

Office of Children and Family Services

KATHY HOCHUL
Governor

SUZANNE MILES-GUSTAVE, ESQ.
Acting Commissioner

December 13, 2023

Dear Chief Executive Officer,

Thank you for submitting Saratoga County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2023-2024. Your entire STSJP plan, including any amounts listed for PY 2023-2024 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2024, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2023, to September 30, 2024. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD

Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:
The highest number of YO,AO, JO,JD & PINS youth reside in the cities of 12866, 12065 and 12020. Family mental health and substance abuse issues, as well as long waitlists for these services appear to be the greatest contributing factors for youth entering the juvenile justice system. Their needs are not being met in a timely manner within their communities.
- Resources available at the following link can help you answer these questions:
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>
 - In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth. For the placement admissions data, please add together county data from Tables 1b-Total OCFS Facility Admissions by Sex, Race/Ethnicity and Age, 6b-JD Foster Care Admissions by Sex, Race/Ethnicity and Age and 7b-PINS Post-Dispositional Foster Care Admissions by Sex, Race/Ethnicity and Age from [Annual Out of Home Placement Admissions Data Packet](#)

Race/Ethnicity	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Black/African American	1430	3	3	43	2	50
White	39102	87	4	57	2	50
Native American/Alaskan	87	0	0	0		
Asian/Pacific Islander	1853	4	0	0		
Hispanic	2245	5	0	0	0	0

Sex Assigned at Birth	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Male	22819	51	7	100	3	75
Female	21898	49	0	0	1	25

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

Although the overall numbers are small, there is clearly a disparity of black youth entering detention and placement. Male youth also seem to be the majority of the population entering detention and placement. In addressing these disparities, maintaining adequate staffing and seeking culturally sensitive training is required.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Saratoga County collaborated with DSS, local schools, our Courts and our service providers. During pre-PINS meetings with schools, recommendations were made in assisting schools to exhaust their own efforts. Recommendations included alternative schedules, alternative programs, accommodations, CSE involvement and advocacy for youth/parents that struggle with the educational system. Schools have been open to suggestions and are expanding programming to accommodate a variety of obstacles faced by our youth/families.

Our STSJP service providers have been instrumental in providing face to face services via in-home visits, transportation when necessary, and connection to other service providers and probation when families are in need of assistance in these areas. Probation and DSS strive to communicate regularly, and to work closely to assist parents/youth that are struggling in making sure that both receive the assistance they need. We continue to facilitate moving both parents and youth to achieving goals through communication.

Each district now has School Resource Officers available as a resource.

A local community Youth Court has opened up the population of youth being served by allowing youth from adjoining communities to also utilize their program.

The above activities have helped provide additional resources for our youth/families and have assisted in creating plans that address realistic goals/needs.

2. Is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

- Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)
- No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

Feedback is encouraged during case planning and re-assessment with the families and youth we serve. Berkshire Farm Family Specialists bring "client surveys" to our families, along with envelopes, so the survey can be completed confidentially. The surveys provided are in both English and Spanish. Those results are relayed and reviewed to help determine where there is room for improvement. Modification plans are developed with those results in mind. Through monthly meetings with Berkshire Farm and probation, resources, needs of families, and implementations are discussed. Case planning and STSJP plan development are directly impacted as a result. Interactive journaling materials are now available and in use to maintain focus on and to directly address identified issues.

3. Was community feedback in low opportunity ZIP codes sought as part of the STSJP plan development?

- Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)
- No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

Inperson mental health/substance treatment continues to resume following COVID. Feedback indicates the telehealth option is less favorable for our youth, compounding that youth with multilayered issues have greater challenges in accessing services. We continue to seek new resources and to attend quarterly meetings with surrounding counties to share trends, ideas and available resources.

C. Cooperative Application *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county:

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

- Yes. (If yes, please provide their contact details below.)
- No. (If no, skip to Q.4.)

