KATHY HOCHUL  
Governor

SHEILA J. POOLE  
Commissioner

January 5, 2022

Dear Chief Executive Officer,

Thank you for submitting Ulster County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2021-2022. Your entire STSJP plan, including any amounts listed for PY 2021-2022 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2022, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2021 to September 30, 2022. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

### PART I – MUNICIPALITY LEVEL DETAILS

#### A. MUNICIPALITY LEVEL ANALYSIS

- (a) Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS), enter the youth justice system, are remanded to detention, and/or are residentially placed; and  
(b) Discuss what factors may be contributing to these high numbers:

The area of Ulster County where the highest number of youth (nearly half) enter the juvenile justice system is Kingston (12401). Kingston is the largest town/city in Ulster County and is comprised of urban, commercial and residential areas. As the largest community, it has a high number of families struggling with poverty. According to research, poverty is a significant risk factor for minors becoming involved with juvenile justice. The city of Kingston also displays pockets of gang activity which can negatively influence youth. Saugerties (12477) is the second largest population center in Ulster and had the second largest number of PINS intakes for 2020. Ellenville (12428) and neighboring Kerhonkson (12446) had the third largest amount of youth intakes despite being smaller, rural towns with less population. However, both communities lie in a very isolated part of the county where services and prosocial activities are not always as readily available.

Overall, we see that the contributing factors to youth involvement in juvenile justice in our county continue to be poverty, financial stress on families, lack of supervision, adverse childhood experiences, negative peer influences, parent drug misuse, unsupervised computer and social media use, and youth reporting feelings of social disconnect. Additionally, we see video game addiction contributing to school resistance. The Covid-19 pandemic increased the challenges of parenting for many families. Caregivers working outside of the home were often unable to ensure their children were getting logging onto school, and/or following rules at home and in the community. We saw less truancy diversions filed overall during the course of the pandemic, but noted an increase in parent-filed diversions, with a

common pattern of families struggling to manage behaviors at home with the loss of daily school structure and organized prosocial activities.

2. Resources available at the following link can help you answer these questions:

<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

(a) In the charts below, please provide the municipality’s distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan.)

Race/Ethnicity	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	2,733	9%	0	0	0	0
White	21,952	71%	2	100%	0	0
Native American/Alaskan	115	0%	0	0		
Asian/Pacific Islander	783	3%	0	0		
Hispanic	5,361	17%	0	0	1	100%

Sex Assigned at Birth	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	15,777	51%	2	100%	1	100%
Female	15,167	49%	0	0	0	0

b) If you identified any disparities when comparing youths' representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

We noted no racial/ethnic disparities in detention or placement admissions. In regards to gender, more males were admitted/placed, however the overall numbers were too low to determine any possible trends.

**B. LOCAL COLLABORATION**

1. Legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Ulster County has a Review Committee comprised of representatives of DSS, Mental Health, Probation and of local youth-serving agencies who are responsible to review strengths and needs of identified high risk adolescents and to increase supports and programming to keep them safe and functioning in the community. The committee members are committed to avoiding the unnecessary use of detention and out-of-home placements and a significant decline in our use of such interventions has been noted over the last few years. As a new initiative, we plan to meet mid-year with representatives from local police, DSS, schools, the county attorney, the Youth Bureau, probation, mental health, AVERT (Anti Violence Enforcement and Response Team), youth programs and parents to further to further identify need areas in our community and enhance STSJP/RTA program development for 2022-2023.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Each STSJP/RTA funded program has methods to elicit youth and family feedback that include surveys, direct outreach on quality assurance, and exit/discharge interviews which are then shared with the STSJP lead.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the municipality implementation plan to develop such feedback mechanisms during PY 2021-2022. The direct feedback is considered as part of program evaluation and utilized to make funding decisions in the STSJP/RTA plan.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?  
 Yes  No

If yes, please describe how the plan incorporates that feedback; if no, please describe the municipality implementation plan to develop such feedback mechanism during PY 2021-2022.

Ulster County would like to elicit more community feedback via parent surveys and/or meetings with community representatives as described above. This was challenging during the pandemic when parents, schools and programs were overwhelmed with adjusting their internal procedures and routines. This will be a priority for mid-year 2021-2022.

**C. COOPERATIVE APPLICATION** (COMPLETE THIS SECTION ONLY IF THIS IS A JOINT APPLICATION.)

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?  
 Yes (If Yes, please provide their contact details below.)  
 No (If No, skip to Q4.)

Officer's Name:	Title:
Phone: ( )	Ext:
	Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

**B. PROGRAM 1 DESCRIPTION AND TARGET POPULATION**

1. A Family Support Service program (FSS) may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS. This program meets the legal definition of a **Family Support Services (FSS) program (Social Services Law Section 458-m)** and will operate in this capacity for PY 2021-2022.  Yes  No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2021-2022:

<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

\*Note: If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program.

