plan, including any amounts listed for PY 2022-2023 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2023, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2022 to September 30, 2023. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:
The highest number of YO, AO, JO, JD & PINS youth reside in the cities of 12866, 12065 and 12020. Family mental health and substance abuse issues, as well as long waitlists for these services, appears to be the greatest contributing factor for youth entering the juvenile justice system. Their needs are not being met in a timely manner within their communities.
- Resources available at the following link can help you answer these questions:
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>
 - In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan. For the Placement Admissions data, please add together county data from Tables 1b, 6b, and 7b of the Annual Out of Home Placement Admissions Data Packet.)

Race/Ethnicity	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	1,480	3	0	0	0	0
White	39,102	87	3	75	9	90
Native American/Alaskan	87	0	0	0		
Asian/Pacific Islander	1,853	4	0	0		
Hispanic	2,245	5	0	0	0	0

Sex Assigned at Birth	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	22,819	51	4	100	9	90
Female	21,898	49	0	0	1	10

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

There were no disparities identified.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Saratoga County collaborated with DSS, local schools, our Courts and our service providers. During pre-PINS meetings with schools, recommendations were made in assisting schools to exhaust their own efforts. Recommendations included alternative schedules, alternative programs, accommodations, CSE involvement and advocacy for youth/parents that struggle with the educational system. Schools have been open to suggestions and are also beginning to expand programming to accommodate a variety of obstacles faced by our youth/families. These steps have been especially important during the COVID 19 pandemic (and beyond) due to school closures, school staff shortages and virtual learning.

Our STSJP service providers have been instrumental in providing face to face services via in-home visits, transportation when necessary, and in now using virtual meetings and/or phone calls to other services providers and probation when families are in need of assistance in these areas. Probation and DSS are communicating regularly, and working closely to assist parents/youth that are struggling in making sure that both are getting the assistance they need and, ultimately, functioning as a whole. We continue to improve our communication and are pushing both parents and youths to work toward achieving goals. This push from both sides of the familial equation has been instrumental in moving families forward.

Our local law enforcement has also continued to work with us to identify youth that would be interested in a law enforcement summer camp and to help facilitate attendance for the youth that lack resources and transportation.

A local community Youth Court has opened up the population of youth being served by allowing youth from adjoining communities to also utilize their program.

All of activities listed above have helped provide additional resources for our youth/families and have assisted in creating plans that address realistic goals/needs. The surveys are then picked at the next visit and results are tallied.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development? Berkshire Farm Family Specialists bring the "client surveys" to our families, along with envelopes so the survey can be completed confidentially. The surveys provided are in both English and Spanish. Feedback is also encouraged during case planning and re-assessment with the families and youth we serve.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanisms during PY 2022-2023.

Those results are relayed and reviewed to help determine where there is room for improvement. Modification plans are developed with those results in mind. Through monthly meetings between Berkshire Farm and probation, resources, needs of families, and implementation are discussed. Case planning and STSJP plan development are directly impacted as a result. Current improvements are being sought for mental health and substance abuse resources due to feedback that resources are difficult to find with long waitlists and virtual treatment (which is not preferred by families/youth). We are also planning to begin the utilization of interactive journaling to maintain focus on and to directly address identified issues.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback);

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2022-2023).

The feedback for mental health treatment/substance abuse treatment is beyond our control. We are seeking new resources via OASAS and we attend quarterly meetings with surrounding counties to share trends, ideas and available resources.

C. Cooperative Application *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

B. Program 1 Description and Target Population

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or, as of December 29, 2022, children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2022-2023.

Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2022-2023:

***Note:** If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program. Additionally, as of December 29, 2022, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:

All Saratoga County zip codes

4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

The Enhanced Stepping Stones program's focus is on the older Raise the Age population and focuses on providing intensive, home and community based family preservation services with added focus being on building independent living and workforce development skills as an alternative to detention. The new program also provides immediate crisis intervention services, as well as assessments and case planning for each youth.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality's STSJP data files.)

1. What, if any, funding did this program receive in PY 2021-2022? If the program was approved in PY 2021-2022 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	0	0	0	0	0
STSJP-RTA	0	0	3	0	0	0
Total	0	0	3	0	0	3

3. Based on the program’s record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:
 Covid and program staffing appear to have impacted the referral process in that there was a typically waitlist during this time period. With increased staffing, we expect the program will reach capacity for the 9/30/2022 reporting period.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	0	0	0	0	0
STSJP-RTA	0	0	99	0	0
Total	0	0	99	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.
 3 Out of 3 youths successfully completed this program with the average length of stay being 6 months or less which is much less time than our youth would typically spend in a Court Ordered residential placement. These youth have worked to improve life skills, school attendance/completion and part-time work while living in their home community during pending court cases.

