

**Black Disparity Rate: Unique Children in SCR Reports CY 2019**

Disparity index is ratio of rate of unique black children in SCR reports per 1000 black children under 18 in county relative to comparable rate for white children

Size Group Comparison

State disparity ratio <sup>1</sup>=

1.95

**Hispanic Disparity Rate: Unique Children in SCR Reports CY 2019**

Disparity index is ratio of rate of unique Hispanic children in SCR reports per 1000 Hispanic children under 18 in county relative to comparable rate for white children

State disparity ratio <sup>1</sup>= 1.32

**Black Disparity Rate: Unique Children in Indicated SCR Reports CY 2019**

Disparity index is ratio of rate of unique Black children in Indicated SCR reports per 1000 Black children under 18 in county relative to comparable rate for white children

State disparity ratio <sup>1</sup>= 2.49

**Size Group Comparison**

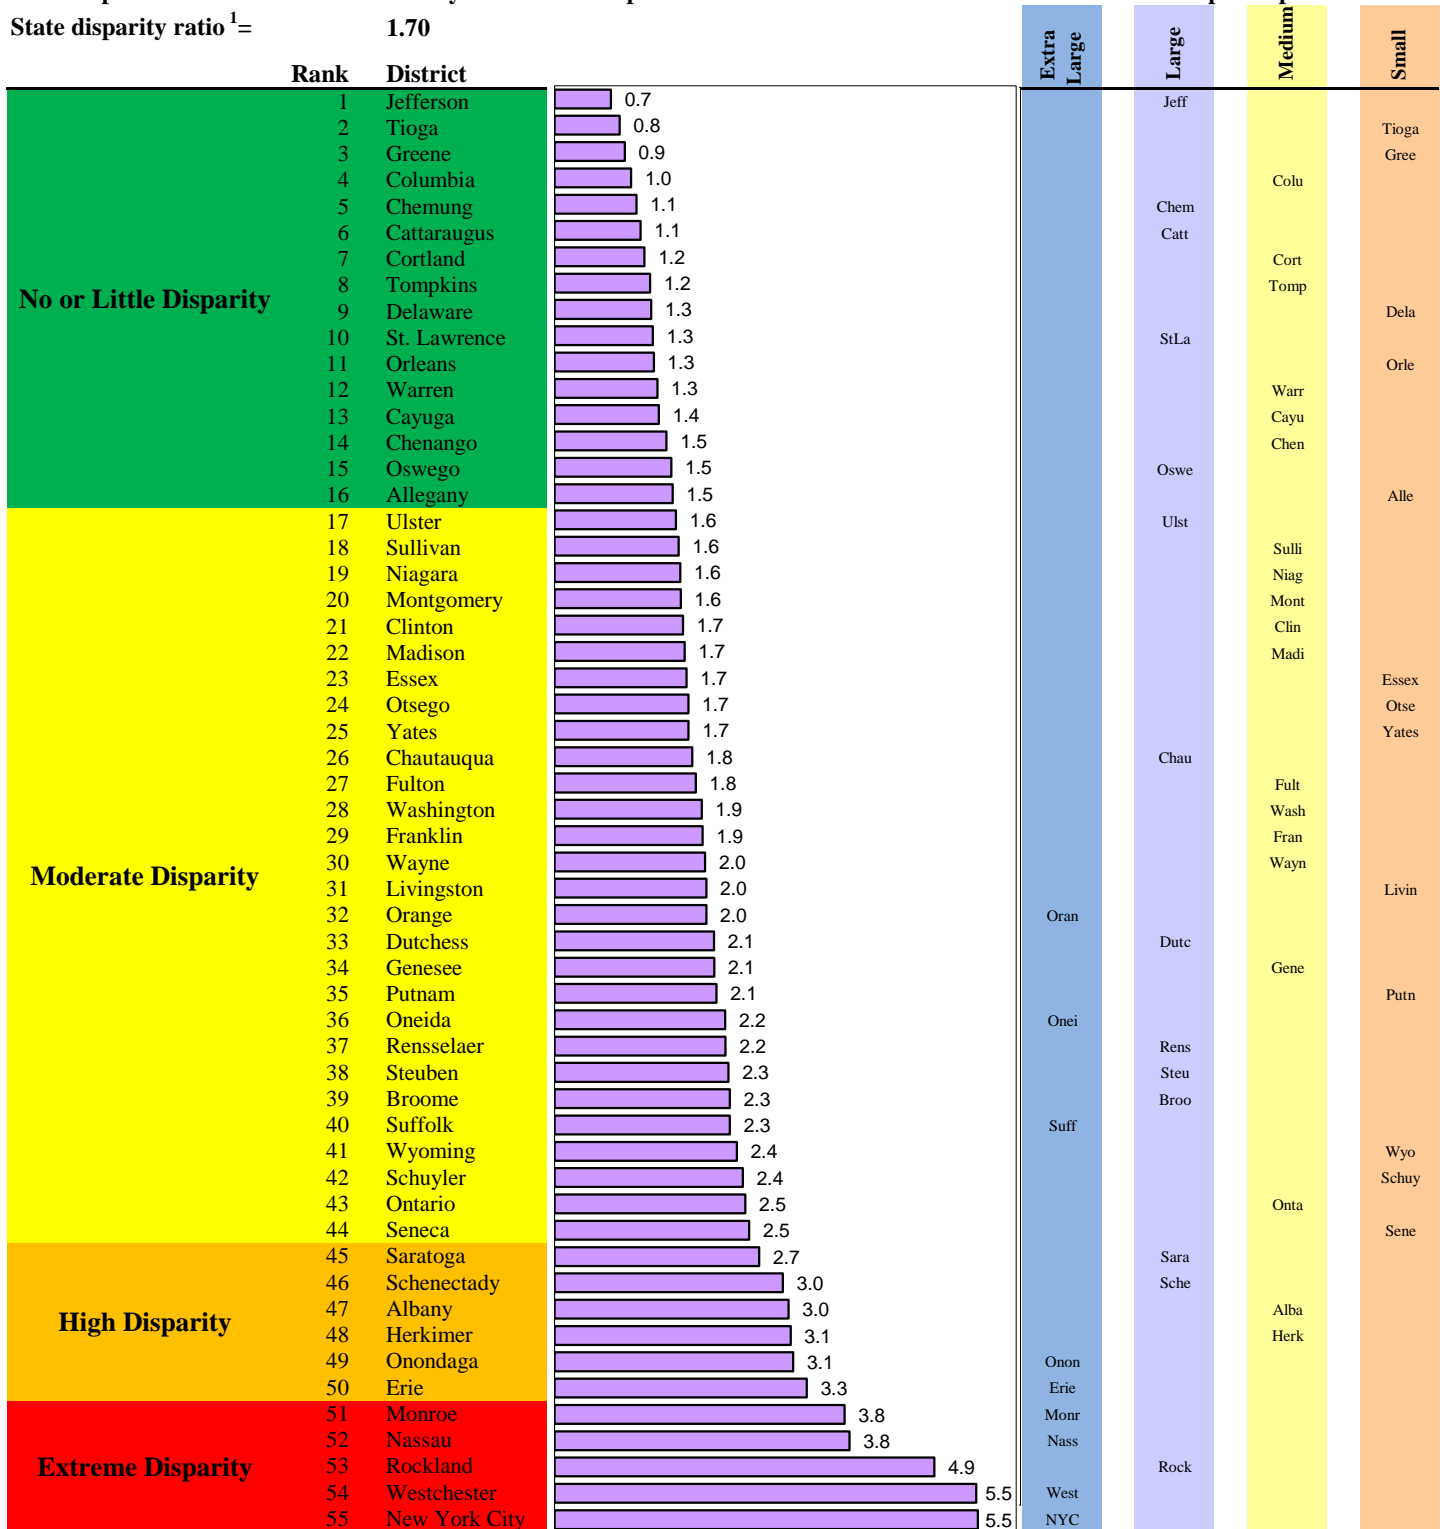

**Hispanic Disparity Rate: Unique Children in Indicated SCR Reports CY 2019**

Disparity index is ratio of rate of unique hispanic children in Indicated SCR reports per 1000

hispanic children under 18 in county relative to comparable rate for white children

State disparity ratio <sup>1</sup>= 1.70

**Size Group Comparison**

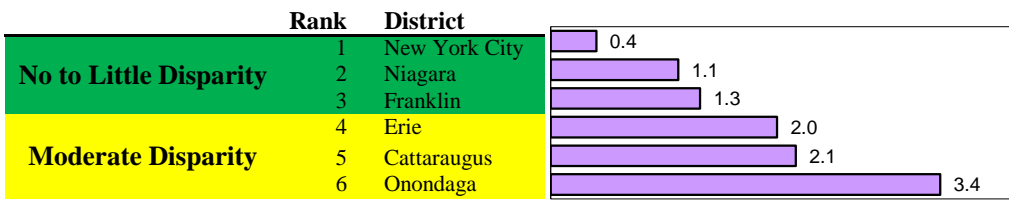

**Native American Disparity Rate: Unique Children in Indicated SCR Reports CY 2019**

Disparity index is ratio of rate of unique Native American children in Indicated SCR reports per 1000 Native American children under 18 in county relative to comparable rate for white

