Governor

SUZANNE MILES-GUSTAVE, ESQ.
Acting Commissioner

November 28, 2023

Dear Chief Executive Officer,

Thank you for submitting Tompkins County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2023-2024. Your entire STSJP plan, including any amounts listed for PY 2023-2024 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2024, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2023, to September 30, 2024. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

NOTE: Cooperative Applications submitted jointly by two or more counties

Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:

Review of data from the past two years continues to show that the majority of youth entering the youth justice system were from rural areas. Similarly the majority of youth that were placed in detention and residential facilities were from rural areas. Rural areas in the county tend to have higher rates of poverty than other rural towns as well as limited access to services and positive youth activities may be limited due to transportation.
- Resources available at the following link can help you answer these questions:
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>
 - In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth. For the placement admissions data, please add together county data from Tables 1b-Total OCFS Facility Admissions by Sex, Race/Ethnicity and Age, 6b-JD Foster Care Admissions by Sex, Race/Ethnicity and Age and 7b-PINS Post-Dispositional Foster Care Admissions by Sex, Race/Ethnicity and Age from [Annual Out of Home Placement Admissions Data Packet](#)

Race/Ethnicity	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Black/African American	1069	7	1	25	2	50
White	11317	77	2	50	2	50
Native American/Alaskan	82	1	0	0		
Asian/Pacific Islander	1150	8	0	0		
Hispanic	1085	7	1	25	0	0

Sex Assigned at Birth	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Male	7584	52	3	75	4	100
Female	7119	48	1	25	0	0

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

The above data shows there is still disparity between representation of youth of color in juvenile justice system and the general population. However, overall numbers of placements in both detention and residential facilities remains very low. The STSJP Plan provides funding for Probation Officers who work with youth. These POs work closely with DSS staff as well as other community agencies in their work with STSJP youth to address disparities by ensuring that family voices are heard and taking into consideration issues related to racial equity. Team approaches that include families as part of the assessment and planning as well as use structured group decision-making process aim to reduce bias and increase consistency in decision-making.

The Youth POs and team always encourage families to be part of the process, which starts with working together to identify goals and next steps at intake. Youth Review Team meets monthly to specifically review cases of STSJP youth that may be at risk of placement to discuss plans and services to prevent either detention or residential placement. The team uses the Signs of Success/Signs of Safety approach to learn about the family structure, their worries, and strengths/supports that can be utilized to prevent placement outside of the home. They also encourage the families to include their support system in our planning.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

As discussed above, Tompkins DSS convenes a monthly YRT meeting. The purpose of the YRT is to to work collaboratively to address the circumstances that led to the youth’s involvement with the court system, law enforcement, probation, or DSS, and build on the positive connections between the youth and their community. This group discusses various services available to youth with juvenile justice system involvement as well as identifying gaps. During the past year 10 youth were discussed in YRT with positive outcomes for all 10 in terms of services identified for youth that enabled them to remain in the community. Also Tompkins DSS, Probation and partner agencies have ongoing communication with courts, schools, detention centers et al. in relation to various cases and youth. Adjustments are made in STSJP related services provided for juvenile justice youth served through these programs based on this feedback.

2. Is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

- Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)
- No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

Each year our service providers who work with youth involved in the juvenile justice system meet with Tompkins DSS staff and leadership to provide information on the outcomes of their services and feedback from families. While, our STSJP plan primarily funds services through Tompkins County Probation Department, probation officers and DSS staff who work with these youth make referrals and collaborate with these programs in work with STSJP youth. The information gathered by service providers from families and youth helps to guide decision making with regard to which programs STSJP eligible youth are referred to, for services. In addition, the YRT meetings now provide another mechanism for feedback from families to be integrated into service delivery to meet the needs of family and youth in a timely manner.

3. Was community feedback in low opportunity ZIP codes sought as part of the STSJP plan development?

- Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)
- No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

Last year Tompkins DSS reviewed 2021 Youth Services data reports for different communities in the county including those in high-need ZIP codes. One data element that is tracked for each school district is the number of students who were on PINS. Rural counties with higher poverty rates tended to have a greater number of PINS cases in relation to population size. In 2022-23 STSJP, Tompkins County expanded the use of STSJP -funds to cover Probation Supervision for Early Intervention (PINS Diversion) and Prevention (Pre-PINS) cases to better support work with youth before further involvement with the juvenile justice system. Review of the Oct 22- Mar 23 STSJP data shows that 42 youth in rural areas were in PINS Diversion (Early Intervention) while only 2 youth were adjudicated PINS.

