

Report Identification Number: AL-14-020

Prepared by: Albany Regional Office

Issue Date: 2/20/2015

This report, prepared pursuant to section 20(5) of the Social Services Law (SSL), concerns:

- A report made to the New York Statewide Central Register of Child Abuse and Maltreatment (SCR) involving the death of a child.
- The death of a child for whom child protective services has an open case.
- The death of a child whose care and custody or custody and guardianship has been transferred to an authorized agency.
- The death of a child for whom the local department of social services has an open preventive service case.

The Office of Children and Family Services (OCFS) is mandated by section 20 of the SSL to investigate or cause for the investigation of the cause and circumstances surrounding the death, review such investigation, and prepare and issue a fatality report in regard to the categories of deaths noted above involving a child, except where a local or regional fatality review team issues a report, as authorized by law.

Such report must include: the cause of death; the identification of child protective or other services provided or actions taken regard to such child and child's family; any extraordinary or pertinent information concerning the circumstances of the child's death; whether the child or the child's family received assistance, care or services from the social services district prior to the child's death; any action or further investigation undertaken by OCFS or the social services district since the child's death; and as appropriate, recommendations for local or state administrative or policy changes.

This report contains no information that would identify the deceased child, his or her siblings, the parent, parents, or other persons legally responsible for the child, and any members of the deceased child's household.

By statute, this report will be forwarded to the social services district, chief county executive officer, chairperson of the local legislative body of the county where the child died and the social services district that had legal custody of the child, if different. Notice of the issuance of this report will be sent to the Speaker of the Assembly and the Temporary President of the Senate of the State of New York.

This report may **only** be disclosed to the public by OCFS pursuant to section 20(5) of the SSL. **It may be released by OCFS only after OCFS has determined that such disclosure is not contrary to the best interests of the deceased child's siblings or other children in the household.**

OCFS' review included an examination of actions taken by individual caseworkers and supervisors within the social services district and agencies under contract with the social services district. The observations and recommendations contained in this report reflect OCFS' assessment and the performance of these agencies.

Case Information

NYS Office of Children and Family Services - Child Fatality Report

Report Type: Child Deceased
Age: 1 month(s)

Jurisdiction: Schenectady
Gender: Male

Date of Death: 07/13/2014
Initial Date OCFS Notified: 07/18/2014

Presenting Information

On July 18, 2014, an SCR report was received by Schenectady County DSS stating that on July 13, 2014, the mother slept on the couch with her infant child. The mother woke and found the child blue and not breathing. The child was pronounced dead on July 13, 2014. The mother was aware that the child was a high risk infant. The child and twin surviving sibling were born premature.

Executive Summary

On July 18, 2014, Schenectady County DSS (SCDSS) received an SCR report alleging DOA/Fatality and Inadequate Guardianship against the mother regarding the subject child. Also listed on the report with unknown roles were a two month old surviving sibling and the father.

During the course of their investigation, SCDSS interviewed the mother, father and family members. SCDSS also spoke with all necessary and appropriate collateral contacts. SCDSS was unable to verify a home address for the father, who reported being homeless when interviewed.

The investigation discovered that the subject child and surviving twin sibling were born prematurely at 32 weeks gestation. Due to the premature birth the child was hospitalized for an additional six weeks. On 7/4/14, the child was discharged from the hospital with problems noted as being Apnea/ bradycardia, anemia of prematurity, GERD and thrush. The child was discharged with an apnea monitor due to continued events requiring intervention. The mother was educated on CPR, safe sleep and learned how to operate the apnea monitor. On 7/12/14, the mother, child and surviving sibling attended a picnic and stayed overnight at a friend's home. While lying on a sectional couch, the mother fed the child two bottles between 10:30PM and 1:00AM. The mother admitted to co-sleeping with the child, in her arms, on a sectional couch. When the mother woke on her own, she observed the child to be blue and unresponsive. EMS responded and the child was transported to the hospital where the child was pronounced dead. First responders noted that the apnea machine was attached to the child.

The medical examiner was informed that the child and mother were co-sleeping. The medical examiner stated the child's death could possibly be a result of co-sleeping; however, the medical examiner was reviewing the apnea monitor as there were several apnea episodes throughout the night as the heart rate was shown to be dropping. The cause of death was still pending when SCDSS closed the case.

SCDSS found some credible evidence that the mother failed to exercise a minimum degree of care by co-sleeping with the child, thus substantiating the allegations of Inadequate Guardianship. The allegation of DOA/Fatality against the mother was unsubstantiated. The report was closed on 9/11/14.