3. Please list the ZIP codes this program will target:

12401, 12477, 12428, however this program remains available to all zip codes in Ulster County as needs shift.

4. Describe the program, including how it is family focused. If you answered "Yes" to Q1 (FSS), be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the STSJP Annual Plan Development Guide for additional guidance.)

The MST Program will provide intensive, home-based services to youth across the RTA spectrum with a heavy emphasis on Prevention for high-risk 15-18 year-olds. MST programming covers a broad range of the RTA spectrum (at risk, diverted, adjudicated, and ACD youth) to deter those minors from entering or progressing further into the justice systems, and to prevent out-of-home placement. The Ulster County MST team is co-located within DSS and utilizes evidence-based family systems treatment with notable success. Services are often multiple times per week with 24/7 support to help families determine drivers to behaviors so that parent interventions can be more effective.

5. Is the program capable of being replicated across multiple locations?  Yes  No

**C. PROGRAM 1 PERFORMANCE HISTORY (REFER TO YOUR MUNICIPALITY'S STSJP DATA FILES.)**

1. What, if any, funding did this program receive in PY 2020-2021? If the program was approved in PY 2020-2021, but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.)  STSJP  STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type							Total	
	P	EI	ATD/ATPDP				ATP		R/A
			(PINS)	(JO/JD)	(JD-RTA)	(AO)			
STSJP	0	5	0	0	0	0	0	0	5
STSJP-RTA	0	0			0	0	0	0	0
Total	0	5	0	0	0	0	0	0	5

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:

MST met its anticipated capacity for STSJP youth when they completed services in 2020. MST RTA will be below capacity as the program did not start until the second half of the program year, beginning 4/1. However, we anticipate the program to meet 6-month projections.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type							ATP	R/A
	P	EI	ATD/ATPDP						
			(PINS)	(JO/JD)	(JD-RTA)	(AO)			
STSJP	0.00	118.60	0.00	0.00	0.00	0.00	0.00	0.00	
STSJP-RTA	0.00	0.00			0.00	0.00	0.00	0.00	

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

MST has a very prescribed evidence-based treatment model that keeps length of stay generally below 150 days with sustainability efforts built into the last phase of treatment. This falls below the ALOS for residential placement of prior years which has been approximately 365 days.

6. Will this program's outcomes meet the PY 2020-2021 projected goals by 9/30/2021?

Yes (If Yes, skip to section D.)       Partially       No

7. (a) What outcomes are on track to meet the goals set for PY 2020-2021? (b) How will they be met?

Due to this program starting 4/1/21, the majority of youth will not have outcomes until after the 9/30 collection period. As a result, it is hard to determine trends and outcomes at this time.

8. (a) What outcomes are not on track to meet the goals set for PY 2020-2021? (b) Please describe any contributing barriers.

See above.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2021-2022?

We expect to have a full roster of youth discharged by the next reporting period.

3. Please list the ZIP codes this program will target:

12401, 12477, 12428, although the programming can be made available to any area of need in our county.

4. Describe the program, including how it is family focused. If you answered "Yes" to Q1 (FSS), be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the STSJP Annual Plan Development Guide for additional guidance.)

YAP STSJP will serve pre-diversion, diversion and adjudicated PINS/JD youth and YAP RTA will serve a broad range of the RTA spectrum (at risk, diverted, adjudicated, and ACD youth) to deter those minors from entering or progressing further into the justice systems and prevent out-of-home placement. YAP will provide eligible youth with an intensive, wrap-around advocacy/mentor model. YAP staff meet with youth and families flexibly multiple times during the week. They provide hourly respite, advocacy, supervision, pro-social outlets, role modeling, resume building, supported employment, and independent living skills to youth who are engaging in high-risk choices. Activities and goals are developed together with the family and are strengths-based.

5. Is the program capable of being replicated across multiple locations?  Yes  No

3. Based on the program's record of youth served (Q2), do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:

STSJP YAP is on target to meet projected capacity for the program year. Due to delays in the budget approval process, RTA YAP did not start until 4/1/21, however, they will be near 6-month projections by year's end.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

STSJP-RTA	0.00	0.00			0.00	0.00	0.00	0.00

5. How does the average length of service (Q4) compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The ALOS for EI is less than the average of 365 days for placements in previous years. ALOS for ATP was unable to be calculated as the youth was still receiving services when the first half of the program year completed.

6. Will this program's outcomes meet the PY 2020-2021 projected goals by 9/30/2021?

Yes (If Yes, skip to section D.)  Partially  No

7. (a) What outcomes are on track to meet the goals set for PY 2020-2021? (b) How will they be met?

We anticipate that goals will be met regarding positive adult connections, prosocial activities, school suspensions, PINS referrals and arrests/probation intakes.

