KATHY HOCHUL
Governor

SUZANNE MILES-GUSTAVE, ESQ.
Acting Commissioner

December 28, 2022

Dear Chief Executive Officer,

Thank you for submitting **Steuben** County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2022-2023. Your entire STSJP plan, including any amounts listed for PY 2022-2023 STSJP-RTA, has been **approved.**

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2023, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2022 to September 30, 2023. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

NOTE: Cooperative Applications submitted jointly by two or more counties

Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:

Steuben County covers roughly 1397 square miles with a population of approximately 100,000 people living in rural agricultural areas, small towns and villages and two small cities. There are three main population centers in the county from where the majority of our PINS and JD referrals, AO and YO Offenders come from, which are the cities of Corning(14830) and Hornell(14843) and the Village of Bath (14810). Steuben County is divided into 32 towns, 14 villages, 2 cities and is governed by a Board of Legislators comprised of 17 elected officials and a County Manager. There are 13 School Districts throughout the County.

The factors that contribute as to why the majority of these youth that enter into the juvenile justice system come from the Corning, Hornell and Bath areas are that they have the largest populations, the most school districts, a greater Law Enforcement presence and greater access to drugs, retail businesses, larger gatherings of other youth that lack access to structured, supervised activities.

- Resources available at the following link can help you answer these questions:

<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan. For the Placement Admissions data, please add together county data from Tables 1b, 6b, and 7b of the Annual Out of Home Placement Admissions Data Packet.)

Race/Ethnicity	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	595	3	2	33	1	11
White	18,621	92	4	67	8	89
Native American/Alaskan	54	0	0	0		
Asian/Pacific Islander	388	2	0	0		
Hispanic	559	3	0	0	0	0

Sex Assigned at Birth	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	10,397	51	3	50	6	67
Female	9,820	49	3	50	3	33

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

After reviewing our detention and placement data from the past several years, there does not appear to be any identified disparities.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

The consensus of major stakeholders in Steuben County is to continue operating as we are with the current STSJP Plan, utilizing Probation Officers who have dedicated caseloads of PINS, JD and AO youth, conduct intakes, perform assessments with the use of YASI and focus on those juveniles who are at greatest risk of being referred to Family Court therefore at greatest risk of being placed in detention and subsequently placed in residential placement. Probation Officers will provide diversion services, Pre-dispositional Supervision, court ordered Probation Supervision, utilize GPS electronic monitoring, and continue working closely with other agencies such as the Department of Social Services, Steuben County Mental Health, Steuben County Alcohol and Substance Abuse Services, and Local private counseling agencies.

In addition Probation will continue working with the 13 local area school districts and continue utilizing other preventive services such as WRAP, Family Focus through Family Service Society and SHAPE parenting education through Kinship agency. Probation will continue to work on reducing juvenile justice placements in detention and residential placement.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

At this time, Steuben County does not have a formal process to solicit and incorporate youth and family feedback as part of our STSJP plan development. However, youth and family input is informally collected throughout the year by the Family Court coordinator at Steuben County Probation, and that input then informs modifications that are made to the planning process in the county. The issue of youth and family feedback will be discussed at an upcoming meeting of the Juvenile Justice Committee.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the barriers to implementation and the municipality’s solutions to develop such feedback mechanisms during PY 2022-2023.

There are no barriers to implementation. The gathering of youth and family feedback as well as how this feedback will be incorporated into future STSJP plan development will be discussed at our next Juvenile Justice committee meeting which is made up of representatives from the court, Probation, The Presentment Agency, DSS, Detention services, treatment, and Attorney's for the child.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback);

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2022-2023).

There are no barriers to implementation. Our municipality will be reaching out to the schools, counseling/treatment agencies and law enforcement in these high need areas to solicit feedback to be incorporated in future STSJP plan development.

C. Cooperative Application *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes. (If Yes, please provide their contact details below.)

No. *(If No, skip to Q.4.)*

Officer's Name:	Title:
Phone: ()	Ext:
	Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

 The Probation Department screens all youth petitioned into Family Court for alternatives to detention and/or Placement. If there appears to be a high risk of remand, an assessment is done determining if court ordered Pre-Dispositional Supervision is appropriate and /or the use of GPS Monitoring. If Pre-Dispositional Supervision is ordered by the court, the Probation Department provides intensive supervision, monitors the youth's compliance with court orders while their matter is pending disposition.

PART III – Goals for PY 2022-2023

Please set the municipality’s goals for its programs to achieve in PY 2022-2023. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
