Commissioner

September 27, 2022

Dear Chief Executive Officer,

Thank you for submitting Schoharie County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2022-2023. Your entire STSJP plan, including any amounts listed for PY 2022-2023 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2023, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2022 to September 30, 2023. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD

NOTE: Cooperative Applications submitted jointly by two or more counties

Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:
12043, 12157 have the highest number of juvenile offenders. These two zip codes are two of the largest towns in Schoharie County with the most children (Cobleskill and Schoharie). The high numbers are due to parent's mental health, substance use, and lack of support of the family system for guidance and occasional respite.
- Resources available at the following link can help you answer these questions:
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>
 - In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan. For the Placement Admissions data, please add together county data from Tables 1b, 6b, and 7b of the Annual Out of Home Placement Admissions Data Packet.)

Race/Ethnicity	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	108	2	0	0	0	0
White	4977	92	1	50	1	100
Native American/Alaskan	10	0	0	0		
Asian/Pacific Islander	49	1	0	0		
Hispanic	282	5	1	50	0	0

Sex Assigned at Birth	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	2784	51	1	50	0	0
Female	2642	49	1	50	1	100

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

Due to the low number of youth in detention (2), the percentage of Hispanic Children population vs. Hispanic Children admissions appears extremely high. No disparities were identified due to this low number of admissions.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Probation, Social Services, Mental Health, School Districts, and Youth Bureau. We recently started a system of care committee where we discuss specific families' needs with the family, and one of the needs arising out of these meetings are a need for more in-home services. We meet monthly as a group, and as needed for specific family needs.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Through meetings with youth and family once the program has been established and is up and running. Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanisms during PY 2022-2023.

We have not yet received feedback since the program is not yet in operation. The Youth and family will be very involved with the Behavioral Intervention program and constant feedback will be an important part of the program.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback);

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2022-2023).

Program not yet operational. The behavioral intervention model has been identified as a need through our System of Care Committee, as well as families' who have been referred to preventive services through DSS for behavioral concerns of children where this type of in-home service would be beneficial

C. Cooperative Application <i>(Complete this section only if this is a joint application.)</i>	
1. Describe the provisions for the proportionate cost to be borne by each county. N/A	
2. Describe how personnel will be compensated across and between counties in the cooperative: N/A	
3. Will a single fiscal officer be the custodian of the funds made available for STSJP? <input type="checkbox"/> Yes. (If Yes, please provide their contact details below.) <input type="checkbox"/> No. (If No, skip to Q.4.)

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs: N/A

Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

A Behavioral Intervention Specialist will be hired by the Office of Community Services to engage the family and child(ren) within the home with behavioral techniques the family/caregivers can utilize for the youth. This individualized behavioral plan for each unique child will address the specific strengths of the family and the youth to address the behaviors of the child(ren) which will aid in the reduction of the targeted behaviors in the home, thereby reducing risk for youth entering the juvenile justice system, to reduce the likelihood of youth progressing further in the justice system and/or being remanded to detention or pre-dispositional placement. Current services offered/available do not include intense in-home behavioral instruction for parents, so we believe this would be a great asset to assist parents with children who have behavioral issues.

5. Is the program capable of being replicated across multiple locations? Yes No

PART III – Goals for PY 2022-2023

Please set the municipality’s goals for its programs to achieve in PY 2022-2023. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