8. (a) What outcomes are not on track to meet the goals set for PY 2020-2021? (b) Please describe any contributing barriers.

Truancy was a struggle for several referred youth who were chronically absent prior to their referral to the YAP program. While most made improvements in terms of attendance and increased logging-on, truancy was not fully diminished. The pandemic also presented some new challenges for programs as they sought to understand the remote procedures of our varied school districts and advocate for youth who did not have access to internet or proper equipment. Another area where goals may not be met is 90% attendance for STSJP Early Intervention as we had two siblings who did not engage in the program and who were discharged early as a result.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2021-2022?

YAP will continue to work diligently to provide incentives, encouragement and even early morning transportation to youth who have shown resistance to attend school. During periods when the pandemic waned, they provided group activities and outings to help isolated and anxious youth develop comfort with a return to socializing so that they will be better prepared for anticipated in-person programming for the fall.

D.A.S.H case management will serve a broad spectrum of RTA youth with a strong emphasis on prevention of entry into the justice systems for high-risk 15-18 year olds who make up a large percentage of our referral base. It will also serve RTA Diversion, Adjudicated and ACD youth in an effort to avoid further progression in the juvenile justice system and out-of-home placement. Programming will include crisis intervention; family mediation; advocacy and referrals to needed services; anger management; substance abuse prevention with EBT Teen Intervene; restorative justice; collaboration with providers including MH, schools, and probation; connection to prosocial supports and activities; counseling; transportation; use of natural and formal supports; education around independent living skills and healthy choices.

3. Based on the program's record of youth served (Q2), do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:  
 STSJP Case Management ended on 12/31/20 and did not meet funding capacity as referral sources ceased with program termination in sight. RTA D.A.S.H programming was not given RFP and county funding approval to start until 4/1/21. It is anticipated that they will meet 6-month capacity projections as the program builds momentum.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type							
	P	EI	ATD/ATPDP				ATP	R/A
			(PINS)	(JO/JD)	(JD-RTA)	(AO)		
STSJP	0.00	109.50	0.00	0	0.00	0.00	0.00	0.00
STSJP-RTA	0.00	0.00			0.00	0.00	0.00	0.00

5. How does the average length of service (Q4) compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.  
 The STSJP ALOS was what would be expected with this time limited, support enhancing service. It is less than the 365 ALOS of residential placement in previous years.

6. Will this program's outcomes meet the PY 2020-2021 projected goals by 9/30/2021?  
 Yes (If Yes, skip to section D.)     Partially     No

7. (a) What outcomes are on track to meet the goals set for PY 2020-2021? (b) How will they be met?  
 All STSJP Case Management outcomes were met prior to the end of the program in 2021.

8. (a) What outcomes are not on track to meet the goals set for PY 2020-2021? (b) Please describe any contributing barriers.  
 Because the DASH program did not start until 4/1/21, we do not have any data on discharged youth as they will remain involved in the program past 9/30/21.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2021-2022?  
 We expect to have a full roster of youth discharged by the next reporting period.

1. A Family Support Service program (FSS) may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS. This program meets the legal definition of a **Family Support Services (FSS) program (Social Services Law Section 458-m)** and will operate in this capacity for PY 2021-2022.  Yes  No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2021-2022:

\*Note: If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program.

3. Please list the ZIP codes this program will target:  
 This program is available to youth in all zip codes throughout the county. It will continue to target the city of Kingston which has the greatest amount of youth who become involved in the juvenile justice system.

4. Describe the program, including how it is family focused. If you answered "Yes" to Q1 (FSS), be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the STSJP Annual Plan Development Guide for additional guidance.)  
 Family house, located in Rosendale NY, will provide respite in a safe, structured and supervised environment for pre-diversion, PINS/JD Diversion and Adjudicated youth as well as a full specrum of RTA youth (at-risk, Diversion, Adjudicated and ACD) in order to prevent entry or further progression on the juvenile justice continuum and to avoid long-term placement outside of the home. Family House will provide: individual and crisis counseling, family reunification counseling, life/chore skills training, advocacy and referral for legal, medical, mental health and substance abuse programming so involved families and youth are better prepared to handle conflict, outline rules and manage day-to-day challenges.

5. Is the program capable of being replicated across multiple locations?  Yes  No

3. Based on the program's record of youth served (Q2), do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:

Family House will serve less than its capacity of youth for the 2020-2021 year, both for STSJP and RTA. Family House is a program that is utilized and billed as needed when we identify youth who are unable to be safety managed at home or in the community without increased supervision, supports and/or assistance with family conflict resolution.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

5. How does the average length of service (Q4) compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The ALOS represented is for one EI STSJP youth at 17 days. This is far below the 365 days of residential placement of previous years. The RTA Prevention youth was not represented in the ALOS as he remained at family house into the second half of the year.

Goals should reflect high, yet realistic, expectations for the programs.
