KATHY HOCHUL  
Governor

SUZANNE MILES-GUSTAVE, ESQ.  
Acting Commissioner

October 30, 2023

Dear Chief Executive Officer,

Thank you for submitting Ulster County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2023-2024. Your entire STSJP plan, including any amounts listed for PY 2023-2024 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2024, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2023, to September 30, 2024. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) and write "STSJP Plan Questions" in the subject line or reach out to Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD

### PART I – MUNICIPALITY LEVEL DETAILS

#### A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
  - Discuss what factors may be contributing to these high numbers:

The area of Ulster County where the highest number of youth (more than half) enter the juvenile justice system is Kingston (12401). Kingston is the largest town/city in Ulster County and is comprised of urban, commercial and residential areas. As the largest community, it has a high number of families struggling with poverty. Research shows that poverty is a significant risk factor for minors becoming involved with juvenile justice. The city of Kingston also displays pockets of gang activity which can negatively influence youth. Saugerties (12477) is the second largest population center in Ulster and had the second largest number of PINS and JD intakes in 2021.

Overall, we see that the contributing factors to youth involvement in juvenile justice in our county continue to be poverty, financial stress on families, lack of supervision, adverse childhood experiences, negative peer influences, parental drug misuse, under supervised computer and social media use, and youth reporting feelings of disconnect in their communities or at school. Additionally, following the isolation of the pandemic, we see residual symptoms such as video game addiction and increased levels of anxiety contributing to school avoidance.

- Resources available at the following link can help you answer these questions:

<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

- In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth. For

the placement admissions data, please add together county data from Tables 1b-Total OCFS Facility Admissions by Sex, Race/Ethnicity and Age, 6b-JD Foster Care Admissions by Sex, Race/Ethnicity and Age and 7b-PINS Post-Dispositional Foster Care Admissions by Sex, Race/Ethnicity and Age from [Annual Out of Home Placement Admissions Data Packet](#)

Race/Ethnicity	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Black/African American	2,660	9%	4	57%	2	40%
White	21,533	70%	1	14%	1	20%
Native American/Alaskan	118	0%	0	0%		
Asian/Pacific Islander	802	3%	0	0%		
Hispanic	5,698	18%	2	29%	2	40%

Sex Assigned at Birth	2020 General Population <18 years		2022 Detention Admissions		2022 Placement Admissions	
	#	%	#	%	#	%
Male	15,750	51%	7	100%	4	80%
Female	15,061	49%	0	0%	1	20%

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

Overall, Ulster County's detention numbers were higher than the previous year (4), with 7 youth admitted. We did note racial disparity as 4 (57%) of the youth placed in detention were Black. This is higher than the 9% of Black youth represented in Ulster County's general population numbers. 29% (2) of the remanded youth were identified as Hispanic, also showing disproportionality. UC STSJP programming seeks to prioritize minority youth and hire diversified staff in an effort to reduce the level of placement disparity. Ulster County conducted a county-wide Diversity, Equity and Inclusion training for government staff in 2022 and smaller trainings continue to follow.

**B. Local Collaboration**

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Ulster County collaborates with representatives of local, youth-related agencies that include the Youth Bureau, the Department of Social Services, the Department of Mental Health, UC Probation, Family of Woodstock, Liberty Resources Inc., the Youth Advocate Program, Kingston City Schools, and UC Sheriff's AVERT Program (Anti Violence Enforcement and Response Team) to discuss STSJP/RTA programming and identify gaps in the service system.

2. Is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)

No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

Each STSJP/RTA funded program has a built-in feedback process for youth and families and the response has been very positive. Probation and DSS also gathers parent and youth input about their needs and experiences with services during their intake process. This information is shared during STSJP development meetings.

Incorporating this feedback, STSJP and STSJP-RTA continues to offer home-based MST, case management, teen shelter and mentoring which are all services in high demand by families who are overwhelmed by their adolescent's behaviors and needs.

3. Was community feedback in low opportunity ZIP codes sought as part of the STSJP plan development?

- Yes. (If yes, please describe how the plan incorporates that feedback at the system level, e.g., funding and service continuum decisions.)
- No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2023-2024.)

The Ulster County System of Care conducted a survey in November of 2022 in the city of Kingston to identify service gaps and community needs. Requests for added mental health services continued to be in high demand. In addition, like many school districts across the county, Kingston reported a significant rate of school avoidance and a high need for interventions that can help teens return to school. Both caregivers and the school district have referred a number of middle-school aged youth to MST, but unfortunately, this service was not available in the first half of the program year due to staffing issues. We anticipate some relief in this area for the second half of the program year now that Liberty Resources has hired an STSJP MST therapist.

**C. Cooperative Application** *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county:

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

- Yes. (If yes, please provide their contact details below.)
- No. (If no, skip to Q.4.)

Officer's Name:	Title:
Phone: ( )	Ext:
	Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for jointly funded programs, as well as the names and email addresses of the fiscal officers responsible for jointly funded programs:

**B. Program 1 Description and Target Population**

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their

age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2023-2024.

