

What Is NYSCB?

The New York State Commission for the Blind (NYSCB) assists New York State residents of all ages who are legally blind or deaf-blind to live independent and productive lives by providing vocational counseling, advocacy, rehabilitation training and employment services.

NYSCB Programs

Employment Program

A vocational rehabilitation counselor can help you develop a plan and get the training you need to reach your employment goal.

Job Save Program

If you are employed and legally blind or have a diagnosis leading to legal blindness within one year, you may be eligible for Job Save services. A vocational rehabilitation counselor can arrange vision and job services that may help you to continue working productively in your position.

Business Enterprise Program (BEP)

If you are a U.S. citizen interested in managing your own newsstand, snack bar, cafeteria, or vending route, BEP provides training to get you licensed and up and running, along with on-going support.

Independent Living/Older Adult Programs

If you are an adult who wants to live as independently as possible, but are not interested in employment, NYSCB has programs to teach you the skills to maintain your home, travel safely and keep in touch with family and friends.

Children's Program

Your child can receive services in your home, in your community and at rehabilitation agencies. Children's consultants provide educational consultation and supplemental services, vocational coordination, advocacy services and guidance for your family.

Who Is Eligible?

Any New York State resident who is age 21 or younger and is legally blind or deaf-blind may be eligible for children's services provided by New York State Commission for the Blind (NYSCB).

Legal Blindness is Defined As:

- A visual acuity of 20/200 or less in the better or stronger eye with best correction, or
- A restricted field of vision of 20 degrees or less in the better or stronger eye.

Please contact NYSCB for help with determining eligibility.

Services For Children

Services offered through NYSCB, in partnership with agencies for the blind, private vendors, physicians and low vision specialists, can provide your child with assistance to reach their goals and become an independent, participating member of their community.

The children's consultant will work with your family to develop an individualized plan to meet your child's needs and supplement services offered by their educational institution.

Services May Include:

- Daily living skills training
- Travel training
- Low vision examinations and aids
- Adaptive equipment
- Diagnostic evaluations
- Educational consultation
- Educational supplemental services
- Social casework
- Community resources
- Social skills activities
- Transition to Employment Program
