KATHY HOCHUL
Governor

SHEILA J. POOLE
Commissioner

December 19, 2022

Dear Chief Executive Officer,

Thank you for submitting **Warren** County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2022-2023. Your entire STSJP plan, including any amounts listed for PY 2022-2023 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2023, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2022 to September 30, 2023. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, PhD

STSJP plans are due to the Office of Children and Family Services (OCFS) by 08 / 05 / 2022

- Once you have opened this form on your computer, please use the "Save As" function to save a copy with the following file name: "STSJP 2022-2023 Annual Plan – [ex. Municipality Name]."
- Work from the copy saved in Step 1 as you record your municipality information. Save your work as you complete each section.
- Email the completed application to OCFS at stsjp@ocfs.ny.gov. Use the subject line "STSJP 2022-2023 Annual Plan – [Municipality Name]" to facilitate timely review of your plan.

Please direct any STSJP plan questions to the STSJP mailbox at: stsjp@ocfs.ny.gov, or you may contact Geneva Hilliard 518-486-1819 or Lynn Tubbs 518-473-9116.

NOTE: Cooperative Applications submitted jointly by two or more counties

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Municipality Level Analysis

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:

The highest number of Youthful Offenders, Adolescent Offenders, and Juvenile Delinquency charges come from the following zip codes (High to low) (12804-12801-12846-12845-12853,12885-12839-12878-12817). The highest rate of PINS referrals from (High to low) (12801-12853-12804) Both outcomes are the highest populated areas in the county.

The factors that contribute to these youth being placed are repeated sex offenses and repeated domestic offenses leading to issues of youth, victim, and public safety. Our data indicates that Family is the highest risk factor across all offender types and districts.

- Resources available at the following link can help you answer these questions:

<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan. For the Placement Admissions data, please add together county data from Tables 1b, 6b, and 7b of the Annual Out of Home Placement Admissions Data Packet.)

Race/Ethnicity	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	295	3	1	50	1	50
White	10377	91	1	50	1	50
Native American/Alaskan	25	1	0	0		
Asian/Pacific Islander	168	1	0	0		
Hispanic	567	5	0	0	0	0

Sex Assigned at Birth	2020 General Population <18 years		2021 Detention Admissions <18 years		2021 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	5920	52	2	100	2	100
Female	5512	48	0	0	0	0

b) If you identified any disparities when comparing youth representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

No Disparities identified.

B. Local Collaboration

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Collaboration to determine at risk youth needs include the YreConnects Community of Practice Team and Parent Ambassador coalition, The PINS Diversion Task force, The Warren County Interagency committee, SPOA coordinated services, community boards and various community agencies. These cross system collaborations consist of Warren County school staff, Law enforcement, mental health, social services, employment and training, community agencies, attorneys for the children, head start, and local providers and meets a couple of times a year in a round table setting in order to review available services that address risk and needs of at risk youth and their families. A monthly Warren County Interagency Collaboration Committee with representatives from participating Schools, BOCES, Social Services, Probation, Service providers, Warren Washington Association for Mental Health, SPOA and other agencies. A monthly Multi-disciplinary meeting is also held with the Probation, Social services, law enforcement, the Care Center, Pediatricians, Glens Falls Hospital, and District Attorney's office regarding sexual abuse cases and services. Probation and DSS participate in monthly children's SPOA services meetings with multiple mental health service provide. Probation conducts ongoing meetings with the Family Court.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanisms during PY 2022-2023.

Our youth and families also are receptive and responsive through BBBS mentoring and therefore why this was implemented through STSJP. Our feedback also indicated that family, youth, and schools wanted early intervention, prevention, and incentives to assist with recognizing potential status and criminal behaviors in youth/students thus the response for these programs.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?
 Yes. (If yes, please describe how the plan incorporates that feedback);
 No. (If no, please describe the barriers to implementation and the municipality's solutions to develop such feedback mechanism during PY 2022-2023).
 Feed back was gathered through Early Intervention, PINS, and Juvenile Delinquency families and youth, and various community agencies.