State disparity ratio <sup>1</sup>= 1.13

**Size Group Comparison**

Extra Large	Large	Medium	Small
NYC	Niag	Fran	
Erie	Catt		
Onon			

**No to Little Disparity**

**Moderate Disparity**

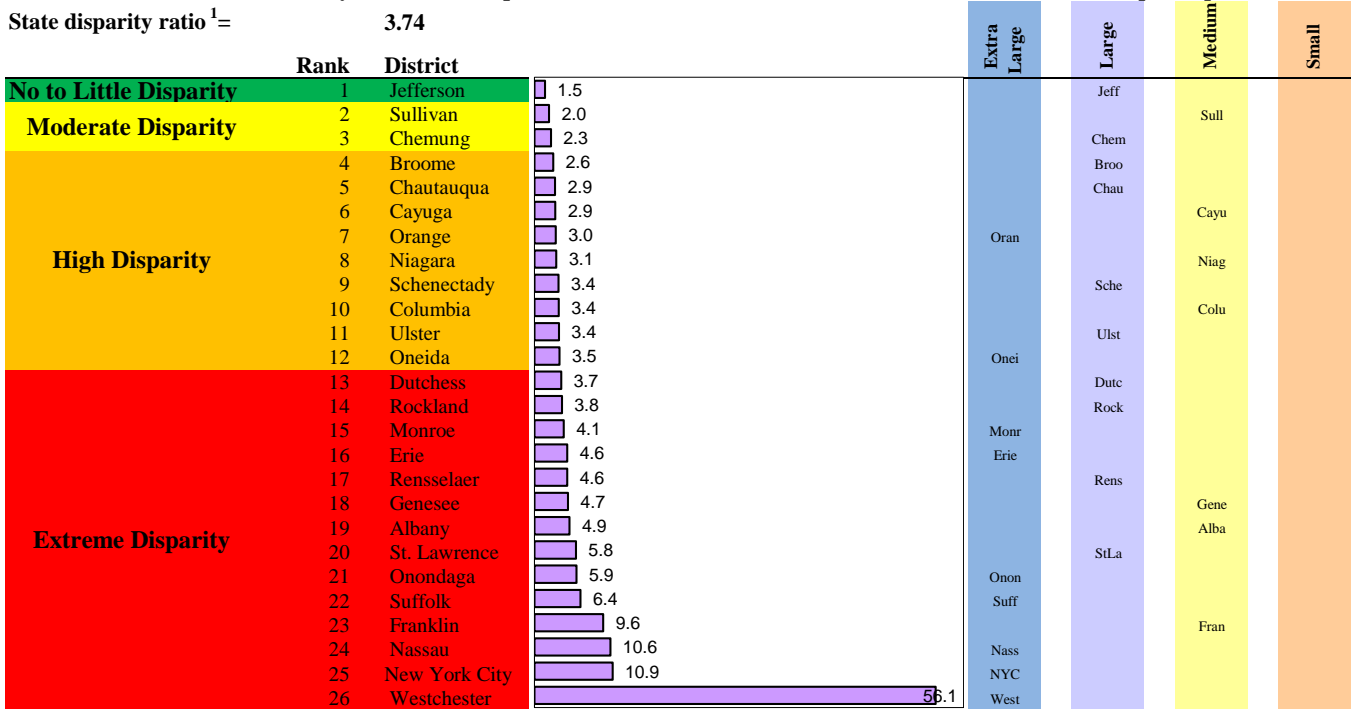

**Black Disparity Rate: Unique Children in Admitted CY 2019**

Disparity index is ratio of rate of unique black children in admitted per 1000 black children under 18 in county relative to comparable rate for white children

State disparity ratio <sup>1</sup>=

3.74

**Size Group Comparison**

Note: Certain counties were excluded from the above table due to the following reasons: (1) counties with less than 50 black children under 18 years; and (2) counties with less than 6 black children with SCR reports. The following types of changes should be interpreted with extreme caution: (a) for small counties, particularly when the number of children in a particular category is small, sharp changes in disparity rates; and, (b) when disparity rate is available in one year and NOT for another, it indicates that the rate for the year where available was calculated on a small number, although above the requisite threshold.