6. Will this program’s outcomes meet the PY 2021-2022 projected goals by 9/30/2022?

Yes. (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2021-2022?
 (b) How will they be met?
 N/A

8. (a) What outcomes are not on track to meet the goals set for PY 2021-2022?
 (b) Please describe any contributing barriers.
 We did not meet the goal of serving 18 youth as stated in the 2021-2022 plan. Contributing factors included COVID 19 and program staffing issues which caused waitlists for all programs. As a result, we were unable to serve many of our referrals.

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2022-2023?
 Full program staffing will enable the programs to serve a larger population and will eliminate waitlists.

This program will be utilized by providing a crisis free environment (respite) where youth can de-escalate from family crisis. Youth will meet with a Case Manager to discuss issues while also being afforded the opportunity to

learn valuable life skills, positive social values and connecting to caring adults. This program also offers educational support and family mediation services. Referrals will be made via probation adjudicated PINS cases that are struggling in their homes and/or in the community and are in need of a safe environment where they can work through identified issues/resources

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:

This program will meet its budgeted capacity which is one referral. In the past, we have not met budgeted capacity due to the nature of it being a voluntary program, Covid, and waitlists. This is the first time in a while that we have been able to utilize this program.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

Detention stays are typically 1 - 20 days. This length of stay is as expected and is less than the maximum stay of detention remands.

The electronic monitoring program will provide Judges with an alternative to detention and will allow the youth to: maintain involvement in their family system; to participate in individual and family services to address identified issues; to continue their educational program at their home school; and to continue any religious/cultural observations.

3. Based on the program’s record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:

This program will likely be under its budgeted capacity due to a decrease in the number of youth that would typically have been remanded to detention. Our county presentment agency has played a role in this in that there is a great deal of communication between our county presentment agency and the Attorneys for the Child prior to Court appearances. More cases have been resolved without the use of detention/electronic monitoring during those discussions.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The average length of stay for this program, 17 days, is as we would expect for youth that have pending Family Court matters, which may also include pending pre-dispositional investigations and evaluations. Of course detention remands statutorily speed up the process and are typically comparable time-wise (10-20 days) to the length of stay with this ATD program, though this ATD program continues to be much more cost effective and allows the youth to remain at home to accomplish identified goals.

6. Will this program’s outcomes meet the PY 2021-2022 projected goals by 9/30/2022?

C. Program 4 Performance History (Refer to your municipality's STSJP data files.)																						

1. What, if any, funding did this program receive in PY 2021-2022? If the program was approved in PY 2021-2022 but was not implemented or is anticipated to serve no youth, please choose None.
 None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	0	0	7	0	7
STSJP-RTA	0	0	0	0	0	0
Total	0	0	0	7	0	7

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:

While these ATP typically remain at capacity, Covid 19 and program staffing issues have caused waitlists which have impacted our ability to serve the projected capacity. We are in the process of hiring and hope to have a full staff of Family Specialists to serve a larger number of youth/families.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	0	0	0	249	0
STSJP-RTA	0	0	0	0	0
Total	0	0	0	249	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The average length of stay, 249 days, is approximately a 7 month period. The average length of a Family Court Ordered residential placement is 1 year. Use of this program still costs less than detention/residential placement, and allows the youth to accomplish goals while residing in the community. This year's average is a bit higher than previous years, though this is likely due to the affect that Covid19 has had on available community resources, and the waitlists we have had to endure.

6. Will this program's outcomes meet the PY 2021-2022 projected goals by 9/30/2022?

Yes (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2021-2022?

(b) How will they be met?

Staffing will have increased and there will be no program waitlists.

8. (a) What outcomes are not on track to meet the goals set for PY 2021-2022?

(b) Please describe any contributing barriers.

We will not likely reach the projected number of youth served (36) due to program staffing issues and program waitlists.

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2022-2023?

Berkshire Farm has hired some staff and is continuing to fill program staffing positions. Full staffing will enable referrals to be made, families and youth to be served, and waitlists to be minimized/eliminated.

Goals should reflect high, yet realistic, expectations for the programs.