C. Cooperative Application *(Complete this section only if this is a joint application.)*

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?
 Yes. (If Yes, please provide their contact details below.)
 No. *(If No, skip to Q.4.)*

Officer's Name:	Title:
Phone: ()	Ext:
	Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

B. Program 1 Description and Target Population

1. A Family Support Services (FSS) program may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS; or, as of December 29, 2022, children under 12 years of age who do not meet the definition of a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the Family Court Act (FCA). This program meets the legal definition of an FSS program (Social Services Law Section 458-m) and will operate in this capacity for PY 2022-2023.
 Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2022-2023:

STSJP	STSJP-RTA	
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input type="checkbox"/>	<input type="checkbox"/>	Early Intervention (EI)

<input type="checkbox"/>	<input type="checkbox"/>	Reentry/Aftercare (R/A)
<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

***Note:** If you indicated this program will operate as an FSS, it cannot provide STSJ-RTA services under this program. Additionally, as of December 29, 2022, children under 12 years of age who do not meet the definition of either a PINS or a JD and whose behavior, but for their age, would bring them within the jurisdiction of the family court under Article 3 of the FCA, may only be served through the Prevention and Early Intervention service domains.

3. Please list the ZIP codes this program will target:
 12808,12810,12811,12814,12815,12817,12824,12843,12801,12804,12853,12843,12845,
 12846,12853,12844,12860,12801,12804,12862,12878, 12885,12886

4. Describe the program, including how it is family focused. If you answered "Yes" to Q.1. Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the *STSJP Annual Plan Development Guide* for additional guidance.)

The Pre- PINS Prevention program is an initiative designed to identify and meet with chronically absent children or children who struggle with at risk incorrigible, ungovernable behaviors or appear to be habitually disobedient and beyond the control of a parent or person legally responsible for their care. This program serves youth and families (grades 1-12) in hopes in offering intervention before the behavior escalates to a level requiring PINS diversion services or Court intervention. In school Probation Officers are designated to specific school districts within the school building on set dates. These officers are resources for schools, parents, students, staff, and community. It is a family focused program that provides immediate referrals and resource education to at risk youth and families. Once a youth is identified as at risk by the school, service provider, or parent an early intervention meeting or a pre PINS meeting will be scheduled with the designated school probation officer, school (If school referral), parent, and youth (As well as identified family support if family agrees). Meetings are conducted by a restorative justice trained trauma informed Probation Officer . This also includes Restorative Justice Truancy circles, probation facilitated one circle programs, cognitive behavioral interventions such as motivational interviewing and interactive journaling for at risk youth.

Together probation, school, parent, child will review the family and youth's strengths, needs, and barriers to promoting the youth's attendance and positive behaviors within the school, home, and community. Together the team will develop a brief case plan with goals and implement strength-based trauma informed services and behavioral modification steps focused on reducing risks that lead to PINS diversion, PINS adjudication, or Juvenile Delinquency. This is voluntary to youth and families. This will not be considered an STSJ/RTA program.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality's STSJ data files.)

1. What, if any, funding did this program receive in PY 2021-2022? If the program was approved in PY 2021-2022 but was not implemented or is anticipated to serve no youth, please choose None.
 None (If none, skip to section D.) STSJ STSJ-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type					Total
	P	EI	ATD/ATPDP	ATP	R/A	
STSJP	42	0	0	0	0	42
STSJP-RTA	0	0	0	0	0	0
Total	42	0	0	0	0	42

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:

Due to the dates of 10/1/21-3/31/22 being half a program year we anticipate this program services between 75 and 100 youth per year.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

Approved Funding	Program Type				
	P	EI	ATD/ATPDP	ATP	R/A
STSJP	44	0	0	0	0
STSJP-RTA	0	0	0	0	0
Total	44.86	0	0	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.
- The average length of service days depends on the youth's risks/needs/strengths as well as service wait times, parent/guardian services and various other factors. The majority of those served in this program are families of youth who exhibit truancy and non-criminal behaviors and therefore are at risk for PINS.

6. Will this program's outcomes meet the PY 2021-2022 projected goals by 9/30/2022?

Yes. (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2021-2022?

(b) How will they be met?

Continued reduction of PINS petitions into family court.

8. (a) What outcomes are not on track to meet the goals set for PY 2021-2022?

(b) Please describe any contributing barriers.

The WAIT house allows at risk youth unable to reside in their home the opportunity to reside in safe housing within their community, with support and supervision of professionals while maintaining services, treatment, and education in the community and near family/natural supports. It offers a wide range of outreach services to all youth whom would not have access to services if the program did not exist. The Program is utilized by at risk youth populations for the purposes of respite and resources for youth. It is also utilized for youth receiving PINS Diversion services, Probation Adjustment Services and youth under formal probation supervision for the purposes of alternatives to placement. It may be utilized for juvenile delinquency populations as alternatives to detention.