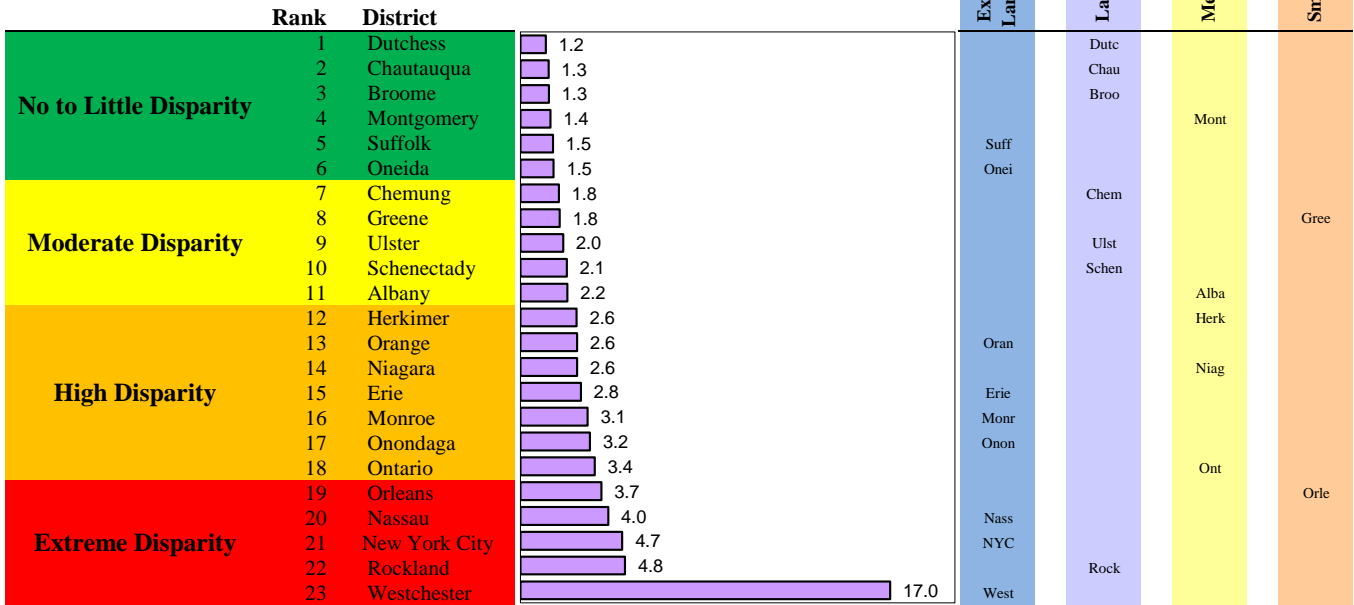

<sup>1</sup> State disparity ratio is estimated using the total state numbers and the total includes numbers from counties not reported.

Prepared by the OCFS Bureau of Research, Evaluation and Performance Analytics.

**Hispanic Disparity Rate: Unique Children in Admitted CY 2019**

Disparity index is ratio of rate of unique hispanic children in SCR reports per 1000 hispanic children under 18 in county relative to comparable rate for white children

State disparity ratio <sup>1</sup>= **1.49**

Note: Certain counties were excluded from the above table due to the following reasons: (1) counties with less than 50 hispanic children under 18 years; and (2) counties with less than 6 hispanic children with SCR reports. The following types of changes should be interpreted with extreme caution: (a) for small counties, particularly when the number of children in a particular category is small, sharp changes in disparity rates; and, (b) when disparity rate is available in one year and NOT for another, it indicates that the rate for the year where available was calculated on a small number, although above the requisite threshold.

<sup>1</sup> State disparity ratio is estimated using the total state numbers and the total includes numbers from counties not reported.

Prepared by the OCFS Bureau of Research, Evaluation and Performance Analytics.

**Native American Disparity Rate: Unique Children Admitted in CY 2019**

**Disparity index is ratio of rate of unique Native American children admitted per 1000 Native American children under 18 in county relative to comparable rate for white children**

State disparity ratio <sup>1</sup>= **2.67**

	Rank	District		Extra Large	Large	Medium	Small
<b>Extreme Disparity</b>	1	Onondaga	4.5	Onon			

Note: Certain counties were excluded from the above table due to the following reasons: (1) counties with less than 50 Native American children under 18 years; and (2) counties with less than 6 Native American children with SCR reports. The following types of changes should be interpreted with extreme caution: (a) for small counties, particularly when the number of children in a particular category is small, sharp changes in disparity rates; and, (b) when disparity rate is available in one year and NOT for another, it indicates that the rate for the year where available was calculated on a small number, although above the requisite threshold.