Officer's Name:

Title:

Phone: ()

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for jointly funded programs, as well as the names and email addresses of the fiscal officers responsible for jointly funded programs:

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2023-2024.

Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2023-2024:

***Note:** If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program. Additionally, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:

All Saratoga County zip codes

4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

The Enhanced Stepping Stones program's focus is on the older Raise the Age population and provides intensive, home and community based family preservation services with added focus on building independent living and workforce development skills as an alternative to detention. The program also provides immediate crisis intervention services, as well as assessments and case planning for each youth.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality's STSJP data files.)

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	0	0	0	0	0
STSJP-RTA	0	0	6	0	0	6
Total	0	0	6	0	0	6

3. Based on the program’s record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:
 Program staffing appears to have impacted the referral process in that there was typically a waitlist during this time period. With increased staffing, we expect the program will reach capacity for the 9/30/2023 reporting period.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	0	0	0	0	0
STSJP-RTA	0	0	97	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.
 3 youths successfully completed this program with the average length of stay being 6 months or less which is much less time than our youth would typically spend in a Court ordered residential placement. These youth have worked to improve life skills, school attendance/completion and part-time work while living in their home community.

6. Will this program’s outcomes meet the PY 2022-2023 projected goals by 9/30/2023?
 Yes. (If yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2022-2023?

This program will be utilized by providing a crisis free environment (respite) where youth can de-escalate from family crisis. Youth will meet with a Case Manager to discuss issues while also being afforded the opportunity to learn valuable life skills, positive social values and connecting to caring adults. This program also offers

educational support and family mediation services. Referrals will be made via probation adjudicated PINS cases that are struggling in their homes and/or in the community and are in need of a safe environment where they can work through identified issues.

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:

The program has not met it's budgeted capacity for one referral for this period. Contributing factors include the nature of it being a voluntary program and waitlists.

Detention stays are typically 1-20 days. Lengths of stay for this program in the past was less than the maximum stay of detention remands.

3. Based on the program’s record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:

It has always been difficult to base being over or under capacity (for this particular program) relative to the "number of youth being served" as this program allows for 300 days of electronic monitoring per year, regardless of the number of youth that use the 300 day allotment. While two youth utilized this program, those same two youth only utilized a total of 16 out of 300 possible budgeted electronic monitoring days, which is under capacity for allotted days. It should be noted that the number of youth served by the program did decrease by 1. Our county presentment agency has increased communication with the Attorneys for the Child prior to Court appearances. More cases are being resolved without the use of detention/electronic monitoring during those discussions. For this reason, it is likely that we will be under capacity in the future, both in the number of youth served, and the number of allotted days utilized.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The average length of stay for this program, 8 days, is less than we would expect for youth that have pending Family Court matters, which may also include pending pre-dispositional investigations and evaluations. Of course detention remands statutorily speed up the process and are typically comparable time-wise (10-20 days) to the length of stay with this ATD program, though this ATD program continues to be much more cost effective and allows the youth to remain at home to accomplish identified goals.

6. Will this program’s outcomes meet the PY 2022-2023 projected goals by 9/30/2023?

Yes. (If yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2022-2023?

(b) How will they be met?

N/A

8. (a) What outcomes are not on track to meet the goals set for PY 2022-2023?

(b) Please describe any contributing barriers:

N/A

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2023-2024?

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:
 While these ATP typically remain at capacity, program staffing issues have caused waitlists which have impacted our ability to serve the projected capacity. We are in the process of hiring and hope to have a full staff of Family Specialists to serve a larger number of youth/families.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.
 The average length of stay, 144 days, is approximately a 5 month period. The average length of a Family Court Ordered residential placement is 1 year. Use of this program still costs less than detention/residential placement, and allows the youth to accomplish goals while residing in the community. This year's average is less than the previous year's average affected by the staffing shortages and waitlists during COVID.

Goals should reflect high, yet realistic, expectations for the programs.