C. Cooperative Application *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county:

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

- Yes. (If yes, please provide their contact details below.)
- No. (If no, skip to Q.4.)

Officer's Name:		Title:
Phone: ()	Ext:	Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for jointly funded programs, as well as the names and email addresses of the fiscal officers responsible for jointly funded programs:

B. Program 1 Description and Target Population

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2023-2024.

Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2023-2024:

STSJP	STSJP-RTA	
<input type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input type="checkbox"/>	<input type="checkbox"/>	Early Intervention (EI)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Alternative to Detention/Pre-Dispositional Placement (ATD/ATPDP)
<input type="checkbox"/>	<input type="checkbox"/>	Alternative to Placement (ATP)
<input type="checkbox"/>	<input type="checkbox"/>	Reentry/Aftercare (R/A)
<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

***Note:** If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program. Additionally, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:
14850, 14851, 14886, 14882, 14867, 13053, 13073, 13068

4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

EM enables the youth to remain in the community with family rather than be placed in detention. Other community services then can also be accessed to meet the unique needs of the youth and reduce further risk of need for detention or placement. In the coming year, program will serve non-RTA youth only.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality's STSJP data files.)

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	0	5	0	0	5
STSJP-RTA	0	0	0	0	0	0
Total	0	0	5	0	0	5

3. Based on the program’s record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:
 For 2022-23, we anticipated a total of 15 youth would receive regular STSJP EM for the entire year and 6 RTA youth. Hence, we would have expected about 7-8 youth for the first six months. The number of regular STSJPs served was somewhat lower, and we had no STSJP RTA youth.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	0	0	73.5	0	0
STSJP-RTA	0	0	0	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.
 The LOS youth are placed dependent on the behavior, when behaviors are improved they are taken off EM. Similarly, if behaviors worsen they will be placed back on EM. The target time for maximum total time on EM is 90 days. The average LOS for all youth was 73.5 days which is well under 90 days.

6. Will this program’s outcomes meet the PY 2022-2023 projected goals by 9/30/2023?
 Yes. (If yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2022-2023?
 (b) How will they be met?

8. (a) What outcomes are not on track to meet the goals set for PY 2022-2023?
 (b) Please describe any contributing barriers:

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2023-2024?

D. Program 1 Service Projections for PY 2023-2024

If you selected Indirect Services, please list them. (Please refer to the <i>STSJP Annual Plan Development Guide</i> for additional guidance.)</p> <p>Probation Supervision enables youth to remain in the community while behaviors are monitored. POs work with youth and family to address the needs of the youth as well as make referrals to other support services. STSJP funds have been used for work with Adjudicated youth (ATP, youth in Diversion (Early Intervention) and Pre-PINS (Prevention) status. Diversion cases are those which have had a PINS or JD petition filed, but they have not been adjudicated. Pre-PINS cases are those youth who demonstrate at-risk behaviors but have not yet had a PINS petition filed. This program will serve both non-RTA and RTA adjudicated youth to prevent them from entering placement. It will also serve non-RTA and RTA Diversion youth to prevent full adjudication of their charges as well as an alternative to detention/alternative to pre-dispositional placement.</p>

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.
 None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	6	73	11	13	0	103
STSJP-RTA	0	11	2	2	0	15
Total	6	84	13	15	0	118

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:
 We projected 172 non-RTA youth and 18 RTA would receive Probation Supervision. The total served during the first half of the year was greater than anticipated. Hence, it is likely that the program will serve more youth for the year than anticipated.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	97	142	190	214	0
STSJP-RTA	0	43	180	63	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.
 Youth are usually placed on Probation Supervision for one year (365 days). The length of time can be extended or shortened depending on the youth behaviors. The average LOS during for all categories of youth was well under 365. Looking at individual data there were only 10 youth (8.5%) who had LOS greater than 365 days.

6. Will this program's outcomes meet the PY 2022-2023 projected goals by 9/30/2023?

 (b) How will they be met?

8. (a) What outcomes are not on track to meet the goals set for PY 2022-2023?