This will not be considered an STSJP/RTA program.

Family Support Services program, be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q.2. will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the <i>STSJP Annual Plan Development Guide</i> for additional guidance.)</p> <p>Mentoring programs are proven to prevent entry into the Juvenile Justice and PINS systems. Students who meet with a mentor regularly are 52% less to skip school than their peers. Youth who meet with mentors regularly are 43% less likely to start illegal drug use. Establishing a mentor for at risk youth is evidenced based to reduce the risks that lead to placement and therefore has become part of programing as alternatives to placement. Probation and BBBS of the Southern Adirondacks have been collaborating with the NYS mentoring program for Probation facilitated mentoring program. The NYS mentoring program only has the ability to fingerprint volunteer mentors and does a onetime brief mentor training. By collaborating together, BBBS is able to offset the cost of fingerprinting by using the NYS mentoring program services. In January of 2020, the probation department conducted a survey among 18 non probation staff task force members 17 out of 18 participants identified mentoring programs as a need for Warren County youth. Mentoring was second to a Parenting and Parent Advocacy program which received 18 votes. Due to the identified need through the PINS prevention efforts, the PINS Diversion program, and 9</p>																						

referrals through the Department of Social Services and 3 Pre PINs and 2 PINS youth. This will include at risk youth, Pre PINS youth, and PINS youth. It will not be considered a joint RTA/ STSJP program due to modifications for higher risk populations. This will also include any re entry youth.

1. What, if any, funding did this program receive in PY 2021-2022? If the program was approved in PY 2021-2022 but was not implemented or is anticipated to serve no youth, please choose None.

STSJP	11	4	0	0	0	15
STSJP-RTA	0	0	0	0	0	0
Total	11	4	0	0	0	15

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2022? Please explain:

Less as there are less mentors available to serve the youth.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2021 and 3/31/2022. Enter zero (0) if not applicable.

STSJP-RTA	0	0	0	0	0
Total	467	0	0	0	0

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

15 youth referred and 3 were discharged. The ALS is reasonable as this program is meant to form life long connections between the mentee and mentor. There is also a year long commitment to enroll in the program.

6. Will this program's outcomes meet the PY 2021-2022 projected goals by 9/30/2022?

Yes (If Yes, skip to section D.) Partially No

Gift cards were awarded to the youth by the probation department as incentives/graduated responses for displays of positive behavioral change. Incentives can be granted when a youth completes a YASI case plan action step or if they make significant progress toward YASI Case Plan goals or obtained goal achievement, completed a treatment program, completed an evidenced based program or group, achieved academic improvement, or sustained behavioral modification or change. Other examples of positive behavior may include maintenance of sobriety validated through drug test results, increased in school attendance,</p>																						

decreased disciplinary reports, academic improvement or achievement, completion of groups, attendance at beneficial programming, home behavior improvement, participation in community based enrichment programs, displayed competency in appropriate behavior. Although small in monetary value the incentives combined with other incentives created an external motivation for youth that established a more solid commitment to change. DCJS best practices and good supervision techniques include incentivizing pro social behavior and successful completion of short and long term case plan goals as well as referrals to service providers based on validated assessment tools identifying criminogenic needs and risk factors which utilize incentives and rewards in working with probationers. The department found gift card or specific program incentives in addition to utilizing non-monetary incentives for both parents and youth increased the likelihood of the youth and parenting completing evidence based programs, cognitive behavioral programs, participation in pro social activities, employment and training, and completion of substance abuse treatment. Along with graduated sanctions, motivational interviewing techniques, and restorative circle practices incentives were beneficial in promoting positive behavioral change as OPCA/DCJA reports and data validates. In addition, the incentives allowed youth and parents to recognize and appreciate their strengths thus perpetuating the Strength based model. This may include certificates of achievement, tokens of sobriety, achievement pins, gas cards/ bus tokens for parents, individualized gift cards, payment towards NYS drivers permit, NYS drivers license, or a specific class or program.

PART III – Goals for PY 2022-2023

Please set the municipality’s goals for its programs to achieve in PY 2022-2023. State-required outcomes have been included with space for you to identify which programs in **Part II-Program Level Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