Yes  No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2023-2024:

<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

**\*Note:** If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program. Additionally, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:

12401 will be prioritized, but youth in any Ulster county locality can be served.

4. Describe the program, including how it is family focused. If you answered “Yes” to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

The MST program will continue to provide intensive, home-based services to youth across the RTA Spectrum as well as STSJP adolescents. Overall, MST will serve at-risk, diverted, adjudicated, and ACD youth. The goal is to deter these minors from entering or progressing further into the justice systems, to preserve and strengthen family systems and to prevent unnecessary out-of-home placements. The Ulster County MST team is co-located within DSS and utilizes evidence-based family systems treatment with notable success and positive outcomes. Services are often multiple times per week with 24/7 support to help families determine drivers to behaviors and to bolster informal and community supports so that parent interventions can be more effective and youth improvement can be sustained over time.

5. Is the program capable of being replicated across multiple locations?  Yes  No

**C. Program 1 Performance History (Refer to your municipality’s STSJP data files.)**

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.

None (If none, skip to section D.)  STSJP  STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	0	0	0	0	0	0
STSJP-RTA	17	0	0	1	0	18
Total	17	0	0	1	0	18

3. Based on the program’s record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:

MST STSJP-RTA is on track to meet its goal for youth served. MST STSJP will serve fewer youth than anticipated because they were not able to hire an MST therapist until April of 2023.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	0	0	0	0	0
STSJP-RTA	128	0	0	142	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

MST has a very prescribed evidence-based treatment model that keeps length of stay generally below 150 days with sustainability efforts built into the last phase of treatment. The LOS days falls far below the average residential placement of 365 days.

6. Will this program's outcomes meet the PY 2022-2023 projected goals by 9/30/2023?

YAP STSJP will serve pre-diversion, diversion, and adjudicated PINS/JD youth and YAP RTA will serve a broad range of the RTA spectrum (at risk, diverted, adjudicated and ACD youth) to deter those minors from entering or progressing further into the justice systems and prevent out-of-home placement. YAP will provide eligible youth with an intensive, wrap-around advocacy/mentor model. YAP staff meet with youth and families flexibly multiple times during the week and on weekends. They provide hourly respite, advocacy, adult supervision, prosocial outlets, role modeling, resume building, supported employment and independent living skills to youth who are engaging in high-risk choices. Activities and goals are strengths-based and are developed together with the family.

The average length of stay for STSJP diversion-involved youth averaged 160 days, which falls within expectations to provide safe and appropriate social activities and reduce the risk of entry into the juvenile justice system and/or involvement in family court. The average length of service for RTA at-risk youth was 286 days, which is slightly less than the average stay in residential placement of 1 year.

1. What, if any, funding did this program receive in PY 2022-2023? If the program was approved in PY 2022-2023 but was not implemented or is anticipated to serve no youth, please choose None.  
 None (If none, skip to section D.)  STSJP  STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

STSJP	0	0	0	0	0	0
STSJP-RTA	15	3	0	1	0	19
Total	15	3	0	1	0	19

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:  
 D.A.S.H. will likely exceed its projected capacity.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

STSJP	0	0	0	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.  
 D.A.S.H. has proven to be highly successful at meeting outcomes and reaching large numbers of youth with the addition of groups to the service menu. Once connected, youth stay engaged and benefit from the array of interventions offered. As a result, ALOS was longer than in the previous year but shorter than the ALOS in residential placement of 365 days.

3. Based on the program’s record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2023? Please explain:  
 Family House is funded on an as-needed, per night, basis. They will likely serve less than their projected capacity by 9/30/23.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2022 and 3/31/2023. Enter zero (0) if not applicable.

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.  
 Family house stays are considerably less than residential placement which averages 1 year. It is a valuable short-term resource when youth are not able to be managed safely at home.

6. Will this program’s outcomes meet the PY 2022-2023 projected goals by 9/30/2023?  
 Yes. (If yes, skip to section D.)     Partially     No

7. (a) What outcomes are on track to meet the goals set for PY 2022-2023?  
 (b) How will they be met?  
 Outcomes were 100% in both served categories of STSJ Early Intervention and STSJ-RTA Prevention for no truancy, arrests, suspensions, PINS referrals . Successful adjustments, positive adult connections and prosocial activities were also met at 100% in both categories. STSJ EI was at 100% for rule compliance and attendance.

8. (a) What outcomes are not on track to meet the goals set for PY 2022-2023?  
 (b) Please describe any contributing barriers:  
 STSJ-RTA Prevention did not meet outcomes for rule compliance or program attendance. However, it should be noted that STSJ-RTA served one very high-risk youth for 4 episodes of shelter.

9. What changes have been made to overcome the barriers identified in Q.8. so that the program can achieve its desired goals for PY 2023-2024?  
 The barriers were youth specific so we do not anticipate them to arise in the next program year.
