

Office of Children and Family Services

KATHY HOCHUL
Governor

SUZANNE MILES-GUSTAVE, ESQ.
Acting Commissioner

January 31, 2024

Dear Chief Executive Officer,

Thank you for submitting Sullivan County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2023-2024. Your entire STSJP plan, including any amounts listed for PY 2023-2024 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2024, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2023, to September 30, 2024. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:

These programs are designated to serve the entire County but there will be an increased need in the more populated areas of the Town of Thompson (12701, 12738, 12777, 12749, 12751, 12762, 12775, 12778, 12784, 12785, 12786, 12720, 12790) Town of Fallsburg (12733, 12747, 12759, 12779, 12781, 12788, 12789) Town of Liberty (12754, 12768, 12783, 12787) and that represents approximately 50% of Sullivan County's population which according to 2020 data is 79,806. The median household income in the County is \$60,433 and the population wide poverty rate is 12.7%. Poverty rate decreased this past census and cost of living increased, yet wages haven't grown. Poverty has been one of the leading factors in Sullivan County. Lack of supervision due to inadequate guardianship. There were 4 detention admissions in 2022 and there were no placements in 2022.

- Resources available at the following link can help you answer these questions:

<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

- In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth. For the placement admissions data, please add together county data from Tables 1b-Total OCFS Facility Admissions by Sex, Race/Ethnicity and Age, 6b-JD Foster Care Admissions by Sex, Race/Ethnicity and Age and 7b-PINS Post-Dispositional Foster Care Admissions by Sex, Race/Ethnicity and Age from [Annual Out of Home Placement Admissions Data Packet](#)

	#	%	#	%	#	%
Black/African American	1566	10	3	75	0	0
White	10008	62	1	25	0	0
Native American/Alaskan	54	0	0	0		
Asian/Pacific Islander	280	2	0	0

Female	7767	48	1	25	0	0

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

There were three (3) black youth that were detained, as compared to the demograohic only making up ten percent (10%) of the population, therefore a disparity exists. To mitigate this issue all staff are required to take training in implicit bias.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

This plan was developed primarily within the Sullivan County Department of Family Services and the Sullivan County Probation Department. Youth Advocate Programs were also consulted for their portion of the plan. Recently, Sullivan County has made the decision to take advantage of this opportunity and as the plan progresses and its progress is evaluated, more departments and service providers may be incorporated into the collaborative development in the future. Progress with this plan will also be evaluated on an ongoing basis through the Designated Assessment Service (DAS) Committee which includes members from the Department of Family Services, Probation Department, Department of Community Services, Dispute Resolution Center, Access Supports for Living, Rehabilitation Support Services, Berkshire Farm and Center for youth and Youth Advocate Programs.

2. Is your municipality gathering participant youth and family feedback as part of your STSJP plan development?
 Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)
 No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

Although the STSJP programs has instituted a family review form, Sullivan County has not yet received feedback from the youth or family. Once the family completes the forms, they are to be submitted to the DAS Committee for review. This has been successful in the past and the county is hopeful this will help moving forward.

3. Was community feedback in low opportunity ZIP codes sought as part of the STSJP plan development?
 Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

The results of the family review form will be submitted to the DAS Committee and to STSJP lead agency as to what needs are based on their experience in serving the county and the feedback from their participants.

C. Cooperative Application *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county:

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?
 Yes. (If yes, please provide their contact details below.)
 No. (If no, skip to Q.4.)

Officer's Name:	Title:
Phone: ()	Ext:
	Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for jointly funded programs, as well as the names and email addresses of the fiscal officers responsible for jointly funded programs:

B. Program 1 Description and Target Population

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2023-2024.
 Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2023-2024:

***Note:** If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program. Additionally, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:
All Zip Codes within the county

4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

This program will allow for Probation Officers to have more time to observe youth during high risk times and have more face to face contacts with school and parents by assisting with staffing and overtime costs. The extra supervision that will be made available will also improve the ability to work directly with the youth to identify and reduce behaviors that could increase their chances of requiring placement. For adjudicated youth, this program will include drug testing, if applicable, to monitor the youth's compliance. Upon receiving a youth case, the probation department completes a Youth Assessment that measures risks and needs factors. Subsequently, a comprehensive individualized case plan is formed to establish specific goals and objectives tailored to appropriately fit each youth. Based on these case plans, when deemed necessary, service referrals will be put in place. These services include, but are not limited to; Mental Health treatment, substance abuse treatment, vocational training/career readiness programs, and community service. If necessary, referrals can also be made to provide families of the youth with support from Case Workers. Every 3 months, a reassessment is completed to monitor/track the youth's progress, or regression. If the youth displays regression, graduated responses are then put in place, which may include; more frequent reporting, curfew, or court notification. This service will support alternatives to placement and will include all youth in Sullivan County who are in need of this service.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality's STSJP data files.)

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.
 None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Total	0	0	0	20	0	20

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:
We expect to serve more than last year, due to COVID restrictions being less strict.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The length of service varies. The average is 1 year, some less and some more. Many times the youth is released sooner than anticipated, making that shorter than average.

PART III – Goals for PY 2023-2024

Please set the municipality’s goals for its programs to achieve in PY 2023-2024. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
